As we look back over the past year, we see the work steadily progressing. The attendance at our monthly meetings has been much increased, a consequence we hope of a greater interest in missions.

We have met as usual on the first Fridays of the month during the season. Our meetings are opened by devotional exercises and reading of the Scriptures. Not isolated passages or chapters, but a subject being chosen, it is traced through various books of the Bible at successive meetings. This year our subject is "The Four Judgments." After that we listen to papers about missions and letters from Missionaries. We have heard letters from Dr. McClure, Miss Dow and others. The papers read by different members of the Society, have been on Corea, Morocco, the Philippines, and many others. Every month we have a report from the executive by our representative, and are so kept in touch with the work of the whole Society; nor has the more practical work been forgotten. In March last we had a request from the Rev. Mr. Mathewson, for help in his work amongst the Crofters, who came out from the Highlands of Scotland a few years ago, and are very poor.

A most generous reply was given to our appeal, and a large quantity of clothing was received as well as money, amounting to thirty-seven dollars and seventy cents (\$37.70), which was used to buy blankets, boots, etc., and to pay freight; two large boxes were packed and sent off, and a letter of acknowledgment and thanks duly received. Again in October a letter was received from Dr. Robertson
