Annual Meeting of the American Association Held in Shaftesbury Hall Yesterday.

MPORTATION FEES REDUCTION

Hon. John Dryden Re-Elected Prestdent of the Largest Live Stock

"Great are the Shropshire, the kings of all sheep;" at least this was the opinion of all the members of the "American Shrop-shire Association" that held its annual meeting for the first time in Canada, in ury Hall yesterday.

The attendance was very good, and members of the association from all parts of America were there. This association is the largest live stock association in the world, and to an onlooker at their meeting the reasons readily suggest themselves.

They are: 1. The capacity of their officers: 2. The unanimity of all. President's Address.

President's Address.

The chair was taken by the president, Hon. John Dryden, Minister of Agriculture, at 10.30 a.m.

He said the association was organized in 1884 on a very small beginning. Only seven were present at the first meeting. It was organized under the laws of Indiana, and the promoters little dreamt to what an extent the organization was to grow. This was the largest live stock association anywhere.

He gave reasons for the success of the association, among others, the robustness of the sheep, the harmony among the members, and the fair dealing toward all. The speaker advised all present to go up to the greatest Exhibition on the continent.

The secretary-treasurer, Mortimer Levering, Lafayette, Ind., read the minutes of the last meeting, which was held at Omaha. It had been the policy of the association to have their meeting at the time of a large show, which enabled them to see sheep and disc to take advantage of cneap fares.

The report for the last year was read, but as the end of the fiscal year was not till sept. 30, only a partial report was given. Every year showed an advance over the previous one. In 1893 the sheep business in the States went down, but even then the association kept ahead. Since last meeting 102 memberships were issued, and although 169 was the number last year, they expected to do better.

The certificates of registry issued were 29,200; pedigrees from Aug. 30, 1898, to Aug. 30, 1899, 12,117; the number of transfers 2444. A published report will be sent to members at the end of the fiscal year.

Important Business.

Several communications were read and left to the consideration of the executive.

Mr. Charles Reinholt, Tiffin, Ohlo, was suspended for having sold an animal without furnishing the register.

It was moved and carried that after Jan. 1, 1900, the fees on imported sheep be reduced from \$1 to 50c.

Officers Elected.

duced from \$1 to 50c.

Officers Elected.

The following officers were elected: President, Hon. John Dryden, Toronto; /1st Vice-President, Prof. W. C. Lotta, Lafayette, Ind.; Secretary-Treasurer, Mr. Mortimer Levering, Lafayette, Ind.

Vice-Presidents: British Columbia, E A Kipp; Manitoba, J A S Macmillan; N.W.T.,

Committee on Pedigrees: E G Post, Ohio: W J Boynton, Minnesota: John Les-siter, Michigan: J N Greenshilds bec; Robert Miller, Brougham, Ont.; Marion Williams, Indiana. The meeting adjourned at 1 p.m. to assemble at the call of the Executive.
