

Engagement With Chinese

It Is Reported That the Allies Have Been Forced to Retreat.

After Having Lost About Twelve Hundred Men Killed and Wounded.

Report of the Fight Comes From Chee Foo and Is Not Confirmed.

(Associated Press.) London, Aug. 6.—The anti-foreign party again has the upper hand at Pekin.

According to reports emerging from Li Hung Chang's lodging at Shanghai his baggage is packed preparatory to his departure for Pekin, but, it is added, he has applied to the throne for 20 days' sick leave. Li Hung Chang claims that his representations to the Yang tsé viceroys and T'atou Sheng will be denounced by Li Ping Heng, because they are friendly to the foreigners.

A news agency dispatch from Shanghai, dated today, says it is rumored that the powerful viceroy Yuan Shikai, governor of Shan Tung, who disapproved of Prince Tuan, has been killed.

Correspondents at Tien Tsin are unable to give anything fresh, though a dispatch from Shanghai, dated Aug. 6th, avers that the allies are making slow progress towards Pekin on account of the differences of opinion among the generals. The American, the British and Japanese commanders favor one plan, this dispatch affirms, and the Russians, French and Germans another. Prince Tuan, it is added, seeks to inspire his army by proclamations ordering every foot of the road from Tien Tsin to Pekin to be disputed. All the Chinese troops have been paid in full and troops, money and supplies are going to Pekin from the southern provinces.

It is deemed probable, by military men in London, that the Chinese will make a fierce fight at Pekin on a much greater scale than the defence of Tien Tsin.

A dispatch to the war office at St. Petersburg from Gen. Grodekoff, dated Kharkov, Aug. 4th, says two squadrons near Teche engaged 1,000 Chinese with two guns and 250 cavalry. After a stubborn fight the Russians were reinforced by another squadron with two guns, and defeated the Chinese, killing 200. The Russians lost 8 killed and 8 wounded.

This dispatch adds that the battle around Aigun was continued on August 3rd, the Cossacks losing 6 men killed, 25 wounded, and driving back the Chinese, killing 200 and capturing two guns and two flags. An inscription on one of the flags reads: "The people of the large fist."

Other dispatches report Russian successes near Port Arthur.

Reports of Fighting. Washington, Aug. 6.—The following cablegrams have been received at the navy department:

"Chee Foo, Aug. 6.—British Fame reports, unofficial, engagement at Pei-tsang on Sunday morning, from 3 to 10.30. Allied, whose loss in killed and wounded is 1,200, chiefly Russians and Japanese, are retreating. (Signed) Tausseig."

"Chee Foo, Aug. 6.—Unofficial report, believed to be reliable, about 16,000 allies heavily engaged Chinese at Pei-tsang at daylight of the 5th. (Signed) Remey."

Preparations for the Advance. New York, Aug. 6.—The allies are to make a reconnaissance to-day starting with 4,000 men against Gen. Ma's army, according to a Tien Tsin cable to the Herald dated yesterday, which also says the Fourteenth infantry has arrived.

Preparations for the advance on Pekin are being pushed forward. A large number of boats have been commandeered. All lighters have been seized, which will stop business with Tien Tsin. The combined forces are ignoring all commercial interests. This could not be avoided without detriment to the military operations.

The Boxers are raiding villages south of Tien Tsin. One thousand Mohammedans were massacred. The Chinese are said to be deporting Shan Tai Kwang to Tung Chow.

It is reported that the Chinese have made overtures to ransom the Pekin diplomats and close the war.

The Emperor and Dowager Empress are believed to be in Pekin. Their flight or death would produce a great change. The Chinese now silent or nominally loyal will become progressive when they have nothing more to fear. The fate of those who have heretofore dared to utter pro-foreign sentiments terrifies even the semi-enlightened officials.

Chang Yen, son of a former Chinese minister in Washington, is still exiled. Yang Wing is in hiding. The Manchu party once exterminated, the people will welcome reform.

Li Hung Chang has not put in appearance at Tien Tsin. His former residence, where he received Gen. Grant and other notables, is now occupied by Cossacks. The Americans and the Japanese are said to have about a million and a half ounces each of the government treasure. The Russians have placed their flag upon the salt piles.

Most of the British engineers on the railway have received notice to quit.

They Supported Ching. New York, Aug. 6.—Director of Telegraphs Sheng, at Shanghai, tells in an

interview cabled to the Journal and Advertiser, the story that two members of the Tsung li Yamen, or Chinese foreign office, were put to death for alleged friendliness to foreigners, and adds to the previous story the names of the officials and circumstances of their death. He says the victims of "the Heng" were Hsu Ching Cheng, formerly minister to Russia, and more recently imperial director-general of railways, and Yuan Chang. They had been doing good work in suppressing the Boxers, and supported the efforts of Prince Ching to save the foreign ministers and restore order in Pekin.

Unless the Tsung is suppressed Sheng fears there is no hope for the delegations. From Li Hung Chang.

New York, Aug. 6.—The Evening World, in an editorial to-day, says that it cabled Saturday to Li Hung Chang for the latest official information of the Chinese situation. To-day the paper prints under that head the following response:

"The Imperial decree just issued authorizing escort of the diplomatic corps to a place of safety renders action of the allied forces unnecessary. It is the first step toward a solution of the situation. (Signed) Li Hung Chang."

Situation on Upper Yang tsé Kiang. Paris, Aug. 6.—The French consul at Chung King telegraphs under the date of August 3rd that the situation is becoming more serious on the upper Yang tsé Kiang. The English consul, he says, has left with the customs house staff, and the French official intends to leave with his Japanese colleague. Mail service has been stopped.

Transport From Manila. San Francisco, Calif., Aug. 6.—The transport Logan has arrived from Manila. She is supposed to have on board a number of refugee missionaries from China.

Troops for China. New York, Aug. 6.—The United States transport Rawlins, from Havana, with a detachment of the First United States infantry on board bound for China, arrived to-day. The troops numbered ten officers and 300 men.

London, Aug. 5.—Dispatches received last night add nothing to the general information concerning the progress of events in China.

Although the agents of the cable companies at Tien Tsin on July 30th asserted that the censorship of news dispatches had been abolished, it is evident that correspondents are not allowed to cable any account of the advance in the direction of Pekin.

According to a dispatch from Shanghai, dated August 3rd, the principal opposition will be met 20 miles west of Tien Tsin, where it is stated the Chinese have extensive obstructions. Mines are said to have been located under the railway, the line apparently being left intact.

Sheng, the administrator of telegraphs and railways, objected to the measures for the defence of the foreign settlements, the enlistment of volunteers, and the presence of numerous warships, and asked the foreign consuls to suspend these measures. The British consul replied by pointing out that the measures were only intended to strengthen the hands of the lawful Chinese authorities against disorder.

A St. Petersburg dispatch dated Aug. 4th says Gen. Mozieski reports from China that a part of Gen. Orloff's forces attacked and drove back the Chinese regulars on July 30th, capturing one gun and a number of flags and killing the Chinese commander and 200 men. The Russian loss was 7 killed and 20 wounded.

Reports from Berlin say that Prince Henry, on behalf of Emperor William, made the parting address bidding goodbye to the Fourth Eastern Asian Expedition, which sailed from Bremerhaven for China to-day.

Flooding the Country. Tien Tsin, Aug. 1, via Chee Foo, Aug. 4.—It is reported that the Chinese have broken the canal bank, flooding the country between Tien Tsin and Pekin. Thirty thousand Boxers are eight miles north of Tien Tsin, and a battle is expected.

Viceroy's Alarmed. Washington, Aug. 4.—Some features of the dispatch received from Gen. Chaffee yesterday and which the war department refused to make public became known to-day.

The first dispatch received by the war department from Gen. Chaffee contained very little information, but closed with the statement that he was going forward to Tien Tsin and would give his views. It is what he has done. His views, as cabled in the dispatch of yesterday, were far from palatable to several of the foreign governments, and that is one reason why the dispatch was not made public. This much he asserted. Gen. Chaffee and the United States forces under his command have gone forward toward Pekin with the British and Japanese forces. The troops of the other nations assembled at Tien Tsin did not join in the movement, but the reasons given by Gen. Chaffee could not be learned.

The steady prosecution of military movements undoubtedly has frightened the Chinese viceroys, who have been sparing for time and endeavoring to use the diplomatic corps at Pekin as protection. The Tsung li Yamen dispatch received this afternoon illustrated this condition and made it plain that the imperial government is trying to force a suspension of the advance on Pekin.

Earl Li's Offer. Berlin, Aug. 4.—Indications increase that Germany is preparing another large body of troops for China. The latest news reaching this point has been given by the Frankfurt Zeitung, saying that despite the absence of official admission of the fact it is certain that three other large steamers of the North German Lloyd line have been chartered for September. Opposition papers criticize this because the Reichstag had not been asked to sanction this step, and point out that another heavy army increase will be asked at the fall session of the Reichstag for organization of a colonial reserve army.

In official circles here it is stated there is strong divergence on the subject of policy regarding China between the Emperor and the minister of foreign affairs. Count von Buelow, the latter being

Canadian Casualties. Ottawa, Aug. 6.—The general commanding at Paardekop cables to-day to the militia department as follows:

"Paardekop, Aug. 4.—Following casualties reported near Waterval on July 30th: Strathcona's Horse, killed, 514. Sgt. Edward C. Parker, severely wounded, 402. Pte. Frederick G. Arnold. (Signed) General Commanding."

There is no such name or number in the normal roll as that of Sgt. Edward C. Parker. Arnold is from Corkstown, Barrie, Ont.

Sandercock belonged to "D" Battery. C. L. Smith is with the Halifax company and went with reinforcements to the first contingent. Wilson is of the 10th Royal Grenadiers, and Coombs, of St. John, N. B., was wounded at Paardekop on February 27th.

OFFICER'S SUICIDE. He Was Found Aseep on the Bridge and Blew Out His Brains. (Associated Press.) New York, Aug. 6.—Fourth Officer E. Thiel, of the new liner Deutschland, blew out his brains two days out of the run that ended here this morning, after having been found aseep on the bridge. The second day out it was his turn to watch on the bridge. The air made him drowsy and he fell asleep, at his post. The captain came upon him, ordered him to take off his coat, the ship's badge of office, and sent him to his cabin in disgrace. Five minutes later after the door closed behind him a shot was heard, and when it was forced open the body lay on the floor with a bullet in his brain.

STRIKE DELAYS STEAMER. (Associated Press.) Havre, Aug. 6.—The strike among the stokers and bunkermen of the French line steamer La Bretagne, which was scheduled to sail for New York on Saturday, and which has been delayed here by the trouble, is assuming great proportions. The sailors are now joining in the movement. Some disturbances have occurred, but nothing serious in that direction has happened.

Queen Margherita has composed a tender prayer in memory of her husband and has obtained permission from the Archbishop of Cremona to circulate it among the faithful.

King Victor Emmanuel and Queen Helene will arrive in Rome on Wednesday. The remains of King Humbert will leave Monza the same day, reaching this city at 9 a.m.

THE DOMINION ELECTIONS. (Associated Press.) Toronto, Aug. 6.—It is understood that at a meeting of the executive of the Reform Association held here recently, Sir Richard Cartwright presiding, it was decided that the Dominion elections should be held on October 16th.

CANADA'S DECISION PRAISED. (Associated Press.) London, Aug. 6.—The Times this morning praises Canada's decision not to receive any more destitute immigrants. In view of the spread of anarchy it recommends a similar course of action to European states.

MILITARY AFFAIRS.

Lord Rosebery Resents the Action of Secretary of State for War.

London, Aug. 3.—There was another breeze in the House of Lords to-day, as the outcome of the debate of Friday last regarding the allegation that England was not invulnerable against an attempted invasion.

Lord Rosebery to-day somewhat testily resented the secretary of state for war, Lord Lansdowne, taking him to task for suggesting that the commander of the forces, Lord Wolseley, ought to come to the House and give his authority to the government's military plans. Lord Rosebery said he did not propose to be snubbed in the discharge of what he considered a public duty.

The Marquis of Lansdowne, replying, said the war secretary was responsible to parliament, and the commander-in-chief was responsible to the war secretary.

Several other peers having spoken, the Premier, Lord Salisbury, arose and said he understood Lord Rosebery's contention was that the nation would be much more satisfied if Lord Wolseley would come to the House and express his approval of Lord Lansdowne's plans. It was obvious that if Lord Wolseley could be called upon to do that, he was also entitled to express disapproval. Lord Salisbury said he did not see how that was possible. There was much force in what Lord Rosebery had said, but it was of an abstract kind. The subject was then dropped.

Denver, Colo., Aug. 6.—A dozen detectives and a posse under the command of Sheriff Freeman are scouring the country in the neighborhood of Hugo, Colo., in search of two men who robbed a number of passengers of the Union Pacific west-bound express, early on Sunday morning and killed William J. Fay, of Anaheim, Calif., who resisted them. The robbers escaped on two horses, which they had hitched near Bagdad. The officers lost the trail last night and hoped to recover it to-day.

Valette left Paris immediately after the crime. He and Salson will be confronted. The police tried to discharge Salson's revolver, but not one of the five cartridges would explode because of the way in which he had fixed the hammer.

PROVINCIAL S.P.C.A.

Meeting Held in City Hall Last Evening—Subjects of Discussion.

A special meeting of the Provincial Society for the Prevention of Cruelty to Animals in conjunction with the executive of the local branch was held last evening in the committee room of the City Hall, there being present: J. C. Brown, M.P.P., chairman; C. J. South, provincial secretary; A. J. Dallain, president of the local society; Dr. Hamilton, Mr. Seymour, Mr. Kitch, Lindley Crease, honorary barrister and solicitor for the local organization, and Dr. Holden.

A letter was read from Mayor Gordon, of Vancouver, vice-president of the provincial S.P.C.A., expressing regret for his unavoidable absence. Communications were also read from different portions of the province urging upon the provincial executive the immediate necessity of establishing branches in the various districts, in order that action could be taken in cases of excessive cruelty to horses on the part of the province, and stage drivers throughout the province. There was considerable discussion regarding this matter, the universal impression being that it was most urgent that those branches be organized. Another subject that received consideration was the retelling of poison by the grocers, one of the objectionable features being the negligence on the part of the grocers to register the names of the purchaser; of poisons. This precludes any possibility of the authorities tracing and bringing to justice the person or persons guilty of animal poisoning. Many valuable dogs have recently been poisoned, one veterinary surgeon having attended in such cases of strychnine poisoning during the past week.

In the discussion regarding the present means adopted by the farmers to eradicate the injurious cut-worm, another phase of the question was evolved which has apparently been hitherto overlooked. This was the danger of arsenic poisoning vegetables. Although this matter does not come under the province of the society, at the same time it was apparent to the meeting that due caution should be exercised by people purchasing vegetables during the deprivations of the cut-worms.

Another point of paramount interest which was discussed last evening was the inadequacy of powers conferred by the Cruelty to Animals Act which often prevent officers of the society from securing convictions even in cases of the most flagrant character. As an instance it was pointed out that the act conferred no power on the authorities to prosecute in cases of cruelty to wild animals in captivity, an instance of diabolical acts of this nature being referred to in a cage by a Chlaianan in Vancouver. The secretary stated that he had interviewed the Attorney-General on the subject, who told him that the government would furnish all the assistance in their power, but it was beyond their scope to introduce a new act for British Columbia, which could only be effected by the Dominion government. It was decided to communicate to the wishes of the applicants desirous of the establishment of branches throughout the province as soon as the required funds were on hand. After some further discussion the meeting adjourned.

ROSSLAND MURDER CASE. The Boy Chenoweth Has Been Admitted to Bail.

An application was made this morning to Mr. Justice Martin to admit to bail the Chenoweth boy who has been committed for trial on the charge of having murdered at Rossland one Mah Lin. As the evidence against the accused consists almost wholly of his confession, and as His Lordship considered that the onus of proving such confession to have been voluntary had not been fully satisfied by the crown, and in consideration of the fact that the accused is only eight years of age, he granted bail with four securities of \$1,250 each.

The crown counsel admitted that His Lordship having decided that the crown had not affirmatively proved that the confession was voluntary as required under the authorities, the case was a proper one for bail.

Mr. L. P. Duff for the prisoner, Mr. Maclean for the crown.

ATTEMPT ON SHAH'S LIFE. Would-be Murderer Says Had He Been Successful He Would Have Killed the Shah.

Paris, Aug. 3.—Salson, the Shah's assailant, was more communicative to-day, and when an effort was made to interrogate him he spoke freely of yesterday's attempt and venturing his anarchistic ideas, but when asked if he acted as the instrument of others he declined, saying, however, that had he killed the Shah and escaped he would have killed the Czar.

His punishment probably will be a life sentence at hard labor, though he may be condemned to the guillotine. The statutes provide the death penalty for attempted assassination.

Paris has not recovered from its indignation at the attempt on the life of its royal guest. The press is filled with apologies and expressions of regret, and urges as a further protection for public officials the suppression of anarchists. The curious crowd which surrounded the palace of sovereigns to-day was prevented from approaching the palace when a military review was held in his honor.

The Shah seemed the least concerned of all over the effort to take his life, and he has not curtailed the programme he had in view.

THE LATE KING HUMBERT. Monza, Aug. 3.—The remains of King Humbert were to-day placed in a casket of walnut, covered with lead and gilded in such a manner as to leave the metal exposed. The ceremony took place in presence of the Royal family and was very touching. Queen Margherita placed the Italian flag with the arms of the house of Savoy over the corpse.

Olivier Has Escaped

With 1,500 Men He Says He Intends to Continue the War.

Ian Hamilton Reports Boers Are Now Using Soft-Nosed Bullets.

London, Aug. 4.—Lord Roberts has sent to the war office the following dispatch, dated Pretoria, August 4th:

"Lord Algeron Lennox has been released by the Boers. Only two official Boer prisoners."

"Commandant Olivier has managed to escape to the hills in the vicinity of Bethlehem with 1,500 men. He has informed Gen. Bruce Hamilton that he does not consider himself bound by Gen. Prinsloo's offer of surrender, and that his force intends to continue the war. He has taken up a position between Harrismit and the Newmarket road.

"Lieut.-Gen. Bunde is now following him. A prisoner captured by Gen. Ian Hamilton says that soft-nosed bullets are now served out to the Boers."

"I am presenting this matter and protesting to Gen. Botha."

With the Canadians. Toronto, Aug. 4.—Mr. Hamilton, the Toronto Globe correspondent, writing from the bank of the Vaal, May 26th, says there was another hard day on Sunday, May 20th. The Canadians were the guard and marched at 9 a.m., not getting into camp until 7 p.m., after dark. The march was now northward upon Heilbron. In the capture of Heilbron the Canadians were the leading regiment. The battalion formed an attack, and found its place opposite the town and to the east of it. The right of the line was formed by C Company, which secured the dugouts and kopjes in the case of the town, while the rest of the line, in widely extended order, approached and entered the town. The artillery and mounted infantry were further to the left. The fighting was not severe.

Mr. Hamilton, writing from Johannesburg on June 1st, says of the fight at Paardekop: "The hand of the battle rested lightly upon the Royal Canadian Regiment this day. Strong as was the Boer position, fierce and accurate as was the Boer fire, only seven men were wounded in the Canadian regiment."

Queen Margherita has composed a tender prayer in memory of her husband and has obtained permission from the Archbishop of Cremona to circulate it among the faithful.

King Victor Emmanuel and Queen Helene will arrive in Rome on Wednesday. The remains of King Humbert will leave Monza the same day, reaching this city at 9 a.m.

Funeral on Thursday. Washington, Aug. 6.—The following cablegram has been received at the state department from Charge d'Affaires Odings, at Tomoko: "Foreign office notified that the funeral of the deceased King Humbert will take place in Rome on August 9th."

THE DOMINION ELECTIONS. (Associated Press.) Toronto, Aug. 6.—It is understood that at a meeting of the executive of the Reform Association held here recently, Sir Richard Cartwright presiding, it was decided that the Dominion elections should be held on October 16th.

For a living. He has to. He must "make hay while the sun shines," no matter how he feels. The result is overwork. The stomach usually gives the first sign of strain. The organs of digestion and nutrition are deranged. Food does not nourish. Indigestion appears. In such a case Dr. Pierce's Golden Medical Discovery re-establishes the health by a complete cure of the diseased organs of digestion and nutrition. It cleanses the stomach, purifies the blood and removes the causes of disease. It is a temperance medicine, and contains no whisky nor alcohol.

"I was troubled with indigestion for about two years," writes Wm. Bowker, Esq., of Julliac, Texas Co., Texas. "I tried different doctors and remedies but to no avail, until I wrote to Dr. Pierce's Golden Medical Discovery and received a box of his medicine. I suffered with a pain in my stomach and left side and thought it would kill me. I am glad to write and let you know that I am all right. I can do my work now without pain and I don't have that tired feeling that I used to have. Five bottles of Dr. Pierce's Golden Medical Discovery and two visits of his 'Pleasant Pellets' cured me."
