The amount reoeived by him during the year was \$6,749.17 and disbursements \$6,748.29, leaving a bal-ance in the Maritime bank of 88 cents. The report was referred to the audit comsuffered from rheumatic gout and chronic trouble of the stomach and liver, which Burdock Blood Bisters effectually cured, after all other tried remedies had mittee.

All druggist: in the absence of the chairman, was read by the scoretary. The internal interests of the school have been most satisfactory during the year, but that there was not a larger attendance is regretted. The directors recommended that a site for a seminary edifice should be select-

In their report the directors said that there was the sum of \$511.27 due the teachers in the institution on their salaries, for the payment of which it was important that provision should be made. On rent \$262.50; for fuel \$60; for printing about \$45, and some small bills amounting to \$6. There was due A. Cushing \$23,50; due Mr. Gaunce \$120 41; due for painting school rooms in institute about \$37; total \$1,245 67, for which there is a provision of \$420.33 on unpaid tuitions, leaving a deficit of about \$825.45, which should be provided for at once. Rev. Mr. Gordov, chairman of the com mittee appointed to confer with the friends of the institution in Sassex, reported that subscriptions for the building were on hand to the amount of \$5,930, and he thought a considerable larger sum might be secured. AFTERNOON SESSION.
In the afternoon Wm. Vaughan, of St. Martins, said that the people of that place were ready to give as much as was originally proposed, about \$6,600, without any restrictions to have the seminary transferred to that place. He said also that a fine lot of land in the parish could be obtained for school purposes for a very small amount of money. Mr. Peters thought that without a larger
