DENIED ADMISSION TO THE OPERA.

Harsh Critt-cism-Suit Will Follow-General News From Hamilton.

Hamilton, May 13.—(Special.)—Frank Passmore, dramatic critic of The Herald, hotwithstanding the fact that he was noticed yesterday that he would not be admitted in future to the Grand Opera House, bought a ticket for the Anna Held performance there and gained admittance to the Inside vestibule. There Manager Stair and He resisted slightly, but finally accepted the price of the ticket and was escorted to the door. The reason given by Manager Stair for refusing to admit Passmore is that this newspaper man has "wilfully misrepresented the Manhattan Comedy Company." The haffair caused a mild sensation at the theatre, the lobby being crowded.

Mr. Passmore has instructed Mess.rs. Carscallen & Cahill to sue for \$5000 and lo apply to the judge to-morrow for an long of the sum paid for the ticket being refunded.

THE STARS AND STRIPES.

Morro the Point Attacked.

Morro battery, on the eastward arm of the harbor, was the principal point of attack. Rear Admiral Sampson and Capt. Evans were on the lower bridge of the Iowa and had a narrow escape from splinters, which injured three men. The Iowa was hit eight times, but the shells made no impression on her armor. The weather was fine, but the heavy shells made accurate aim difficult. The broadsides from the Iowa and Indiana rumbled in the hills ashore for five minutes after they were delivered. Clouds of dust showed where they struck, but the smoke hung over everything. The shells screeching over head and dropping around were the only signs that the Spaniards still stuck to their guns.

GUSSIE EXPEDITION FAILED.

Met by a Fusilade From/

Spanish soldiers.

Key West, Fla, May 13.—Information reached here this morning of the attempt to land on Cuban soil of the cargo of arms and ammunition taken over by the steamer Gussie on Wednesday night. The Gussie came from Tampa with 7000 rifles and a large quantity of ammunition, clothing and provisions for the Cuban insurgents. The expedition was in charge of Capt. J. H. Dorst of the United States cavairy, who recently landed a similar one from the Leyden after an engagement with the Spanish troops on shore. With him were about 100 members of the First Infantry of the regular army and 10 Cuban scouts.

Arrangements had been made to have a body of insurgents meet the Gussie at Cabanas to receive the expedition and carry it to the insurgent troops. When the Gussie reached Cabanas yesterday, however, there was no one there to meet her but a body of Spanish soldiers, who opened fire from the shore. The auxillary gunboats wasp and Manning had met the Gussie on

the way over and acted as escort. They returned the fire of the Spanish troops, and are said to have killed many, though this, of course, is largely conjectural. Under the protection of the gunboats, the scouts and a detail of soldiers, a landing was made, but they were driven back by the Spanish troops, who maintained a vigorous attack. One of the American party was shot in the arm, but none of the others were injured. The Gussle eventually abandoned any attempt to land her cargo, and at last accounts was still cruising along the coast, awaiting a favorable chance to do so.
