Governor Carter of the county jail today informed The Advertiser that the prisoner is in a very poor state of health, spending most of his time in hed, and that the local authorities are powerless to free Medland until the provincial parole board orders it.

Medland was refused admittance to the Ontario Hospital here, despite the fact that Dr. James Wilson, prison physician, recommended treatment for him in that institution. In his opinion the jail is no place for this unfortunate man, but to date no steps have been taken by the provincial authorities to have him removed from the Jail to a hospital for treatment:

'See America

THE BOWLET WE

First" This Summer

Now is the summer of summers to know your own land. Mountains and valleys as magnificent as the Alps-landscape as alluring as the world knows-lie before us here.

Years ago Goodrich began saying "See America First, and see it in your motor car". Goodrich cries it louder this summer of 1919. The scenery is the same; the roads are better.

As in previous years, it is a wise safeguard, when setting out on your motor tour, to equip your car with Silvertown Cord Tires.

You find their supple cable-cord body gives a special comfort in easy riding for long travel. And what means more to your trip, their durability and dependability eliminate tires from the load of invisible things your mind and car must carry.

Your best insurance against the trials of rough country roads is the tires with the Twin Red Diamonds on the sidewall. "See America First" on
