**DUFFERIN SCHOOL OLD BOYS**

Eighth Annual Meeting of the Ass'n.  
—Jos. Thompson, President.

A large body of enthusiastic members of Dufferin School Old Boys' Association attended the eighth annual meeting last night. President W. J. Darby was in the chair.

The secretary, J. W. Barry, read his annual report, which showed a credit balance of \$124, and everything in good shape.

Lady Dufferin of Clonaboy, Ireland, sent her warmest greetings and good wishes to the association thru Mr. Barry, who recently visited Ireland and was the guest of her ladyship. This message was heartily cheered.

The elections for 1907 were then held and resulted as follows: Honorary patron, the Marquis of Dufferin and Ava; honorary president, R. W. Don; president, Jos E. Thompson, commissioner of industries; first vice-president, Theo. E. World; second vice-president, Allan Williams; third vice-president, Wm. Robinson; secretary, J. W. Barry; treasurer, C. Milton Howell; and other officers and representatives committee.

The eighth annual banquet and reunion will be held at the St. Charles Cafe on Feb. 15 next. An excellent program is being arranged and includes some of Toronto's best comedians and vocalists.

**Coming to Canada.**  
London, Jan. 11.—(C. A. P.)—One hundred and fifty men of the Glamorgan and Manchester Regiment left Liverpool today for Canada.

**"GUINEA GOLD VALUE"**

After stock-taking

**NECKWEAR REDUCTIONS**

It's not an uncommon thing for us to sell a gentleman from a half to a full round dozen of neckwear at say from one to two dollars each.

We're just as careful in our selections though to please the man who can have but one at a time—and a half dollar one at that.

Special mention for special after stock-taking values in fine four-handkerchiefs at

75c and \$1.00.

Shirts to order.

Store closes Saturdays at one o'clock January and February.

**Score's**  
77 King St. West.

**YORK COUNTY AND SUBURBS**

**EAST YORK CONSERVATIVES HOLD ANNUAL CONVENTION**

Objection Taken to Some Phases of the Educational Act—Dr. Walters Elected President.

East Toronto, Jan. 11. The annual meeting of the East York Conservative Association in Society Hall this afternoon was one of the most successful in years, the attendance being large and enthusiasm unabated. Of the legislation enacted during the last session the education bill, and the act respecting the inspection and registration of horses came in for some adverse criticism, but the course of the government generally was heartily endorsed.

The officers were elected: President, Dr. Walters, East Toronto; first vice-president, H. A. Nicholls, Richmond Hill; second vice-president, Henry Duncan, York; secretary-treasurer, Robt. Paterson, Coleman; representative to the Ontario Liberal-Conservative Association, Adam Hood, East Toronto.

Dr. Walters briefly returned thanks for the honor conferred on him, and urged the necessity of getting on the order if East York was to be retained. H. A. Nicholls and Robt. Paterson expressed appreciation of the trust reposed in them.

Alex. McCowan, M.L.A., for the riding, met with a rousing reception. He declared that the Whitney government might fairly claim credit for much useful legislation passed during their tenure of office. Ex-Warden Baird took exception to the education measure enlarging the powers of the inspectors, and by statute, fixing the salaries of the teachers. This course of action on the part of the government Mr. Baird regarded as arbitrary, and contrary to the principles of British freedom.

Henry Duncan endorsed the stand taken by Mr. Baird. "We never did respect the inspectors," said Mr. Duncan, "and the government have made them our 'bosses.' A democratic people, the farming community will resist such high-handed action."

J. W. Moyes reviewed briefly the history of the Conservative party in East York, and asked those present to spare no effort to strengthen their position. Liberals everywhere were active, and the leaders in the provincial arena were discreditable. Some government would do everything possible to rehabilitate the party. The action of the Whitney government along the line of inspection and registration was a laudable effort to improve existing conditions.

Another matter, and one which he wanted to see remedied was the system of patronage in vogue. The plan of appointing well-known Liberal sympathizers as lecturers on farm topics was wrong, and, with a view to remedying this the names of four Conservatives were submitted.

Alex. Baird did not want the idea to go abroad that Conservatives were after the leaves and not the tree.

W. H. Pugsley endorsed Mr. Baird's attitude, and in deference to the wish of the meeting Mr. Moyes withdrew his nominations, with maintaining the principle of it, which the meeting endorsed.

Mayor Fisher (North Toronto), T. W. Underwood, Alfred Mason and Thos. Williamson spoke briefly, the latter pointing out that with the enormous development in the cattle trade of the Dominion, the quality of the animals offered on the Toronto market was steadily growing worse. The importance of the horse industry was great, the cattle trade demanded the most earnest consideration of the government.

A resolution of sympathy with the widow of the late Thomas Hood, past president of the association, was adopted. Markham Village was chosen as the next place of meeting. A decision reached from W. F. Jackson, M.P., during the progress of the meeting, was read, regretting his inability to be present, and stating that important legislative duties in Ottawa prevented his attendance. Cheers for the King and Hon. Mr. Whitney brought the meeting to a close.

**Davisville.**  
Rev. Dr. Galbraith will preach in the Methodist church, Davisville, on Sunday to young men morning and evening.

**Kleinburg.**  
Jos. Watkins, Wm. Miller, D. Boyce, Jos. Ryder, B. Gunn and L. Green have been sworn in as special constables to guard the residences here quarantined for smallpox. A strict guard is being maintained day and night.

The public school was reopened this week. The building was thoroughly disinfected by J. O'Connor, health inspector for Township of Vaughan.

Wm. Martin has removed to Toronto.

The auction sale of farm stock held at S. Burkett's was well attended and prices fair.

The Ladies' Institute held their regular monthly meeting Thursday afternoon at the residence of Mrs. J. Brown.

Mrs. Boyce's is the only house here quarantined for scarlet fever. It is thought that the disease has been checked, and no further outbreaks are expected.

The Bell Telephone gang of men are at present engaged in the town installing a few more phones.

**East Toronto.**  
East Toronto, Jan. 11.—One of the saddest deaths recorded in this locality for some time took place this afternoon, when William J. Nimmo, son of R. Nimmo, J.P., died. He was a general favorite in the town. He was postmaster at Coleman P.O., but was perhaps best known among the football fraternity, having been secretary-treasurer of the champion Little York Football Club since its inception some ten years ago. He also was one of the best half-backs on the team until ill-health interfered with his playing. He was an active Forester, last year being chief of Court York I.O.F., a prominent member of the East Toronto fire brigade, and, until recently, an active courier in the Aberdeen Club. He was a member of Emmanuel's Presbyterian Church choir. His mother, father and three sisters survive him, and have the deepest sympathy of the community. The funeral will take place from the family residence on Monday at 2:30; burial at Norway Cemetery. The members of Court York No. 120 are requested to meet at the lodge rooms at 8:45 p.m. to proceed in a body to the house.

**North Toronto.**  
It seems that the school board on Thursday night intended to consider certain charges against Principal Moore, which he forestalled by resigning. Collecting no evidence was taken. Some ratepayers, however, consider that Inspector Fotheringham, if he has the welfare of his inspectors at heart, will make a thorough enquiry of his own.

The newly-elected town council will meet Monday evening. There is considerable speculation amongst the members as to the chairmanship of the different committees, and caucuses are being held to further the interests of certain parties.

A concert will be given in the town hall Thursday evening, under the auspices of Eglington Lodge, L.O.L., No. 288. The entertainers will be Miss Alice Edwards, Miss Grace McKenzie, the Crescent Male Quartet, and Robert Wilson. The proceeds will go to the Orange Hall building fund.

Miss Cowling, the newly-engaged teacher for the extra room in the Eglington School, assumed her duties yesterday morning, but instead of taking charge of her own room she had to assume the duties of Principal Moore. Monday evening a hockey match will be played on the Davisville rink between the Davisville and North Toronto clubs.

Miss Stokes and Mrs. Pile of Brooklin, Ont., visited Mr. and Mrs. Coon of Yonge-street and Eglington-avenue.

The inaugural meeting of the York Township Council will be held Monday at the council chamber, Toronto.

The first hockey league match was played between the Deer Park and Davisville teams on Thursday evening at Deer Park, the result being 12 to 2 in favor of Deer Park.

At 10 o'clock this forenoon a hockey match will be played on the Davisville rink between the teams of the Deer Park Public School and the Davisville School.

**Toronto Junction.**  
Toronto Junction, Jan. 11.—At a meeting of the Society of St. Vincent de Paul recently held in St. Cecilia's Church, the following officers were elected: President, A. J. Heydon; vice-president, T. J. Smyth; secretary, Harry Royal; treasurer, J. S. Woods.

**Thistletown.**  
The Albion Town of Thistletown is under quarantine. M. Soper is reported to have the smallpox.

**Weston.**  
The official count of the ballots cast in connection with the local option bylaw was held by Town Clerk Taylor. His reports were 227 votes for local option and 148 against. This gives a 2/3 majority over the 60 per cent. in favor of local option. The

**Bad Stomach Makes Bad Blood.**

You can not make sweet butter in a foul, unclear blood. The stomach serves as a churn to agitate, work up and distribute the food as it is being digested. If it is weak, sluggish and foul the result will be torpid, sluggish liver and bad impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve as correct and cure all such derangements of the stomach and liver, and the various forms of indigestion, chronic constipation, stimulating the secretory and excretory functions of the intestinal glands.

In dyspepsia it serves an excellent purpose. It is one of the best manufactured products of the present time in its action upon embittered, disordered stomachs, especially if there is irritation or catarrhal inflammation of the stomach. It is a most efficient preparation. Glycerine alcohol and excessive but in certain cases of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands.

When combined, in just the right proportions, with Golden Syrup, Stone root, Black Cherry bark, Queen's root, Blood-root and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficacy in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such cases of such eminent medical leaders as Prof. R. Bartholow, M.D., of Jefferson Medical College, Chicago; Prof. Robert A. Jara, M.D., of Medical Department, University of Chicago; Prof. John M. Scott, M.D., and Prof. John King, M.D., Authors of the American Dispensatory, and scores of other among the leading medical men of our land. Who can doubt the curative virtues of a medicine the ingredients of which have such a professional endorsement?

Constipation cured by Doctor Pierce's Pleasant Peppets. One or two a dose.

**WORN OUT AMERICAN BULKERS GIVEN UNFAIR ADVANTAGE**

President of Collingwood Board of Trade Points Out Injustice Done to Canadian Vesselmen.

Collingwood, Jan. 11.—(Special.)—President Paton of the Collingwood Board of Trade, in his annual address to that body, refers to many facts showing the fast growing importance of the town. Among other things he points out that the time has arrived when the Northern Navigation Co. should be asked to place a line of steamers between Collingwood and Lake Superior ports. The shipyards are now the town's biggest industry, and a successful year is recorded, "but," says Mr. Paton, "it would appear at the moment that it is placed at a serious disadvantage by reason of the fact that it is subjected to the free competition of British built ships that are constructed by skilled shore labor, which is the largest item in the construction of a ship, is very much cheaper than in this country, and in view of this circumstance which apparently cannot be avoided, it would seem but fair and just that this very important infant industry should receive a reasonable measure of assistance at the hands of the government in the form of a compensating bounty until such times as steel plates and other material used in the construction of ships are produced in this country, where we have the raw material in abundance."

A glaring abuse calling for immediate attention, the report declares to be the bringing in to this country of worn-out American hulks of obsolete type and ages that antedate most of the men of this generation, entering them at nominal valuations that reduce the duty to a bagatelle, giving them a rebid consisting chiefly in a change of name, insuring them for probably several times their actual cost, hanging a Canadian flag over their sterns and putting them into commission to endanger the lives of their crews and compete in the trade with those who have invested large capital in a legitimate way in steel ships.

"I have never heard that our American friends grant us reciprocity in this sort of business, and it is a shame and a disgrace that our marine should be made a graveyard for these relics of a time across the line, when they get their lives insured and pass away in the course of a short time from one cause or another," says Mr. Paton. "There must be something radically wrong with the inspection law when it would appear to be so comprehensive as to cover his mode of approval on about anything that hasn't actually gone down."

The erection of a modern grain elevator is suggested as worthy of earnest effort.

Collingwood is by existing lines within about twenty miles being equal to the short routes from Georgian Bay to the seaboard and on a line minimum grade, while as a point for the distribution of grain for consumption in Ontario, its location and railway facilities make it second to no other port.

**Scarboro.**  
The annual meeting of the Scarborough Township Agricultural Society, held last night at the Half Way House, resulted in the election of the following officers: President, J. Ashbridge; first vice-president, F. Heron; second vice-president, A. Paterson; directors, W. W. Thompson, George C. Chester, W. Dolberry, T. Britton, W. Green, E. Mason, C. Mason, W. W. Walton and F. Law. Robert McCowan, who has contended on the board for 21 years as a director, was elected hon. president. Auditors, John Hall and W. Chester. The report of Secretary, Robert McCowan showed a substantial surplus, Sept. 25 was fixed as the date of the next fall fair.

**SIMPSON COMPANY, LIMITED**

Leather's "Sky-High"

HAVE you had any occasion to note the steady rise in the price of leather since the opening of the great Russo-Japan war? Have you any business with leather at all? Whether you have or not, the fact is that leather is "sky-high" and still searing. You need no further proof than is witnessed by the scramble of the generality of shoe manufacturers to cheapen the cost of their production and to raise their selling prices.

**VICTOR PRICE REMAINS THE SAME. VICTOR QUALITY IS STANDARD.**

This store takes up any extra burden due to the increased cost of leather. Victor Shoes are sold at \$3.50 per pair and always have been. But they have always been worth more than any other \$3.50 shoes, and are still more so now that other shoes are cheapened. For sale at this store only. Ask to see style H, the winter Victor.
