### Grippe's Ravages. A CAMPDEN LADY CURED OF ITS AFTER EFFECTS.

She Was Left Weak and Run Down, and Unable to Regain Her Strength Until She Used Dr. Williams' Pink Pills. In the village of Campden, Ont. and throughout the surrounding country, there are few people better known or more highly esteemed than Mr. and Mrs. Daniel Albright. Mr. Albright has for many years filled the position of village postmaster, in addition to conducting a boot and shoe business. But it is with the postmaster's estimable wife that this article has chiefly to do, as it gives, practically in her own words, the pen. Williams' Pink Pills. To a reporter who asked Mrs. Albright if she would consent to give the particulars of her illness and cure for publication, she said: "If you think my experience will help some other sufferer I am quite willing to give it, for I may tell you that I am a very enthusiastic admirer of Dr. Williams' Pink Pills.
