WATER STORAGE AT MUSQUASH DOWN VERY LOW

Statements Made Following Switching to N. B. Power Co.

Rumors were current this morning that at the present time there was only two weeks' supply of water at Musquash, provided the plant there had to generate all the current supplied through the New Brunswick Electric Power Commission lines.

When enquiry was made at the office o fthe Commission this morning it was said that the rumors were somewhat exaggerated, but that in order to be on the safe side it had been decided to take some current from the New Brunswick Power Company. The Commission, it was said, were working on the assumption that this fall would be similar to that of 1923 when there was no rain to amount to anything until along in November.

Should there not be any rain until that time the commission would not have enough water in storage to supply the demand and it had been felt best to protect the interests of the customers relying on Musquash by securing power from the Power Company.

He said he had not been given much definite information upon it, but he was inclined to agree with the conjecture of some of the leading upper Canadian papers that it would be an espousal of the cause of the three lower provinces, at least it would contain evidence of the righteousness of the Maritime claims and some suggestions towards the solution of the problems discovered.

FIRE RAVAGES RESIDENCE OF MRS. W. J. BEARD

Outbreak in Hampton Village Looked Serious — Pamdenac Camp Burned

The residence of Mrs. W. J. Beard, Hampton Village, was severely damaged by fire early this morning. An alarm was sounded about 1 o'clock and the volunteer fire department turned out in response. There was considerable excitement as the burning building was situated close to the Baptist church, and if the latter edifice had caught, it was thought much of the village would have been destroyed. The fire worked into the walls of the building and considerable cutting away had to be done before the blaze was extinguished. Many of the firemen were at the scene most of the night, for as soon as the fire was put out in one place it would break out in a different portion of the house. Much damage was done by water and smoke, but it was said to be covered by insurance.

CAMP DESTROYED.

Camp Paradise at Pamdenac was totally destroyed by fire yesterday, with its contents, including a fine 8-tube radio set, belonging to Frank Thorne. The building was owned by George Hamm, Grand Bay, and leased by several young men as a summer home.

Mr. Thorne was in the camp Monday evening, leaving there about 9.30 and at that time everything was all right. The fire was first seen about 10 o'clock yesterday morning, but had gained such headway at that time that it was impossible to save the building or contents.

Mr. Thorne said the contents of the building were valued at $1,000 and there was $500 insurance.

ONTARIO SAYS FAREWELL TO GOV.-GENERAL

Banquet Given Lord and Lady Byng by Government

Canadian Press

TORONTO, Sept. 22—Ontario officially bade farewell and Godspeed last night, to the retiring Governor-General of Canada, Lord Byng, and his wife, Lady Byng.

In terms expressing loyalty to the Crown, Premier Howard Ferguson addressing Their Excellencies at a banquet tendered them by the Ontario government, expressed the regret of himself and the people of the province at their impending departure. In no less sincere fashion His Honor Col. Harry Cockshutt, the Lieut. Governor and Right Hon. Sir William Mullock, chief justice of Ontario Supreme Court added their adieus to that of the Prime Minister.

When the victor of Vimy rose to reply, decorum was passed by, and cheer upon cheer arose from the brilliant assembly. Lustily the guests sang "For He's a Jolly Good Fellow," as a mark of tribute and affection to the man who has represented His Majesty The King, in Canada for the past five years.

GOVERNOR REPLIES

"Ties that have been so deeply rooted, ties that have been consecrated by such endearing reminiscences, can never fade or wither," Baron Byng said, after recounting briefly his undying admiration for the 300,000 Canadian troops who stormed Vimy Ridge on April 9, 1917, and his optimism for the future of Canada. "And to our dying day, we shall remember with feelings which cannot be expressed in words, the extraordinary marks of confidence and good will we have received from your citizens."

"There is no other expression that I know of in the way of returning gratitude for your kindness, than those two words, 'Thank you'," His Excellency remarked, after the ovation which greeted him, had subsided.

GOES HOME OPTIMISTIC

"Five years ago, when I came here, I had two assets. I had a wife to see me through, and I had 300,000 friends in your midst. And I know they were friends. Nobody but friends would have done what I asked them to do. Nobody but friends would have done anything more loyal, more splendid, and more wonderful, than those 300,000 fellows.

"I am going home with an optimism about Canada that nothing can shake," the Governor General said, amid cheers. "I have seen your country and your people and I go home optimistic more than ever for the Dominion.

Missing Boat Is Found At Martinon

H. P. Robertson, whose motor boat disappeared from Epworth Park wharf some time Sunday night or early Monday morning, received word this morning that it was in Martinon having been abandoned there. He gives credit for recovery to the publicity given his loss in The Telegraph-Journal this morning.

Mr. Robertson said he had been called up this morning by the superintendent of the Boys' Industrial Home who said that two boys were missing from the Home for a week and it was possible they might be responsible for the loss of his boat.

Mr. Robertson had gone up river Sunday afternoon and left his boat tied up to the Epworth Park wharf. Monday morning when he returned to come down river the boat was gone. When it was found today the steering gear was broken.

A Mr. Smith and Mr. Waring saw the boat floating off Grand Bay and went out and brought it ashore at Martinon. A valuable radio set, which was in the cabin of the boat when it was taken was left intact.

GOOD THINGS COMING TO THEATRES OF SAINT JOHN

RESERVE TICKETS MUST BE LIFTED

Demand for Sousa Concert Seats Limits Reserve to Thursday Lunch Hour.

With only a few seats left in the front of the orchestra floor and boxes for Thursday evening's Sousa Band concert and balcony seats seeling much faster, in consequence, it will be necessary for patrons having tickets unpaid awaiting at the box office to redeem them by Thursday lunch hour, so that there will be no risk of disappointments and lost sales through inability to attend. The ticket situation has gotten down to a waiting list for the evening concert (ground floor), so this notice is a serious one. The balcony seats still offer satisfactory choice and the matinee will not be overly crowded.
