MISS R. ASBELL HEADS C. G. I. T.

Convention in Saint John Is
Declared Most Successful

Special Addresses Mark Gathering—Banquet Is Enjoyed by Delegates.

The conference of C. G. I. T. members from Saint John, Kings and Queens counties, which closed with a public service in Queen Square church yesterday afternoon, was described by Miss Marjorie Trotter, Maritime girls' work secretary, as one of the most successful she had attended in several years. The conference theme was "Dreaming True." L. W. Simms, chairman of the general board of the Maritime Religious Education Council, and Miss Trotter were the special speakers at the afternoon service. The officers elected by the conference were: President, Miss Ruth Asbell, of Sussex, and secretary, Miss Etta Dunlop, of Saint John.

DISCUSSION GROUPS.

In the afternoon the conference was divided for discussion groups. Miss Marjorie Trotter conducted a group for leaders and Miss C. Amos was leader of a discussion group for girl officers. The members were divided into groups with the following leaders: Miss Ada Finley, Mrs. J. S. Bonnell, Miss Florence Cummings, Mrs. R. G. Fulton, Miss Annie McCrae and Miss R. Smith. The themes of the discussion were the ideals of the C. G. I. T. movement, honor in school, the standard of friendship and how C. G. I. T. group work was to be carried on.

After the hour of discussion a very interesting and entertaining program was given by those who had attended C. G. I. T. camps. The program consisted of songs and camp stunts.

CONVENTION BANQUET.

The convention banquet was held on Saturday evening and was much enjoyed. After the girls at each table had sung a special song a toast list was honored. Miss Ruth Asbell acted as toastmistress, and proposed the toast to the Kings, which was responded to by the singing of the National Anthem. The toast to the "Home Dream-ers" was proposed by Miss G. Jamieson, of Sussex, and responded to by Miss Mildred Alward, of Sussex. Miss Gladys Brindle, of Saint John, proposed the toast to "The Church Dream-Service," to which Rev. H. C. Rice, pastor of the Queen square church, replied. "The Community Dream-Brotherhood" was proposed by Miss Clara Schofield and replied to by Miss C. Morehouse. The toast to "The World Dream-Peace" was proposed by Miss Mary Seely, of Saint John, and replied to by Miss Evelyn Young, of Saint John. The last toast to "The Canadian Girl in Training—the Girl God Meant" was proposed by Miss Nellie Deamer and responded to by Miss Trotter.

INTERESTING REPORTS.

After the toasts the secretaries of the eight-secting groups gave interesting reports. Mrs. Lawrence gave a short address. Mrs. R. G. Fulton announced the results of the summer contests among Saint John groups and presented the cups. The senior group cup, the gift of Mrs. R. W. Wigmore, was won by the Polyanna group of Canterbury church and the intermediate group cup, donated by Judge George A. Henderson, was won by the Gleamers group of Queen square church. A hearty vote of thanks was tendered the Queen square church friends for hospitality and many kindnesses. In spite of the storm there was a large attendance at the closing service yesterday afternoon. Miss Asbell presided. A girls' choir led the singing and most effectively rendered the anthem, "The Day is Dying in the West." Miss Grace Marshall sang very sweetly the solo, "I Will Be True." Miss Willa McCallum was the organist.

MR. SIMMS SPEAKS.

Mr. Simms spoke of the three branches of M. R. E. C. effort: the Children's Work Division, the Canadian Girls in Training and the Canadian Standard of Efficiency Training. Boys, as three towering columns which could be made a portal for a beautiful temple where all people might study humbly at the feet of Jesus. He referred to the conference's great success and showed how the three branches of

The M. R. E. C. endeavor were linked up together.

Miss Trotter spoke of the conference as the third in a series of 14 to be held in the Maritime Provinces and said that at least 2,000 C. G. I. T. members would attend the series. She expressed hearty appreciation to all who had aided in making the conference so successful, referring specially to the committee conveners as follows: Billelting, Miss C. Amos and Miss Oldford; supper, Mrs. C. R. Wasson and Miss Smalley; and program, Miss Stella Earle and Miss Nan Porteous.

Taking up the conference theme, "Dreaming True," Miss Trotter showed that it had always been the dreamer that had brought material progress through the stages of evolution and that in the spiritual development of the race it had also been the dreamers who were great leaders. The greatest leader and greatest dreamer had been Christ, who had visioned a world where everyone knew God as a Father and where all people loved one another. Miss Trotter stressed the fact that in the dream of Jesus there had been a cross which had cost Him His life and she pointed out those who would follow Him must also carry a cross and the girls in following their C. G. I. T. dream must also bear the cross of sacrifice.

HALLOWEEN TEA

The Willing Helpers' Mission Band of the Carleton United Church held a very enjoyable and successful Halloween tea on Saturday afternoon and realized a satisfactory sum for missions. The decorations were very attractive and all in keeping with Halloween. Mrs. D. Brunstrom, the leader of the band, was in charge and was assisted by Mrs. Charles Bostwick, Miss Mary B. Owens, Mrs. C. Campbell and Mrs. Jenkins. Two of the older members of the band, Miss Margaret Ayer and Miss D. Thorne presided at the tea table and the other girls served.

LACK FAITH, HE SAYS.

Lack of faith in ourselves and in the other fellow is one of the great faults of today in the opinion of Rev. E. C. Jenkins, pastor of the Millbrook Baptist church, who is at present visiting his brother, F. W. Jenkins, of the city public works department, and will be the supply minister in the Main Street Baptist church for two Sundays. Mr. Jenkins in his morning sermon in the church yesterday spoke on the theme "Glorifying God." Lack of faith, he considered to be characteristic of the present day and instanced the relationship of labor and capital.

"Wouldn't Take 10
Times the Price

"I may further state that the dampers are most convenient and that we get no gas or dust through the house when putting coal in the furnace. I am so pleased with it that I really would not take ten times the price if I could not get another like it."—M. W. Wood, Hillsboro.

"No More Coal Than
a Baseburner"

"We were dubious as to its heating capacity, but in this respect it has given us perfect satisfaction and we get all the heat we want and it is not at all hard on fuel. It heats every part of the house, and its consumption of coal does not cost any more than the baseburner we have been using in the past."—Jonathan West, Charlottetown.

The air feed installed on latest models of the Fawcett raises its economy still further by utilizing the gases that other furnaces allow to escape. It is an integral part of the furnace and there is no possibility of its burning off. More than ever Fawcett Furnaces save fuel.

No Repairs!

"Ten years ago I installed in my seven room house one of your No. 181 Rural Furnaces, and take pleasure in stating that it has given me perfect satisfaction in every way.

"I have not bought any repairs for the above mentioned furnace since same was installed."—John Bedford, Vancouver.

Although there are more Fawcett Furnaces in use than any other Maritime make, and though some are a generation old, the parts and repairs business received by Fawcett on its own products is negligible.

Easier to
Install

All the work of installing a Fawcett Pipeless Furnace is done in the basement save for the ten or fifteen minutes required to cut for a single register.

The whole work, in fact, can be done so quickly that if required it can be delivered in the morning and be heating your house the same night.

So now is a splendid time to secure a furnace. You've felt the cold already, and there's a long Winter ahead. Send for the Fawcett Catalog, giving details about your house.

Woman's Safety

summer spent in the district near Loch Lomond making a topographical survey of the country for his department. A survey of Saint John and district was made several years ago and the work Mr. Bartlett was carrying on this summer is a continuation of the former survey. The topographical maps show the country and its contour. The geologists of the department survey the land for its rock formations and possible minerals and this information is added to the maps. Mr. Bartlett, who has been in camp near Loch Lomond since June, has finished his work here for the year but will probably return next summer to complete the district marked for survey. He was at the Admiral Beatty Hotel while in the city.
