DROWN COMES CORDWOOD. (Fredericton Mail).

Farmers with the glittering prospect of high prices before them have been active in getting out wood during the past few weeks and a lot of it has been disposed of. The good hauling has made it easy to get the wood to market and already there is a slackening up in the demand which has brought about a slump in the price. Help The Starving Orphans Of Eastern Europe

In one section of Eastern Europe alone there are 140,000 homeless, destitute, starving kiddies. They range in age from 3 to 15 years. Children of the age of 8 and 9 years are unable to walk from malnutrition.

Many of them are roaming in the woods like wild animals fearing human beings; because they have seen their fathers and mothers and older brothers and sisters ruthlessly maltreated and killed in towns and villages.

Think of these unfortunate waifs! The civilized world is duty bound to come to their aid.

It is the duty of those who live in comfort and security and amid plenty to succor those unfortunate.

A nation-wide campaign is now in progress to raise \$1,000,000 for immediate relief of the most desperate cases; to provide food and shelter to keep body and soul together of these unfortunate. **Won't You Please Help?**
