VARSITY CONVENTION HALL
Over \$32,000 Has Been Received and It Is Now Assured.

The erection of a convention hall for Toronto University is now assured. The subscriptions received to date amount to \$32,274. The encouragement given by the graduates and friends of the University has been loyal. It is necessary that the sum of \$50,000 be raised, and the subscriptions received are on that understanding, and the committee are hopeful of soon completing the fund.

Of the necessity of such a convention hall there is no doubt. Since the destruction of the old hall by fire in the fall of 1899, there has been no accommodation of this kind, and for the indispensable exercises in connection with the University, the students and the faculty have been obliged to resort to the various halls of the city. The friends and families of the graduates, however, have been unable to participate in these exercises. The social side of Varsity life, as the reception of distinguished visitors, University sessions and lectures, meetings of students, reunions of graduates, commencement dinners and the like have been very much restricted in every way.

It is felt that the private enterprise might very well be asked to supply this requirement in assisting student life, and that the University might also result in consolidating the sum of the provincial University into a strong and united body. The undertaking also has a sentimental interest for graduates, who have been so far from home.

Members of the different faculties of the University of Toronto, 1902-1903, graduates, undergraduates and friends of the University, are invited to contribute to the fund.
