Filled and Use at Home,

Philadelphia, Pa.—Do you wear glasses?
Are you a victim of eye strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it; "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses."

It is believed that thousands who wear glasses can now discard them in a reason. It is believed that thousands who wear glasses can now discard them in a reson able time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses.
