## MEN FROM CELTIC EN ROUTE HOME

Do Not Compose Distinct Unit and Will Not Parade.

The soldiers whose names are given below arrived at Halifax on the Celtic on the 18th, and were immediately despatched by special trains to this district. These men do not compose a distinct unit, and will therefore not march from the train as a unit. Toronto men will be detained at Exhibition camp, and the Hamilton men will go direct to the Hamilton dispensary area. The hour of their arrival will be published later.

Friends and families wishing to meet the returning soldiers are requested to go to the Transportation Building, where a reception will be arranged. The Transportation Building is the only place where they can meet the returning soldiers.

The public are asked not to try and gain admission to the platform, as it will only hinder the officials in performing their duties.

## VERDICT OF GUILTY IN MATRIMONY FRAUD

Ethel Vannoy of Engagement Fame is Held for Sentence.

In the general sessions yesterday, Ethel Vannoy was found guilty, by the jury, of obtaining money by false pretences, and was remanded in custody until the end of the sessions for sentence.

The prisoner appeared before Judge Coatsworth, charged with obtaining \$1,600 from John H. Russell, and \$765 from George Shaw, by false pretences.

Russell, who is a carpenter, employed at the Union station, testified that he had replied to a matrimonial advertisement, and met the defendant by appointment outside a theatre. Subsequently on various pretexts, she had borrowed money, and later told him her name was Mrs. W. O. MacDonald, and that her husband was a killed overseas, was one of two adopted sons of William MacDonald, the tobacco manufacturer of Montreal; and that under a will made on Sept. 25, 1915, she was entitled to a fortune consisting of \$600,000 in cash, and \$200,000 Bethlehem Steel stock. They became engaged, and he advanced more money to defray expenses in connection with the probate of the will.

George Shaw, another witness, had met Mrs. Vannoy thru the same advertisement, and he had taken her to dances and advanced various sums. He also had been engaged to her, but later, when visiting the defendant in a patient's hospital, where she was a patient, had met a man there named Vannoy, who she told him, was her husband.

Detective Mulholland, who arrested Mrs. Vannoy in Montreal, testified that she had admitted that she lived with Vannoy, and that her maiden name was Sproule.

An engagement ring which cost Russell \$275, is to be returned to him.

HAS ISSUED WRIT.

J. J. Axler has issued a writ against the London Iron Metal Company for \$1,114, alleged due for goods sold and delivered to defendants.

## HONORABLY ACQUITTED; HARRY CODD EXONERATED

A charge of receiving stolen money which was laid some weeks ago against Harry Codd, bookkeeper for Tomenson, Forwood & Co., stock brokers, was withdrawn in police court yesterday. Charges against Mr. Tomenson and Mr. Brown, manager, which returned "no bill" in each case, of the firm, collapsed a few days ago when they reached the grand jury. The charges arose out of losses made by an army paymaster now serving a sentence.

At no time was the slightest evidence of wrongdoing of any kind produced against Mr. Codd, and the withdrawal now of the charge follows a most exhaustive investigation on the part of the crown and militia department officers of all the transactions involved.

CHARGED WITH THEFT OF TWO MOTOR TIRES

While Detectives Young and Levitt were walking a prisoner along Richmond street to the City Hall, they noticed Frank Hyland, of 6 Calendar street, hustling along the street with two large motor tires over his shoulder. Young walked over to him and, not satisfied with the explanation given him by Hyland as to where he got the tires, Young arrested him.

At headquarters it was learned that Hyland had broken into the Standard Garage, 109 Richmond street, and stolen the tires. Hyland was detained on a charge of theft.

Among the prisoners taken by the detectives to the central office was Alex C. Mason, wanted in Toronto on a charge of burglary. Mason is alleged to have broken into a jewelry store at Trenton and then stole ten gold watches valued at \$200. He will be held in custody until the chief of police from Trenton arrives to take the prisoner back for trial.

EN FETE FOR C. M. R.

West Toronto G. W. V. A. is en fete for the 4th C. M. R. and will welcome all men of returning home battalions.

The West Presbyterian Young People's Society held their annual St. Patrick's party. Messrs. Mantle and Cottenden entertained with their own made sketch called "Brigit O'Plat-tery." Thos. Ryder's Irish orchestra attended. Green refreshments were also on the program.

## Heliconian Club Celebrate St. Patrick's With Masquerade

Members of the Heliconian Club held their annual St. Patrick's Day celebration last night at their rooms, 801 Yonge street, the festival taking the shape of a masquerade. A number of interesting costumes were noted among the dominoes. Mrs. E. J. Elliot was master of ceremonies, and called on the company by number to perform certain "stunts," which resulted in an interesting program of songs, speeches and dances. The supper table was decorated with green flags and shamrocks. The most interesting part of the evening was the view which those present had of the grand spectacle of the C. M. R. Battalion as they marched past the club quarters.

A resolution of the Heliconian Club, seconded by the Heliconian Club, was adopted. The summer conference at Niagara Falls.

## Canadian Candy is wholesome It produces real energy

ALL through the war the highest medical and food authorities were insistent in their recommendations to give the soldiers candy.

In Military Hospitals and Convalescent Homes candy was allowed to seriously wounded patients whose condition called for constant nourishment in a light, nutritious, easily-digested form.

As the war progressed, the demand for candy grew to enormous proportions. Soldiers and sailors alike found by experience that candy produced real energy, while stimulants gave only deceptive temporary strength.

This war experience is supported by scientific opinion, and some misconceptions are set right in the following extract from the *Canada Lancet*:

"Candy and Chocolate are nutritious, stimulating foods. There is not the least scientific foundation for the opinion that eating candy is injurious to the teeth. The lack of sugar is much more likely to injure the teeth through impaired nutrition than even its excessive use is liable to do by any digestive troubles which might result from overuse.

"In like manner there is little foundation for the common opinion that the consumption of candy causes digestive troubles."

Candy brings sunshine into the lives of children. Children are fond of candy because their bodies require fuel which candy best produces. Not only eat it yourself, but encourage your children to eat candy in rational quantities.

Candy is a Splendid Food.
