BULGARIA SAID TO HAVE

Large Surplus of Grain. Quantity Available for Export Estimated at 1,000,000 tons.

Official advice from Sofia indicates that the grain crops of Bulgaria was very much larger than the requirements of the country. The surplus available for export is said to be approximately 1,000,000 tons. In order that the coun-

Mothers! Never Neglect Whooping Cough

Many mothers make the mistake of thinking that whooping cough is not of serious importance, but unfortunately this mistake often leads to the neglect of this dangerous child's disease.

Never neglect whooping cough, for it may be followed by some serious lung trouble.

Dr. Wood's Norway Pine Syrup is highly recommended by mothers every where for the relief of this trouble. It will clear the clogged-up air passage of the mucous and phlegm that is collected, and in this way bring on the "whoop" which brings the so-much-sought-for relief.

Mrs. Francis Burlington, New Gate, N. C., writes:—"This spring three of my children took the whooping cough, and they had it so bad I thought they would choke. I was getting pretty worried when my sister wrote me, telling me to try Dr. Wood's Norway Pine Syrup. I sent for some right away, and, believe me, I will never forget how it worked. I will always have it in the house."

There are many imitations of Dr. Wood's on the market. Get the genuine when you ask for it. It will pay in the end. Put up in a yellow wrapper; 25¢ and 50¢. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

try may receive the greatest possible benefit from this export business, the grain has been placed under the control of a consignment formed by the national bank, the agricultural bank and the co-operative bank.

There is a strong belief in some quarters that the chief obstacle to the complete carrying out of the regulations which will govern the consignment is likely to be the hoarding propensities of the peasant. It is said that the peasant may wish to hoard the surplus of a good year until the crops of the following year are in hand.

BRITISH PORTS. Flushing, March 28—Arrd, str. Pioneer (Belgian), Norfolk and St. John.

FOREIGN PORTS. New York, March 31—Arrd, str. Oscar II, Copenhagen and Christiania.

MARINE NOTES. The British steamer Hartmore has arrived at Portland (Me.), where she will take on a part cargo of flour. She will later proceed to this port to fill up with grain.

The steamer Millinock arrived in port yesterday afternoon at 5 o'clock and docked at the Sugar Refinery wharf. She came from Neuvas, Cuba, and has a large cargo of raw sugar for the refinery. She is consigned to Nagle & Wigmore.

RAPID RECOVERY IN ITALY'S TEXTILE PLANTS. Recent reports indicate that remarkable progress is being made in the textile industries of Italy in regaining their pre-war production. The reduction of

the working hours from sixty-three to forty-eight hours a week has operated to start work in many localities which were previously idle. Despite the shortage of coal sufficient power is found for operating the textile plants. Water power is being used more than ever before and wood and lignite are employed as fuel.

The combined textile industries of Italy before the war operated some 4,000,000 spindles. The invasion of the Austrian armies destroyed or put out of commission about ten per cent of this number. The annual importation of cotton in pre-war times was about 500,000 pounds. The mills are today using nearly 80 per cent of this amount, the loss being due for the most part to the reduction of working hours. The silk crop promises to be unusually small this year, due mainly to bad weather conditions and the severity of labor. The exportations of silk to the United States will be delayed in part until normal conditions return.

There are at present about 800 units with 1,000,000 spindles engaged in spinning combed and carded wool. Italy will soon produce 100,000 tons of hemp annually, about half of which will be used at home and the rest exported. Italy has so nearly recovered her normal conditions in her textiles that she is exporting in considerable quantities.

SHEDFIELD MANUFACTURERS IN MOVING PICTURE PLANT. Join Project to Widen Market for British Products All Over the World.

Steel manufacturers of Sheffield, England, have joined in the production of moving pictures designed to aid in widening markets for British products throughout the world. United States agent with the C. P. R. here, returned yesterday from Boston.

enlarging markets for British products throughout the world. United States agent with the C. P. R. here, returned yesterday from Boston.

Industries of Birmingham, Glasgow, London and Liverpool are also developing the motion picture idea. What is known as the Moving Picture Exhibition of British Industries, Ltd., is promoting it.

Captain A. L. Starratt, of Walton, N. S., a former Battle line master, is in port in command of the Canadian Ranger at Long Wharf. He is being welcomed by many friends.

Murver, what makes you so cross?

Very often the answer is that "murver" suffers from backache, lumbago, or rheumatism.

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new Prescription of Dr. Pierce's called

ANURIC

gives immediate results as it is many times more potent than lithia in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for Dr. Pierce's Anuric (anti-uric-acid) for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine, sleeplessness due to constant arising at night.

If you wish to give Anuric a trial send ten cents to Dr. Pierce's branch Laboratory, Bridgeburg, Ont.

COLLINGWOOD, ONT.—"I suffered with muscular rheumatism for three years and have been completely cured of same by taking a few packages of Doctor Pierce's Anuric Tablets and Doctor Pierce's Golden Medical Discovery, after doctors' medicines failed to do any good whatever. I am now free from all signs of rheumatism, for which I most heartily thank Doctor Pierce and his wonderful medicines."

Mrs. KERWOOD COOK, Box 464.
