CHURCHILL HEARS NO WORD OF KILLING OF WOUNDED

Natal Government Greatly Surprised at Extraordinary Telegrams of Ill-Treatment.

London, July 18.—Under Colonial Secretary Churchill imparted to the house of commons this afternoon the official reply to the government's inquiry in the alleged atrocities perpetrated on the wounded Zulus in Natal during the operations against the rebel chief, Bambata.

According to a telegram from the governor of Natal 3000 natives were killed throughout the operations and 2000 were made prisoners, including the wounded. The Natal government had no information about wounded natives being killed by the native forces.

The telegram confirmed the official version of Bambata's head being cut off for identification, owing to the decomposition of the rest of the body and of its being subsequently buried with the latter.

In reply to further questions asking what steps the government proposed to take in view of the practical admission of the charges in connection with the treatment of wounded Zulus, Premier Campbell-Bannerman said there was no disposition either to excuse or to admit such practices.

The Natal government had no knowledge of the killing of wounded natives and was greatly surprised at the extraordinary telegrams sent out from Johannesburg, imputing a wholesale massacre or ill-treatment of the native wounded.

COPIING 1,800,000 NAMES.

Their Policyholders and Their Votes Are Wanted for Reform.

Albany, N.Y., July 18.—Upwards of two hundred men and women to-day began the giant task of copying the names of the 1,800,000 policyholders of the New York State Mutual Insurance Company, in the interest of the international policyholders' committee, which is endeavoring to secure the election of a reformer to the state legislature.

The list contains names from practically every part of the world. New York State, leading with about 110,000, and the Canadian islands bringing up the rear with a representation of five policyholders.

Samuel M. Meyer, counsel for the international policyholders' committee, to-day sent to Otto Kelsey, United States representative at Albany, a telegram, protesting against the filing of any certificate of the nomination of the list.
