TEN PAGES—ONE CENT

The Delegation Is Still In The Dark

Thoroughly Dissatisfied With Results So Far—Cannot Even Learn Details of Agreement—Committee Conferring With Mr. Hazen This Morning

(Special To Times) Ottawa, Ont., Oct. 9.—The St. John delegation at this hour (eleven thirty) know no more than they did evening. They have just ended a session at the Chateau Laurier, discussing the situation relative to the mailers and planning the next move. Mr. Frank has gone to see Hon. Mr. Hazen again. Mr. Hazen says that the arrangement between the C. P. R. and I. C. R. was by Sir Thos. Shaughnessy and Mr. Hazen in the Rideau Club here, and ministers say they knew nothing at all. The delegates are dissatisfied with the way things have worked here, if it can be said that they did not at all. They do not want to go home without learning anything, they realize that staying here means only loss to each. Meanwhile the delegates are passing and there is nothing to do but wait. They are waiting for the government to do its duty. The delegation has just sent a message to Mr. Hazen, and the following message was received from Mr. Robinson today from W. H. Ward Co., Ltd., "We are waiting for something tangible from the government to do its duty. Mr. Hazen."

1 noon a message was received from Mr. Robinson today from W. H. Ward Co., Ltd., "We are waiting for something tangible from the government to do its duty. Mr. Hazen."

5 SLUM BUILDINGS RAZED IN WASHINGTON

Washington, Oct. 9.—As part of the plan to wipe out slums in the national city, five insanitary buildings were razed in the past fiscal year and close to 100 persons were forced to move into healthful quarters according to a report of the board of health. The demolition of insanitary buildings made public by the district commissioners Wednesday. The agreement for the betterment of "alley dwellers" was given impetus by Mrs. Woodrow Wilson, personally made an inspection of the congested quarters and led into conditions in the slums. The lid of many of the alleys has been eroded.

DREDGE STILL MISSING

No word has yet been received of the schooner of the Norton Griffiths Company, which is now seven days overdue. The fog is reported clearing, and it is thought that if it is the weather that has delayed the dredge she will make quick progress. Since she is sighted off the Banks nearly three weeks ago she has not been heard of.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

Ontario, Oct. 7.—Pressure is high and the weather for the most part is warm over the eastern part of the continent, while a shallow depression lies to the west of the Great Lakes. The tropical disturbance appears to be dispersing. Mostly Fair. Maritime—Moderate winds, mostly easterly on Friday, but much change in temperature.

GREAT MASSACRE OF SPANIARDS

Many Killed by Rebels at Torreon

175 MEETS DEATH

Anxiety Regarding Fate of French and German Residents—Leader is Man Supposed Dead

(Canadian Press) Mexico City, Oct. 9.—Private despatches received here tend to confirm rumors current last night of a great massacre of Spaniards by the rebels after the capture of Torreon. The despatches are that there was a slaughter of one hundred and seventy-five Spaniards in the city. The despatches come from Madero, midway between Torreon and Saltillo. Besides Spaniards there are a number of French and German residents in Torreon. Their diplomatic representatives are making efforts to learn their fate. The rebels are said to be headed by Francisco Villa, whose reported capture and execution by the Federals recently here, are making efforts to learn their fate. Evacuation Confirmed. Mexico City, Oct. 9.—The evacuation of the city of Torreon by the federal troops was confirmed today by Manuel Garza Aldape, minister of the interior, who declared that General Tracy Auer, the Federal commander there with Generals Murguía, Ignacio, Bravo and Escudero, was at Hipolito near Saltillo. The latter three commanders, according to the minister of the interior, are to undergo court martial for the evacuation of Torreon.

BANKERS BRAND NEW REGULATIONS AS "SOCIALISTIC"

Association in Session in Boston Protest Against Proposals For Government Control

Boston, Oct. 9.—The bankers of the United States again have declared their opposition to the proposed federal reserve plan of reform in the currency and banking system. With only one dissenting voice on the final vote, more than two thousand bankers from all sections of the country gathered at the first day's sessions of the annual convention of the American Bankers' Association, ratified the action of the conference of bankers in demanding amendments to the Federal Reserve Act, now pending in Congress. The financiers also approved the work of their own currency commission, which earlier in the day had reported the system of governmental control proposed in the Glass-Owen bill to be socialistic and imposing "unwise hardships on the banks, and equally unwise hardships on the general public." The resolutions in which this ratification and approval were contained, also included commendation of "the president, the secretary of the treasury, and congress, for their efforts to create in this country an elastic as well as safe policy," and pledged their "hearty support to the enactment of proper legislation to that end."

SHIPPING FEDERATION AND THE 'LONGSHOREMEN'

Agreement Not Yet Reached—Prospects For Settlement Not The Best

That a new proposal from the St. John longshoremen will be under consideration by the Shipping Federation in Montreal today is the latest development in the situation which the conferences recently held in this city between the men and W. I. Gear on behalf of the shipping interests did little to improve. The representatives of the union, after submitting Mr. Gear's proposition to a general meeting of the men, declined to accept the proposals of the Shipping Federation, and forwarded a second schedule of wages not dissimilar to the first for consideration. The matter will be taken up today and, while it is impossible to forecast the result of the conference, as the local shipping men are not in a position to give any information, the outlook for a satisfactory settlement is not considered very bright by the longshoremen. Failing an agreement, the matter may be submitted to a board of conciliation. If the rumored threat of the shipping companies to withdraw their sailings from St. John should be carried out, the local union would be probably backed up by the longshoremen's union of Halifax, which is affiliated to the same international body.

Another Gold Rush. Vancouver, B. C., Oct. 9.—The news of the discovery of gold on the Soohy River, on Dean Channel, has caused a large number of miners to leave for the strike.

HOME RULE FOR ONLY A PART?

Interpretation of Churchill's Speech

STRONGLY OPPOSED

Must Preserve Unity of Ireland.—Expects Settlement—The Part the King Plays

(Canadian Press) New York, N. Y., Oct. 9.—A cable from London to the Tribune this morning says: Commenting on the speech of Hon. Winston Churchill, first lord of the admiralty, at Dundee last night, the Liberal newspapers insist that there must be no tampering with the unity of Ireland. The Unionist papers and particularly the Daily Mail, concludes that Mr. Churchill's speech is an offer to exclude northeast Ulster from the purview of the Home Rule bill on the condition that the Liberals agree to work with the Liberals for the future success of the settlement. It may be regarded as certain, however, that the Irish Nationalists will never accept the bill as a final settlement of Ireland's grievances if Ulster or any part of it, is left out of the scheme. In conversation after the meeting, Winston Churchill expressed his strong personal belief that settlement of the Irish question would be attained before long, but he could not explain what he really meant by his references to Ulster.

The only thing that would induce the government to allow Sir Edward Carson to triumph, would be an expression of reluctance on the part of King George to give the Royal Assent to a bill that might mean armed rebellion in the United Kingdom, such as was not opposed since the Jacobite rising in 1745 in favor of the young pretender.

TO REPEAL REBATE ON IMPORTS BY AMERICAN SHIPS

Administration Officials Ask House Leaders to Take This Step to Avoid Complications

Washington, Oct. 9.—If the consent of Representative Underwood and other house leaders can be secured today a bill which will be passed through congress within a few days repealing that portion of the new tariff law authorizing a five per cent rebate on goods brought to this country in American owned ships. The decision to ask for the repeal of the clause was reached by administrative officials yesterday after experts of the state and treasury departments had decided that to carry out its exact terms in the tariff on a reduction of five per cent in the tariff on goods from practically all the chief exporting countries except Brazil, France and Russia. After a conference with President Wilson in which the latter gave his endorsement to the plan, Solicitor Jos. W. Folk of the state department, took up with congressional leaders last night the plan to have the objectionable clause eliminated from the tariff law. Senator Simmons, chairman of the finance committee gave assurance that the senate undoubtedly would agree to a repeal of the entire clause as it had originally rejected it.

DR. STUART McARTHUR CALLED TO BALTIMORE

Baltimore, Md., Oct. 9.—Dr. Stuart McArthur, president of the Baptist World Alliance, has been called to the pastorate of the Baptist church of this city. Members of the pulpit committee, said tonight that Dr. McArthur had indicated his willingness to accept the call. After a pastorate of 42 years at Calvary Baptist church, New York city, Dr. McArthur resigned three years ago, to become president of the Alliance. He is a native of Daleville, Que.

KILLED GYPSY GIRL BUT ARE ACQUITTED

Molan, France, Oct. 9.—The criminal court here today tried and acquitted on a charge of running over and killing a gypsy girl on August 8, Baron Hans Von Bleichroeder and Walter Palmer, the chauffeur of Princess Sophie of Saxony, who committed suicide at Heidelberg on September 9, owing to the refusal of her parents to consent to her marriage to Baron Bleichroeder.

Killed By Post Office Robbers. Salisbury, Mass., Oct. 9.—Police Officer W. W. Heath was shot and killed early today by one of five men, whom he has discovered in the act of robbing the post office. The men escaped, but no money was stolen.

Biggest Shake-up New York Police Have Ever Known

Tenderloin Cops To Be Replaced by 500 Young Men Just Out of Police School

(Canadian Press) New York, Oct. 9.—What is said to be the biggest police shake-up which New York has known, will be effected during the next few days by the uprooting of all the policemen in the upper west side Tenderloin section and replacing them with just turned out of the police school.

McGILL UNION BUILDING SINKING INTO THE GROUND

Foundations of Massive Structure Undermined—Hurry Call For Experts to Prevent Further Damage

Montreal, Que., Oct. 9.—The massive McGill Union building, at the corner of Victoria and Sherbrooke streets, is sinking rapidly into the ground. Already cracks are appearing in the walls and ceilings of the northwest corner of the building. The sinking is so great that the Foundation Company of New York has been employed and gangs of men worked all night, by the light of electric lamps, lately installed on the higher floors, in an effort to right the building. As soon as the foundation is uncovered, jack screws will be used and cement slabs placed underneath the corner to divide the weight of the building more evenly. Blasting in the C. N. R. tunnel nearby or shifting sands below the surface, is believed to have shaken the foundation of the building. McGill Union is the gift of Sir Wm. C. Macdonald to the University. With the land and building it represents a value of \$250,000. The structure is three stories in height, with a basement.

BAPTIST WOMEN WILL MEET IN ST. STEPHEN

The annual meeting of the United Baptist Women's Missionary Movement will be held in St. Stephen next week, opening on October 15 and lasting for two days. A meeting of the executive will also be held on the fourteenth. The following members of the executive who reside in the city will probably be present at the convention.—Mrs. D. Hutchinson, president of the union; Mrs. W. E. McIntyre, Mrs. Horsman, Mrs. E. M. Simpson, Mrs. F. E. H. Young, Mrs. A. C. Smith, Mrs. J. J. Richards, Mrs. T. S. Simms, Mrs. N. C. Scott, Mrs. Jacob Smith, Mrs. Thomas Robinson and Mrs. John Gillies. There will also be delegates from each of the different Women's Missionary Unions in connection with the several Baptist churches in the city present, as well as from all over the maritime provinces. Several missionaries from the foreign field will be present, including Miss Zella Clark, M.D., and Miss E. J. Matthews, who are on furlough from India.

WELSH BESTED HYLAND

Butte, Mont., Oct. 9.—Light weight Freddie Welsh, of England, last night won the decision in a one sided 12-round contest with Fighting Dick Hyland, of San Francisco. Welsh outboxed and outpointed Hyland, playing a taton on his lead and body and dancing and dodging around him.

JUMPED INTO RIVER WITH CLOTHES AFIRE AND SAVED LIFE

Kingston, Oct. 9.—As a result of the explosion of a gasoline lamp at the Kingston Shipyard, a young man, who is in the general hospital in a very dangerous condition as a result of burns received after his clothes caught fire, jumped into the river, and this prevented him from being burned to death. His fire-workmen pulled him out of the water and rushed him to the hospital.

NEW GOVERNMENT IS FRIENDLY

Message of The Chinese President

Peking, China, Oct. 9.—The friendly intentions of the Chinese government toward foreign interests, will be strongly emphasized in President Yuan Shi Kai's message to parliament, on the occasion of his inauguration tomorrow. On this subject, he will say: "The attitude of the foreign powers toward us, has always been that of peace and fairness and they have given us cordial assistance whenever the occasion arose. This, of course, is due to the civilization of the world. Yet, all the same, we highly appreciate the good will of the friendly powers. It is most important for all citizens of the Chinese republic clearly to understand this, and to endeavor to strengthen international friendship. With sincerity I hereby declare that all treaties, conventions and other engagements entered into by the former Manchu and provisional Republican governments shall be strictly observed and that the contracts duly concluded by former Chinese governments with foreign companies and individuals, shall also be strictly observed. "Further I declare that all rights, privileges and immunities enjoyed by foreigners in China by virtue of international engagements, national engagements and established usages are hereby confirmed. "This declaration I make with the view of maintaining international unity and peace."

WATER COMMISSIONER GETS A BOUQUET

Pleasing Tribute From Ladies of Millidgeville Avenue in Recognition of New Water Supply

The path of civic honors is not always strewn with flowers. "We are more often on the lookout for a brick than a bouquet," said Commissioner Wigmore this morning—speaking metaphorically, of course—from behind a fragrant bunch of sweet peas and dahlias which adorned his office. "I was so surprised," he went on, "that I hardly knew what to say when my team was held up in Adelaide street this morning, and I was met by a delegation of three ladies representing the residents of Millidgeville avenue, who came to show their appreciation of the new water supply being put in." A little speech was made and the ladies presented the commissioner with a fine bouquet of flowers in honor of the final water main connections being made in the Adelaide street extension. The connecting work was completed this morning and from this afternoon the water of Loch Lomond will be flowing through the gardens of Millidgeville avenue.

WILL REMOVE PLUMAGE

U. S. Customs Officials Will Dismantle Hats When Trimmings Conflict With Law

Washington, D. C., Oct. 9.—Aigrettes or other bird plumage, whose importation is forbidden by the new tariff law, must be removed from the hats of incoming travelers and turned over to customs authorities before the travelers leave the wharf. Secretary McAdoo has so ruled because it is reported that an aigrette had been snatched from the hat of a woman at New York. The treasury department denied the report and Secretary McAdoo said the regulations would be administered with the least inconvenience to travelers. Every courtesy would be shown women who bring such aigrettes in their hats.

FRIENDLY ONCE MORE

Indications of Better Relations Between Germany and Austria

Berlin, Oct. 9.—The supposed coolness which had arisen in the relations with Germany and Austria, owing to Germany's support of anti-Austrian policies during the Balkan war, has evidently been overcome for it was announced today, that Emperor William, after a hunting trip on the Bohemian estates of the archduke Francis Ferdinand at the end of October, will pay a visit to the Emperor Francis Joseph at Vienna this evening.

CORDIAL TO FOREIGNERS

Will Continue All Treaties, Conventions and Other Engagements Entered Into by Former Governments

(Canadian Press) Peking, China, Oct. 9.—The friendly intentions of the Chinese government toward foreign interests, will be strongly emphasized in President Yuan Shi Kai's message to parliament, on the occasion of his inauguration tomorrow. On this subject, he will say: "The attitude of the foreign powers toward us, has always been that of peace and fairness and they have given us cordial assistance whenever the occasion arose. This, of course, is due to the civilization of the world. Yet, all the same, we highly appreciate the good will of the friendly powers. "This declaration I make with the view of maintaining international unity and peace."

Both Managers Confident

Manager McGraw himself was not slow to express his own confidence as to how this problem would work out. "In comparison with what our opponents have left, my remaining pitching staff looks mighty good to me," he smilingly declared. Connie Mack was less explicit on this point, but apparently he had no fear of the outcome. "We are not a bit discouraged by our defeat," he said, "and we are out after today's game. I expect the Athletics to win the series." The Giants, with the mighty Matty morning down the Philadelphia hitters and giving the Mackmen the first coat of whitewash ever applied to them in a world's series, since 1905, got away with yesterday's game in splendid fashion. But it was not to be denied that the crippling of Meyers and Merkle, with the continued inability of Snodgrass to play his game, was likely to prove a severe handicap on McGraw's men in contests in which the services of these veterans were not at the teams command. Shaffer's comparative inexperience in the outfield, showed its effect in Tuesday's game, in which his playing off Schang's drive that went for three bases, has been freely criticized.

Grand Jury After Speculators

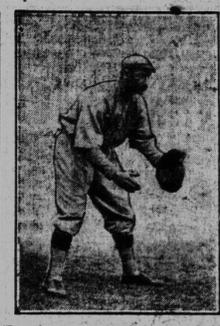

New York, Oct. 9.—John B. Foster, secretary of the New York National league baseball club, was to appear before the grand jury today to tell what, if anything, he knows about the operations of speculators in world's series tickets. He was served with a subpoena last night on his return from Philadelphia. Mr. Foster was quoted early in the week as saying that more than a hundred tickets had reached the hands of speculators through attaches of the district attorney's office and other city departments. He subsequently repudiated the interview, but District Attorney Whitman determined to make an investigation. \$1,000,000 Bet. Heavy betting began in New York yesterday, when "Billy" Smith, brother of "Pittsburgh" McGraw, wagered \$1,000,000 even money on the Athletics. The wager was made in a Harlem cafe. After this bet about \$3,000,000 more was put up, one bet being \$1,000,000 on the Giants. Most of the bets were at even money. A modest estimate figures that at least one million dollars have been bet on this event. Professional bettors do not figure largely.

Be Sure Before You Spend Your Money

People who get the worth of their money are people who think before they buy. They buy the things they want at the time they want them and pay the lowest market price. Competition is their servant. They know who's who and what's what. They are readers of advertising in live daily newspapers like The Telegram and Times. They look upon advertising as a guide to their intelligence. They count it as a good friend who saves them time and money. They get their money's worth always. As a rule they are prosperous and thrifty. Be a reader of advertising. Get the full value of the service this newspaper has to offer you. Be sure before you buy and then you will buy with wisdom.

C. P. R. OFFICIAL HERE ON INSPECTION TRIP

A. Price, assistant general manager of the C. P. R., arrived in the city this morning, on his inspection car, New Brunswick, attached to the Montreal express. Mr. Price is here inspect the railway's terminals at this port and will go to Sand Point and the Strait Shore this afternoon. He will return to Montreal this evening. His tour of inspection has nothing to do with the sailings of the steamers this winter but is the usual inspection held here before the winter port business opens. Frank J. Carr of the C. P. R. staff, Montreal, arrived in the city this morning with Mr. Price and will return to Montreal this evening.

"Larry" or "Jack" McLean, Giants' catcher, who played in St. John with the Roses and Alerts ten years ago. Meyers injured this process early in a game would compel the substitution of one of the younger catchers, Wilson or Hartley, whose nerves the speedy Athletic runners might try severely. Merkle started out to hit well in this series, and he is an experienced first baseman, while George White is not, although this fine fielding pitcher gave a splendid account of himself at Shill Park, saving the game for the Giants by his skillful handling of taps by Lopez and Plank in the ninth inning. Altogether, the general batting and base running and probably the defensive strength of the Giants is lessened by the inability of the crippled trio to play. Today's Batting Order. Neither manager this morning would commit himself as to his choice of a pitcher for today's game. As the situation shaped itself while preparations for the game were in progress, the probable batting order was: Philadelphia.—E.
