

Few People Free from Stomach Trouble

Your Stomach Needs the Purifying, Restoring and Digestive Properties of

PSYCHINE

(PRONOUNCED SI-KEEN)

The most important work of the human organism is digestion. Without digestion, life would be impossible. Consequently the individual cells of the body are dependent on the work of digestion of food to replace these cells with new tissue. This function is that which is known as assimilation.

In order to have a remedy that will bring beneficial results to the stomach, you must have one that will not only purify the stomach, but also the blood and give nourishment to every part of the body.

Dr. Stearns' great tonic, Psychine (Si-Keen), will do this and where necessary

BOARD OF WORKS DOINGS.

Final Meeting Settles Some Things, But Side Step Others.

The board of works yesterday decided to recommend the purchase of two water lots at the foot of Waverley road and Kenilworth-avenue for \$1100. They are required to give access to the water front.

Deputations were on hand to protest against the erection of crematoriums in Ramsden Park and on Christie-street, and against the construction of a railway on Cottenham-street by T. R. Hall. The aldermen did not care to handle such questions at this period of the year, and they were allowed to stand over for next year's committee.

The city engineer's recommendation in favor of air brakes for the street railway system was favorably reported to council.

City Solicitor Caswell reported that the Blackford estate had dedicated Gore Park-avenue to the city and the deed had been registered. A water main was ordered on the street.

Comptroller Fleming reported in favor of abandoning the proposed extension of Catherine-street to Spadina-avenue, on account of the great cost, and the matter was allowed to stand.

The International Vanish Company were given a deed of 20 feet of land, 20 feet long on Carlaw-avenue.

J. A. Generous stated that he would remove the building encroaching on Vermont-avenue in the spring, and the engineer withdrew his request for an order to compel its removal.

The Brunswick-Balke-Callender Company was given permission to erect a siding on the west side of Pacific-avenue for its new factory, the consent of the railway commission was first obtained.

A smoke consumer was recommended for the high level pumping station, at a cost of \$350, conditional on its giving satisfaction.

The city engineer, assessment commissioner and city solicitor were asked to report on the proposed overhead bridge at Wallace-avenue, after conferring with the railway companies.

The 50 foot line between Roxborough-street and Macpherson-avenue was accepted as a public highway.

Ald. Crane's motion providing for a thorough inspection of the water services in the city, was referred to the board of council.

On the adoption of the engineer's report, Ald. Sheppard was called to the chair, and Dr. Noble, Ald. and Mr. Woods joined in complimenting Chairman Foster, who had not missed a meeting during the year.

The final report of the committee on works showed that the total expenditure for the year, including interest, was \$1,479,400.66, against \$1,215,444.16 for last year. The amount was made up as follows:

Local improvements \$18,827.12
Remaining roadways, streets and cleaning, watering, etc. 44,013.87
Waterworks 601,247.21
Private drains 2,499.64

CARNegie GIVE \$540,000.

Becomes Joint Founder With Benjamin Franklin of School.

New York, Dec. 16.—Announcement was made last night that Andrew Carnegie had given to the City of Boston the sum of \$540,000, and had become the joint founder with Benjamin Franklin of an institution for industrial training. The new enterprise is to be managed along the lines of the Cooper Institute in this city.

Benjamin Franklin, in his will, left to the City of Boston the sum of \$500,000, which was to be invested and kept intact for a century, at the end of which time it was to be used for the benefit of the apprentices of the city.

The board of selectmen and the trustees of three denominations were mentioned as trustees on whom the expenditure of this fund was to be made.

The amount was invested in real estate soon after the death of Franklin, which took place in 1790, and was found on termination of the trust that the fund had increased to \$520,000.

Ashore in a Snow Storm.

Hymnville, Mass., Dec. 16.—The three-masted British schooner "Ellis" and the brig, bound from Elizabethport, N.J., for Bridgetown, N.S., with a cargo of sugar, were ashore on the Bishop and Clerks ledge during the night in the heaviest snow storm.

The schooner was landed early to-day. The vessel is in a dangerous position.

Gas Man Leaves Millions.

Philadelphia, Dec. 16.—William L. Elkins, the street railway and gas operator and financier, who died in November, 1903, left an estate worth \$3,750,000, having disposed of figures cleared from the first account of the executors, whose fees amount to \$931,282.

Encouraged the Rioters.

Gomel, Russia, Dec. 16.—At the trial of the anti-Jewish rioters yesterday, witnesses gave testimony to the effect that the inactivity of the troops and police encouraged the rioters to proceed with the destruction of property of Jews.

Agrees With Weakest Stomach

Mrs. Beckstedt, Chesterville, Ont., writes of her Recovery from Catarrh of the Stomach

Some years ago I was greatly troubled with indigestion, which got so bad the doctor said it was Catarrh of the Stomach. I grew very weak and lost flesh, becoming thin and emaciated. I tried scores of Dyspepsia cures, and so called cure-alls, but failed to get relief. Psychine brought marked improvement and eventually cured me. Psychine is the only remedy that agreed with my stomach, which was very weak. It was just what I needed and to all similarly afflicted people I heartily recommend Psychine.

MRS. BECKSTEDT,

Chesterville, Ont.

PSYCHINE is pronounced SI-KEEN
For sale by all druggists at \$1 per bottle. For further advice, information or free trial bottle, write or call at Dr. T. A. Stearns, Limited, 179 King street west, Toronto, Canada.

TRIAL BOTTLE FREE

EVA BOOTH IN CHICAGO.
Over 3000 Scientists Hear Her in Auditorium Theatre.

Chicago, Dec. 16.—Miss Eva Booth, the new commander of the Salvation Army in America, at a ratification meeting at the Auditorium Theatre, outlining her future policy, in her new field, said:

"America's commercial questions, its industrial problems, and its educational needs have caused me to have a deep and sincere interest, but the ingathering of the people, the uplifting of the down-trodden, the feeding of its hungry and the sheltering of its outcasts, the leading of the guilty, will claim my life."

Over 3000 officers and soldiers of the Salvation Army applauded her sentiments.

Deputy Commander Geo. Kilbey, and wife, who have had a long association in South Africa, and who have been placed in command of the western district, were on the platform.

WILFRED SUMMONED HOME.
Pasadena, Cal., Dec. 16.—Sir Wilfrid Laurier, the Canadian premier, who has been summoned to Ottawa on political business, and Saturday will leave for the east.

For Blocking the Streets.
The Toronto Railway Company is to answer a charge of blocking the streets and Front streets, near the barn, with cars. The bylaw under which the company was summoned was passed some months ago, but which proved defective, has been amended.

Given \$5 Damages.
Justice Ilderton has awarded E. E. Shepard \$5 damages and county costs as a result of his suit against John A. Harkins for breach of contract. An accounting of profits was refused.

What Sulphur Does

For the Human Body in Health and Disease.

The mention of sulphur will recall to many of us the early days when our mothers and grandmothers gave us "blood purifier," tonic and cure-all, and mind you, this old-fashioned remedy was without merit.

The idea was good, but the remedy was crude and unpalatable, and a large quantity had to be taken to get any effect.

Nowadays we get all the beneficial effects of sulphur in a palatable and concentrated form, so that a single grain is far more effective than a tablespoonful of the crude sulphur.

In recent years, research and experiment have proven that the best sulphur for medicinal use is that obtained from Calcium (Calcium Sulphide) and sold in drug stores under the name of "Waters' Calcium Sulphur."

It is a small chocolate coated pellet and contains the active medicinal principle of sulphur in a highly concentrated, effective form.

Few people are aware of the value of this form of sulphur in restoring and maintaining bodily vigor and health; sulphur acts directly on the liver, and excretory organs and purifies and enriches the blood by the prompt elimination of waste material.

Our grandmothers knew this when they dosed us with sulphur and molasses every spring and fall, but the crudity and impurity of ordinary flowers of sulphur were often worse than the disease, and cannot compare with the modern concentrated preparations of sulphur, of which Waters' Calcium Sulphur is undoubtedly the best and most widely used.

They are the natural antidote for liver and kidney troubles and cure constipation and purify the blood in a way that often surprises patient and physician alike.

Dr. R. M. Wilkins while experimenting with sulphur remedies soon found that the sulphur from Calcium Sulphur was superior to any other form. He says: "For liver, kidney and blood troubles, especially when resulting from constipation or malaria, I have been surprised at the results obtained from Waters' Calcium Sulphur. In patients suffering from boils and pimples and even deep-seated carbuncles, I have repeatedly seen them disappear in four or five days, leaving the skin clear and smooth. Although Waters' Calcium Sulphur is a proprietary medicine, it is sold by druggists, and for that reason, is not so widely known as it should be. At any rate, people who are tired of pills, cathartics and so-called blood purifiers, will find in Waters' Calcium Sulphur, a far safer, more palatable and effective preparation."

BOARD OF WORKS DOINGS.

The aldermen did not care to handle such questions at this period of the year, and they were allowed to stand over for next year's committee.

The city engineer's recommendation in favor of air brakes for the street railway system was favorably reported to council.

City Solicitor Caswell reported that the Blackford estate had dedicated Gore Park-avenue to the city and the deed had been registered. A water main was ordered on the street.

Comptroller Fleming reported in favor of abandoning the proposed extension of Catherine-street to Spadina-avenue, on account of the great cost, and the matter was allowed to stand.

The International Vanish Company were given a deed of 20 feet of land, 20 feet long on Carlaw-avenue.

J. A. Generous stated that he would remove the building encroaching on Vermont-avenue in the spring, and the engineer withdrew his request for an order to compel its removal.

The Brunswick-Balke-Callender Company was given permission to erect a siding on the west side of Pacific-avenue for its new factory, the consent of the railway commission was first obtained.

A smoke consumer was recommended for the high level pumping station, at a cost of \$350, conditional on its giving satisfaction.

The city engineer, assessment commissioner and city solicitor were asked to report on the proposed overhead bridge at Wallace-avenue, after conferring with the railway companies.

The 50 foot line between Roxborough-street and Macpherson-avenue was accepted as a public highway.

Ald. Crane's motion providing for a thorough inspection of the water services in the city, was referred to the board of council.

On the adoption of the engineer's report, Ald. Sheppard was called to the chair, and Dr. Noble, Ald. and Mr. Woods joined in complimenting Chairman Foster, who had not missed a meeting during the year.

The final report of the committee on works showed that the total expenditure for the year, including interest, was \$1,479,400.66, against \$1,215,444.16 for last year. The amount was made up as follows:

Local improvements \$18,827.12
Remaining roadways, streets and cleaning, watering, etc. 44,013.87
Waterworks 601,247.21
Private drains 2,499.64

CARNegie GIVE \$540,000.

Becomes Joint Founder With Benjamin Franklin of School.

New York, Dec. 16.—Announcement was made last night that Andrew Carnegie had given to the City of Boston the sum of \$540,000, and had become the joint founder with Benjamin Franklin of an institution for industrial training. The new enterprise is to be managed along the lines of the Cooper Institute in this city.

Benjamin Franklin, in his will, left to the City of Boston the sum of \$500,000, which was to be invested and kept intact for a century, at the end of which time it was to be used for the benefit of the apprentices of the city.

The board of selectmen and the trustees of three denominations were mentioned as trustees on whom the expenditure of this fund was to be made.

The amount was invested in real estate soon after the death of Franklin, which took place in 1790, and was found on termination of the trust that the fund had increased to \$520,000.

Ashore in a Snow Storm.

Hymnville, Mass., Dec. 16.—The three-masted British schooner "Ellis" and the brig, bound from Elizabethport, N.J., for Bridgetown, N.S., with a cargo of sugar, were ashore on the Bishop and Clerks ledge during the night in the heaviest snow storm.

The schooner was landed early to-day. The vessel is in a dangerous position.

Gas Man Leaves Millions.

Philadelphia, Dec. 16.—William L. Elkins, the street railway and gas operator and financier, who died in November, 1903, left an estate worth \$3,750,000, having disposed of figures cleared from the first account of the executors, whose fees amount to \$931,282.

Encouraged the Rioters.

Gomel, Russia, Dec. 16.—At the trial of the anti-Jewish rioters yesterday, witnesses gave testimony to the effect that the inactivity of the troops and police encouraged the rioters to proceed with the destruction of property of Jews.

BOARD OF WORKS DOINGS.

Final Meeting Settles Some Things, But Side Step Others.

The board of works yesterday decided to recommend the purchase of two water lots at the foot of Waverley road and Kenilworth-avenue for \$1100. They are required to give access to the water front.

Deputations were on hand to protest against the erection of crematoriums in Ramsden Park and on Christie-street, and against the construction of a railway on Cottenham-street by T. R. Hall. The aldermen did not care to handle such questions at this period of the year, and they were allowed to stand over for next year's committee.

The city engineer's recommendation in favor of air brakes for the street railway system was favorably reported to council.

City Solicitor Caswell reported that the Blackford estate had dedicated Gore Park-avenue to the city and the deed had been registered. A water main was ordered on the street.
