

## Two Big Days In One Here

The Tooth Brush Sale swings on, but you should come before all the choice is gone. And now Candy Day has broken to remind us of the folks we return to after business.

### Exhibit "A"

We are offering for Candy Day something special in both bulk candies and in chocolates boxed up for a real celebration.

We've gathered together the best of the batch and you can't miss making a bull's eye, an extra pick from the best makes of Moirs, Liggett's, Neilson and Foss.

### Exhibit "B"

The Tooth Brush turnout is fast being demobilized in the face of unmistakable quality and variety of pattern together with prices that tell more than words.

Every so far has meant one two, three and four gone at once.

### LOCAL NEWS

**A BIRTHDAY PARTY.**  
Twenty-two boys and girls, friends of Ronald Garnett, were pleasantly entertained last evening in honor of his eleventh birthday when they assembled at his home, 63 Richmond street. Supper was served, after which the entertainment took the form of dancing, singing and games. Many beautiful and useful presents were received from his friends.

**C. P. R. HUNTSMEN.**  
Grant Hall, vice-president of the C. P. R. who arrived in the city yesterday after a successful hunting trip in the New Brunswick woods along the Shore Line, returned to Montreal yesterday afternoon. Mr. Winkler, general executive assistant of the C. P. R. who has been on a hunting trip in the New Brunswick woods, was due at Ennisville today to enjoin for Montreal.

**HIS BIRTHDAY.**  
Last evening at the home of Mrs. R. Stevens, 133 Prince Edward street, friends of her grandson, little George Murray, gathered for a birthday party in his honor and spent a happy few hours with games, music and refreshments. The young host was the recipient of a large number of gifts from his friends.

**WON SCHOLARSHIP.**  
Winners of county scholarships at the U. N. B. Fredericton, were announced recently, among them Guy D. Scovil of St. Stephen. Mrs. Miller was wrongly given. He is a son of Wm. G. Scovil of Oak Hall and a resident of Hampton. Mr. Scovil is passing a successful course in engineering and chemistry. He was a scholarship winner also last year.

**TO PENITENTIARY.**  
Word was received today at the headquarters of the investigation department of the C. P. R. in this city that Alfred Mignault, who was arrested at Grand Falls on charges of breaking and entering the C. P. R. building as well as four stores, was yesterday sentenced to serve three years in Dorchester by Judge Cameron, who presided over a session of Victoria county court in Andover.

**POLICE COURT.**  
In the police court this morning three pleaded guilty, and two said they were not guilty of being drunk. Police Constable Ross of the C. N. R. said that a party of three men had come into the city yesterday morning and were drinking in and out of the station at various times up to noon. All were drunk, he said, and one of them was calling the passengers names. Fines of \$8 or two months in jail were imposed in each case and the three arrested at the station were allowed to go when they said they had tickets for Nova Scotia points and paid their \$8.

**MRS. ISOBEL MILLER.**  
The death of Mrs. Isobel Miller, widow of William Miller, occurred at her home, Prospect street, Fairville, at one o'clock this morning after a lengthy illness. Mrs. Miller was in her eighty-fifth year and had spent practically all her life in Fairville. Her husband died nine years ago. Coming originally from the north of Ireland, Mrs. Miller was a member of the Presbyterian church and a regular attendant at St. Columba until falling ill was prevented. She is survived by two daughters, Mrs. Annie L. Larrie and Eleanor, at home, and two sons, William, living in St. John, and Samuel, at home.

**WIRELESS FOR S. S. EMPRESS.**  
Plan in Connection With Repairs—Enquiry Tomorrow Morning.

Captain L. A. Demers of the Dominion Wreck Commission, who arrived in the city yesterday with his secretary, J. T. Down, to hold an enquiry into the stranding of the steamer Empress, said this morning that he had not yet definitely fixed upon the other members of the commission, which will sit in the Board of Trade rooms tomorrow morning at ten o'clock.

Captain Angus MacDonald, who was in command of the Empress when she went ashore, is expected to arrive in the city tonight.

In connection with the steamer, R. E. Armstrong, secretary of the St. John Board of Trade, received a letter from A. D. MacTier, second vice-president of the C. P. R., saying that the company had decided to install a wireless equipment on the Empress while she was undergoing repairs to fit her for service again. This would practically ensure absolute safety in crossing the bay by providing connection with the range-finding station at Red Head. It would also facilitate the matter of accurate steering in a fog or rain.

The government steamer Arammore, secured by the C. P. R. to replace the Empress, arrived in port this morning and will be placed on its route tomorrow morning. As some alterations will have to be made to her cabins, no passengers will be accommodated tomorrow, but passenger service will be resumed Friday morning.

The Empress reached Halifax last evening at five o'clock. She is to go into dry dock there.

**FRENCH LABOR QUESTIONS.**  
Paris, Oct. 11.—General agitation and unrest prevails in the liquor organizations throughout France due to the modification of the eight hour regulations for marine employees. The labor unions now demand the enforcement of the eight hour day in the other classes of labor.

## CHESLEY STREET BRIDGE MATTER BEFORE COUNCIL

Matter of Sharing Cost with C. P. R. is Still Undecided.

Old City of Portland Records Referred to—Petitions for Lights and Sewers Received—Repairs to Ashburn Bridge Passed.

The matter of the city's sharing in the cost of the reconstruction of the C. P. R. bridge across Chesley street came up before the weekly meeting of the common council this morning but a motion made by Dr. Frink for the city's participation under certain conditions was not seconded and the matter remains in abeyance. Other minor matters were dealt with. The mayor presided and all the commissioners were present.

Reporting on the matter of the Chesley street bridge, Commissioner Frink said that the railway commission had suggested the city assuming one-third of the total cost of \$2,100. He said that the records of the old City of Portland had been searched to see if the railway was given permission to cross the street. He found that on Sept. 12, 1888, claims for damages had been made by the city to the St. John Railway and Bridge Co.; on May 12, 1884, a committee was appointed to guard the interests of the city in connection with the railway, and on Sept. 1, 1885, an agreement was entered into between the city and the railway and bridge company.

Dr. Frink said that on October 2 he had written J. M. Woodman of the C. P. R., asking that, if the documents referred to in these records were in possession, he would like to have them in order to establish the city's responsibility. So far he had received no reply. He moved the adoption of his previous report in which he recommended that the city bear one-third of the cost if it could be ascertained that permission to cross was given by the City of Portland.

Both Commissioner Thornton and Commissioner Wigmore spoke against any payment by the city and as the motion had no second, the matter was referred to the table.

A petition from the residents of Dufferin avenue for the installation of two street lights was referred to Mr. Thornton.

A petition was presented from Thomas M. Foley asking that a sewer be provided for about twelve families in Barker and Somerset streets. He offered a right of way through his property. The matter was referred to Commissioner Wigmore.

Commissioner Bullock asked if a commissioner of water and sewerage could not bring a report of any sections of the city in which there were two or more families which were not served by city sewers.

Mr. Wigmore replied that he could bring in a report of new and renewal requirement in the city system that would be in the vicinity of \$100,000. He said that there were some wooden sewers in the city from twenty to thirty years old that required replacing, but he promised to bring in the report asked.

A communication from The Municipal Review, successor to the Municipal Journal, asking the city for subscription to the publication was referred to the mayor with power to act. The price quoted was \$10 for six copies, or \$20 for twelve to the end of 1923.

A recommendation passed in committee that repairs, estimated at \$724, be made to a bridge on the Ashburn road, was ratified. The amount will be provided by bond issue.

**Save The Tree.**  
Commissioner Frink asked that the water department, in laying the line through King square, take care that one of the finest trees in the square be paid into the pipe line be not destroyed. Mr. Wigmore said that every precaution would be taken.

The report of the committee of the whole was taken up and adopted section by section. It provided that a petition of residents of the Pollok road be referred to the committee of the Public Safety; that a communication be sent to the general office commanding the military district asking for two discarded cannons and two gun carriages belonging to the city and now in one of the Water street sheds for use in the city; that the western side of First street near Grand street avenue be referred to the commissioner of public safety works with power to act.

The mayor as commissioner of finance reported payments for the month of September amounting to \$161,238.89.

**WINS NICE PRIZE.**  
Sixteen members of the Last Car Club met last evening at the home of Mr. and Mrs. C. L. Mofford, 65 St. David street. Five games of progressive whist were played, the winners being Miss Doris Nickson and S. Caddell. Consolation prizes were awarded to Mrs. Wrench and J. McLean. Dainty refreshments were served during the evening by the hostess. After the games were finished Mr. Mofford presented a handsome silver cup and stand, suitably engraved, to Mrs. Caddell, who was the highest scorer of a thirteen week series. Mrs. Caddell made a suitable reply and a hearty vote of thanks was extended by all present to Mr. Mofford for the keen interest he has taken in the club's welfare while acting secretary. A most pleasant form for investment by all classes in Berlin, Oct. 11.—The flood of new currency has literally knocked the crutches from under the hobbling mark and, in consequence of the great expansion in German money, the hoarding of dollars and of the other high currencies has become the almost exclusive form of investment by all classes in Germany. Considerations of patriotism seemingly have failed to impress the natives.

## NOTABLE YEAR FOR EXHIBITIONS

N. B. Fall Fairs Uniformly Successful, Says Minister of Agriculture—The Potato Freight Cut.

Generally the fall fairs in the province of New Brunswick have been well above the average from all standpoints, so D. W. Messereau, minister of agriculture, told a Times reporter this morning. Mr. Messereau here to attend a meeting of the provincial government. The north shore, he said, had shown a particularly noticeable improvement and the fairs this year were on the whole equal in their live stock and agricultural products exhibits to the larger exhibitions.

A gratifying feature of this year's shows, he said, was that they were all a financial success, which seemed to indicate that the period of depression had passed. All in all it was the most successful round of fairs for several years.

Mr. Messereau commented particularly on the great strides that have been made recently in the improvement of live stock. This was due, he said, to the fact that better stock was being imported and the breeders were paying stricter attention to the breeding. The experimental farm at Fredericton, he asserted, was working wonders in this connection and contributed in no small measure to the results which were being attained. He spoke highly of the work of the manager, C. F. Bailey, who was taking a keen interest in live stock development.

Referring to the recent cut in the freight rates on potatoes for export from the province, Mr. Messereau said that this would help the shippers a little, but until conditions were adjusted so that the farmers could receive a fair price for their product, he thought that the export of potatoes from New Brunswick would not prove a paying proposition. He said that seventy-five cents a barrel did not give a sufficient return to pay the costs of production; \$1.50 a barrel he thought would be nearer the mark.

## FOR REMOVAL OF HAWTHORNE

Rev. W. D. Wilson Brings Word of Resolution Passed by Temperance Alliance.

Rev. W. D. Wilson, field secretary of the N. B. Temperance Alliance, arrived in the city today from Woodville where he attended a meeting of the alliance yesterday, Donald Fraser presiding. He said that a resolution was passed urging the government to pass an order in council prohibiting the exportation of liquor and another resolution advocating the dismissal of Chief Inspector Hawthorne on the grounds that no serious attempt was being made to enforce prohibition, and that his successor be a man who was in sympathy and favorable to a strong enforcement of the act. The alliance also passed a resolution expressing opposition to the law allowing export liquor agencies, which they considered opened the doors for illegal distribution of liquor throughout the province.

**WATER RATES ARE ABOUT HALF PAID**  
Receipts to Date More Than Last Year's Record—Tomorrow is Last Discount Date.

Although only about half of the amount of the water assessment had been paid into the city chamberlain's office last night, the receipts to date have been more than \$20,000 more than they were on the same date last year, so the chamberlain announced this morning. The total assessment was slightly more than \$182,000, some \$600 more than in 1921, and he received up to closing time last evening was in the vicinity of \$94,000; a little more than half the assessment. There was quite a rush at the office today. Tomorrow will be the last day of the discount period.

**WEDDINGS**  
Irvine-Squires.  
At St. Luke's church, at seven o'clock this morning, an interesting event took place when the rector, Rev. R. P. McKim united in marriage Frederick J. Irvine, a popular railway mail clerk of this city, to Bridie, youngest daughter of the late George and Helen Squires of Halifax. The bride was given in marriage by J. D. Williams. She was gowned in a very pretty navy blue tricot suit with canna hat and vampire fox fur, and wore a corsage bouquet of Ophelia roses. Miss Lillian Bromfield, organist, played Mendelssohn's wedding march. The young couple were unattended. Some very valuable presents were received, including several substantial checks. Mr. and Mrs. Irvine left on this morning's train on a honeymoon trip through the province. On their return they will reside at 45 High street.

**Dixon-Hayter.**  
A very quiet wedding took place in Knox Presbyterian church yesterday at 1.30, when Rev. R. Moorhead Legate united in marriage Miss Edna L. daughter of Mr. and Mrs. Jas. H. Hayter of this city, and Edwin J. Dixon, also of the city. The bride was given away by her father and was very becomingly attired in a suit of navy velvet with hat to match, and wore a handsome seal cape, the gift of the groom. She also carried a bouquet of Ophelia roses. The groom is a very popular young man. He served overseas with the D. A. C., under Colonel Harrison for over four years. Mr. and Mrs. Dixon left by automobile for a trip through Nova Scotia, and on their return will reside in this city.

## Fashion Officially O. K.'s These Fall and Winter Coat Cloths

After that no woman will be able to resist them. A coat made of any of these cloths will stand more wear and tear, more wind, rain, and snow, more careless treatment than a coat made of any other kind of cloth. They are ideal for walking, for traveling, for business or school.

## A Brief Outline of the Price Situation

Clothing prices started soaring in 1918, kept up in 1919, took a tumble in 1920, receded still further in 1921, and this season are still lower—down as far, we believe, as they will be for a number of years.

We are greatly pleased with our clothing for the Fall season—the woollens are fine, the models graceful and attractive, and our various manufacturers have excelled themselves in the workmanship of the garments.

And so with lower prices as an additional inducement, we are anticipating a banner business. Our appeal is made on

**\$25, \$35, \$45.**

grades and if you don't know the values we give at these prices you are missing something. Our entire price range is from \$20 to \$55.
