posal Plant Found in a Junction Vault.

IT WAS MADE SEVERAL YEARS AGO

Against Mrs. Caven\_R. B.

Toronto Junction, Sept. 5.—The report of Kivas Tully, C.E., dealing with the sewage disposal problem of the town, was discovered by Town Clerk Conron this morning. This report was made several years ago, and repeated searches in the town vault failed to locate it until this morning. The report recommends for Toronto Junction a system of sewage disposal similar to most recommends for Toronto Junction a system of sewage disposal similar to most inland towns, and so successfully carried out in English and Scotch cities. Toronto Junction appears to be most favorably situated for a system of septic tanks and bacteria beds, the sandy soil being just what is needed. The report will be forthcoming at the special meeting of Council to deal with the sewage troublem for the southern portion of the town.

M. A. Chrysler, B.A., is spending a few days in town, prior to his departure for Chicago, where he will take a post graduate course at the university. A farewell social was tendered him in Annette-street Methodist Church tonight, at which a well prepared program was rendered.

Rev. W. J. Pady, pastor of the Baptist Church, is expected home from his seven weeks' vacation at Regina and Brandon to-night.

Mrs. Caven of Davenport-road appeared before Police Magistrate Ellis this morning, charged by Detective Rose of only carpidot and seven was perfected to be often so laid up as to be unable to do my work.

"A friend advised Dodd's Kidney Pills and commenced the treatment. I had only used part of the first tox when I was able to resume my work.

"I used altogether seven boxes, and I can say that I was completely cured. and as this was over four years ago. and the trouble has not returned in any form, I feel safe in saying that my cure was perfect and permanent.

"I believe Dodd's Kidney Pills saved me from death. They are certainly worth their weight in gold to a sick man."

What has done so much for Mr. Keane and many others is certainly worth a trial by those who may be suffering from Kidney Disease or any of its consequences.

and Dunnett thought the resolution was only reasonable, and entailed no hard-

Brandon to-night.

Mrs. Caven of Davenport-road appeared before Police Magistrate Ellis this morning, charged by Detective Rose of the Medical Association with a breach of the Medical Association with a breach of the Medical Act in prescribing and doing work contrary to law. The case was adjourned until Sept. 9, at 10 a.m. Mr. Robinette appears for Mrs. Caven. R. B. Page, B.A., late of the Toronto Junction Collegiate Institute, has accepted a position in the Collegiate Institute, has accepted a position in the Collegiate Institute at St. Thomas. Later he intends attending the University of Columbia, where he has been awarded a year's scholarship.

Weston.

The banquet to the Weston Lacrosse Club, champions of the Junior City League, has been postponed until after the Toronto Exhibition.

The Weston Women's Institute will meet in Dufferin Hall on Tuesday, Sept. 16.

A special temperance service will beheld in the Methodist Church on Sunday, at which Rev. Mr. Moore will preach.

Norman and with the contents was partially insured.

D. C. Steele has purchased a fine imported stallion registered as Blue Buck. Vaughan Township Council will hold the regular meeting at Vellore on Tuesday, Sept. 16.

A special temperance service will beheld on Monday evening of the Methodist Church at Concord will be held on Monday evening next. Rev. W. J. Hunter will deliver a lecture during the evening on "Marriage—Before and After."

A CONTRACTOR CONFINED TO HIS BED WITH KIDNEY TROUBLE. Report of Engineer on Sewage Dis- He is Better Now and Writes an In-Recovery and How It Came

Toronto, Ont., Sept. 5.—(Special.)—
There are few men in the West End
of this city who are more widely and
more favorably known than Mr. W. J.
Keane, 86 Lippincott-street, who for
years has conducted a business as
builder and contractor.

Some five or six years ago Mr.
Keane was a very sick man. He had
Kidney Trouble, which developed until
he was absolutely unable to leave his

where he has been awarded a scholarship.

The fire brigade was called out Friday evening to a small blaze in Heintzman's planor factory. How the fire started is a mystery. It was discovered by the night watchman behind some heavy iron plates in the room there the iron frames are made. The loss will be about \$75.

The Temperanceville postoffice and store were destroyed by fire on Monday last. The building was owned by C. Norman and with the contents was partially insured.

The next meeting.

# Perfect Manhood

CURES are The TEST.

Health of body, strength of mind, steadiness of nerves are the best and most precious gifts man can lay upon the altar of his conjugal love. Restorine operates on the nerves which control the sexual system, and infuse into it, power and vigor. No such thing as failure in life, is possible in perfect manhood; it is the lack of vital force, and the depletion of sexual energies that makes failures of men. Restorine awakens a man to a sense of restored vitality and power. Why be weak when you can so easily become strong? Proofs are the test. Sworn testimonials sent to any one on receipt of name. Five Days' Trial Treatment sent absolutely free. Write To-Day. (11)

G. W. FLAACKE, Jr., Jersey City, N.J., Vice-President.
W. D. GUILBERT, Auditor, State of Ohio, Columbus, O.,
WM. HART, President Bay State Bank, Worcester, Mass.,

(Two Directors to be chosen from Subscribers to this issue.)

Mine La Motte Lead and Smelting Company owns 37,614 acres of ground located in Madison and St. Francois Counties, Southeastern Missouri. Of that total 13,544 acres are known to be heavily mineralized. Only 20 acres have been developed by underground workings, and about 67 acres by surface or shallow mining. The property is producing to-day under very limited operation more than \$150,000 a year. The present management has already contracted for machinery and improvements that will swell this annual output to at least \$500,000. Present shafts and drifts place in sight ore enough to tax all available machinery for centuries. Eliminating from the calculation all revenue from agricultural, timbering and miscellaneous sources, the property will earn a sum ample to pay 12 per cent. annually on the capitalization above noted. It can do that indefinitely and with new mills at Shafts No. 5 and No. 7 the income can be doubled.

## PRESENT WORKINGS

There are five shafts on the Mine La Motte Estate numbered 2, 4, 5, 6 and 7. Three of these, Nos. 2, 4 and 6, are now being worked, and any one could easily supply all ore required by the present mill.

Shaft No. 2 has a depth of 110 feet and is in first-class condition. Two levels or ore horizons are worked in this shaft, the upper level at a depth of about 60 feet. The lower level has an ore horizon of about 20 to 22 feet, in which the galena is found. The daily production of ore is 20 cars, averaging 5600 lbs. each. Shaft No. 4 has been recently overhauled and is in fine condition; it is 130 feet deep. Two levels are also worked from this shaft and the general character and quality of the ore is the same as found in Shaft

No. 2. The daily ore production is 12 cars. Shaft No 6 has a depth of 118 feet and differs somewhat in formation from Shafts Nos. 2 and 4 in that the ore is found principally in the vertical seams or fissures, the bedding planes and in pockets where it has collected in considerable masses. This shaft produces 9 cars of ore daily.

Shaft No. 5 is not being worked at present, but has the same general characteristics as Shafts Nos. 2 and 4 Shaft No. 7 has been but recently completed and no ore has yet been milied from it. It is 170 feet deep, and the drifts show a fine body of high-grade ore. This shaft is fully equipped with pump and cage hoist and is connected with the mill by tramwey. It is ready to begin producing ore at once.

The deep mining of the past 25 years can be looked upon as simply development work, for the are now in condition to produce almost any desired quantity of ore daily.

The pig-lead produced is one of the standards and known as "Anchor Brand."

## DIVIDEND PAYMENTS

Dividends will be declared quarterly. The present earnings warrant announcement of dividends at the January 15th, 1903. It will be the policy of the management to increase the dividend as rapidly as the added equipment increases the earnings of the Company.

We offer for sale a limited amount of the stock of this Company at \$7.50 per share. Price subject

to advance without notice.

possible to expect in this life, and that is by Powley's Liquified Ozone. By this means you increase the oxygen-carrying power of the blood, and restore the health conditions that are normal in the body. Powley's Liquified Ozone disinfects the tissues, destroys any germ life that may be producing or protracting this morbid weakness,

Mrs. Geo. Cookman

"On the 6th, August, 1901, I wrote to you about my son. If you remember, I told you about him having a running sore on his side, caused from pleurisy. I now write to tell you how much good the Ozone has done him. His side ran matter for over two years, and he was weak and miserable. The Ozone was the first thing that really helped him. About three months ago the matter changed to clear water, till about one month ago, when it dried up, and it seems to be quite healed up now. He is getting stronger and feels well, and he never looked as well in his life. He has taken six large bottles.

"I am recommending the Ozone to everyone I think it may help, and you can make use of this, if you wish. My son's name is Herbert Cookman. Yours very gratefully,

MRS. GEO. COOKMAN, Huntsville, Ont.

Miss Amelia Cartwright

"Over a year ago I was so reduced in flesh and blood that I looked like a corpse. I had been using medicines of various kinds, but could get no relief, till at last a friend advised me to try Powley's Liquified Ozone I have used about eighteen dollar bottles, and have regained my weight, and feel that my former vitality has returned.

"I am a strong believer in Ozone, as I find it does not in the least injure my system, but has proved a splendid blood-builder in my case.

"My trouble was uric acid of the blood, arising from disordered kidneys.

"I can strongly recommend Ozone to any sick person. Very respectfully yours,

MISS AMELIA CARTWRIGHT, 633 Spadina Ave., Toronto.

While your druggist does not prescribe, (he cannot legally) he can give you information

and then act on his advice.

regarding Powley's Liquified Ozone, and tell you about some of the remarkable cures it is effecting. Ask him about Ozone; ask him how it compares with other treatments and products,

50c. and \$1.00 a Bottle, at all Druggists. THE OZONE CO., of Toronto, Limited, Toronto and Chicago.

A chronic, morbid condition of any part of your body, indicates a weakness, or lack of vitality in the system, always the result of the absence of oxygen in the blood. It may be a running sore; it may be a nasty cough, a lame back, a debilitated system; all these signs point to a small oxygen supply, and what are you going to do about it? There's one way of supplying the lack of oxygen, one way that is as nearly infallible as it is

and eliminates the germ poisons from the body. It will recreate health in all its energy and vigor.
