SATURDAY MATINEE.

RECORD PEG BY GIANTS' ROOKIE

Ed. Sicking, a young infielder recently obtained by the Giants from San Antonio, demonstrated at Braves' field, in Boston, recently, that he is the possessor of the most powerful throwing arm on the New York team.

One of the events in a set of baseball field games staged as an aid to the W. S. S. drive in Boston before the game with the Giants, was a long-distance throwing contest. Players of both teams stationed themselves in deep centre and hurled the ball toward the plate, and when Powell, of the Braves, cut loose with a peg that struck the grandstand just back of the plate, it looked as if he would win the event with ease.

A moment later, however, Sicking let one go that cleared the first row of boxes in the grandstand and landed among the chairs in a second row box.

West End League.
Baseball is booming in the West End League. The Queen Square diamond is now in pretty good condition and interesting games are being played nightly, and they are enjoyed. As many as 1,000 people, young and old, gather to see the contests and lusty cheering demonstrates how hearty is the enthusiasm.

No Decision Yet.
Washington, July 26.—Pressure of other matters, it was said last night, has prevented Secretary Baker from formu-

"Hogan's Romance Upset"
A Rollicking Keystone Comedy Closing the programme on Saturday afternoon the usual matinee will be held for the kiddies, starting at 2.30.

Further plans for the celebration of Labor Day were discussed at a meeting of the committees of the G. W. V. A. and the Trades and Labor Council, held last evening. The parade, of course, will be the feature of the day, and it is expected that it will be a big one. All of the unions will be represented, as well as a large detachment of the War Veterans. The parade will form up at Douglass square, and proceed to St. Andrew's Rink, where sports will be held. Not the least important of these will be the police department and the street railwaymen. Both teams have won one point in an advertising campaign is being planned, and the railways will be asked to co-operate by giving special rates from War Veterans and members of the trades and labor unions represented as possible.
