Mileage**

Means  
Less Cost  
Per Tire

Look below the surface when you buy a tire. Most tires are cured but once on an iron core.

**GOODYEAR TIRES**

are the only tires receiving a second cure on bags of air that are shaped like inner tubes. Under heat, this air expands and smooths out any wrinkles the fabric may contain. This saves many blow-outs—caused in rival tires by wrinkled fabric.

**ALL-WEATHER TREAD**

Note these rows of rugged deep-cut blocks. They are sharp edged so they grip where common "non-skids" slip. They are tough and extra thick so they minimize punctures and give extra mileage. This famous tread enhances the matchless beauty of Goodyear Tires. Yet the blocks are flat, and so the tire runs smoothly. We offer you Goodyears in both Fabric and Cord Tires.

**FIRST COMMUNION  
IN THE CATHEDRAL**

Sixty-Five Girls and Sixty Boys — Large Congregation at Mass.

In the Cathedral of the Immaculate Conception a most devotional spectacle was witnessed this morning when Rev. William M. Duke, the rector, administered First Holy Communion to about 125 little ones. The ceremony took place at the 8 o'clock mass, which was attended by a large congregation.

There were about sixty-five girls and sixty boys. The girls were dressed all in white with white veils and the boys in dark suits with white bows on their arms, and presented an appealing sight as they approached the altar rail with marked devotion. During the mass and while the Blessed Sacrament was being administered, the choir sang appropriate hymns.

After the ceremony, Father Duke spoke a few words to the children, counselling them on their duty for the future. He announced that this afternoon at 2:30 o'clock they should be enrolled in the secular. During this morning's ceremony the choir marshalled the little ones most efficiently.

**CLEAN UP, ALL,  
AND HELP MAKE  
CITY BRIGHTER!**

Next Wednesday and Thursday will be clean-up days and citizens are asked to take particular note of the fact. Superintendent Price of the public works department, will have fifteen or twenty teams employed collecting ashes, rubbish and debris of all kinds, which must be placed at the curb on the sidewalk by citizens, and it will be removed free of charge. The city will be divided into six districts and teams will be operating during the two days in each. Many citizens are expected to take advantage of the holiday to clean up their premises for the summer and they will be able to get rid of all rubbish by following the above instructions.

**ATTRACTIONS  
FOR HOLIDAY**

Citizens who are planning on remaining in the city over the holiday will have ample opportunities to enjoy themselves. In the morning the East End Playgrounds will be auspiciously opened. There will be a flag-planting and Mayor Schfield, some of the city commissioners and members of the executive will be on hand to officiate at the celebration. After a few remarks by his worships, various games will be started for the children. It is also the intention of the officials to run sports and offer prizes to the winners. It should be a gala day for the children.

Baseball lovers will have an ample opportunity to witness their favorite pastime as two exhibition games will be played in the afternoon. On St. Peter's new diamond the green and white nine will line up against the Great War Veterans. The other game will be played on the East End grounds the Atlantic Sugar Refinery. As all four teams will have their line-ups fans should see some real fast ball. Games will start at 2:30 o'clock.

Many people plan on spending the holiday along the shores of the St. John and Kennebecasis rivers, and with this in view motor boat owners have been working getting ready for their first trip of the season.

The river steamers will have special excursions to points of interest and it is again that large numbers will avail themselves of an opportunity to spend the day in the country.

In the city the theatres announce holiday programmes of interest.

**THE LUXURY TAX**

To the Editor of The Times.

Sir—May I be allowed a few lines in your valuable paper on the so-called luxury tax. In the first place, if it were not for the title, "Luxury Tax," my estimate would be only wasting time. We must have a pair of boots, a hat, a shirt and a suit of clothes, and pay a luxury tax on them. Now look at the luxury and extravagance which would bring in a big revenue and is not taxed. If we chew gum and eat chocolate we are taxed, but as far as I can see we can sit at the table and drink all day without being taxed. It has been said that one soda fount in St. John sold 30,000 drinks a month. One cent on each drink would bring in \$300 a month from one store. The soda fount has taken the place of the barroom, and the business is growing fast. We have pool rooms, billiard rooms, bowling alleys and jazz halls which are swarmed with people who have money to waste, and it is to be seen where they come in on this tax; and yet the man who is barely able to keep his family clothed and fed has to pay a tax on the necessities of life. Then take the shoeing shops. It's not so many years ago we only had one at the head of King street; now look at the number all over the city. A man will go in and sit down to have his shoes shined when one tin of shoe polish would serve the whole family for a month. Is this not extravagance? Again, is it not extravagant to go into a barber shop and sit down and let the barber wash your hair; or a girl going to a dance, previous to which she must go to the hair-dresser and pay about a dollar to have her hair put up. I don't see any tax on these luxuries. Then we are taxed on cut-glass and expensive china, but I don't see any tax on electrical novelties, and a person who has money to burn can go to a store and get an expensive lamp or a fan or a toaster or a flatiron or tea kettle without being taxed. Are these not luxuries? And yet they tell us at Ottawa that the burden will fall on those best able to bear it; but I fail to see it unless they tax these things mentioned.

Thanking you, Sir, for your valuable space and, as I said before, my argument would be useless if it had any other name than A Luxury Tax.

Yours,  
TAXPAYER.
