

ST. JOHN. STAR WINDMILL BRANDS. TRY THEM! VOL. 2, NO. 11. ST. JOHN, N. B., SATURDAY, SEPTEMBER 21, 1901. ONE CENT. THE ROYAL TOUR. Decorations Conferred By the Duke at Ottawa Today. Winnipeg Disappointed By the Action of His Royal Highness. OTTAWA, Sept. 20.—Ottawa did nobly today in its welcome to the Duke and Duchess of Cornwall and York. There were thousands of visitors in the city and the greeting to their royal highnesses was of the most enthusiastic character. It has been a subject of comment that at Quebec and at Montreal the crowds did not cheer. This was not the case at the capital. From the time that the Duke and his escort arrived at the station, until they reached Rideau Hall, it was one continuous volley of cheering, and their royal highnesses were noticeably gratified. At Elgin street station the Duke and Duchess were welcomed by the Governor General and a brilliant staff. The military and police arrangements were simply perfect, not a hitch occurring. The city never looked better, the decorations being far in advance of anything ever attempted here before. This is due to the fact that the civic reception committee had spent its appropriation in a most judicious manner, placing the entire contract for decorating in the hands of an English firm which has been doing this class of work for the last fifty years. The English newspaper correspondents accompanying the party concede that Ottawa carried the palm in the way of effective decorations. Arriving at Parliament Hill, the Duke and Duchess were met by a tremendous concourse of people, numbering thousands, over 5,000 school children uniting in singing God Save the King, and on the departure of the royal party, the Maple Leaf Forever.

LETTER FROM A. R. GLOBE. He Tells How a Boer Woman Shot Two Men. An interesting letter received by a gentleman in this city from A. R. Globe of the west side, now Q. M. Sergt. of 1st troop, S. A. C., written at Meakins' Farm, Orange River Colony. Among other things says: "Affairs have been rather busy about here lately. Commandant Jacob's command, 600 strong, is in this district. General Knox and Esberson came through with three columns last week and brought in six hundred women and children, one hundred Boer prisoners, three hundred Boer wagons and about ten thousand head of live stock. One old woman shot two men dead after the party had surrendered. The Boer men ran in among the women when they saw that they were cornered. These two men rode up, thinking everything was clear, when they got it. A few prisoners are being brought in almost every day, so it seems just a matter of time. "A new corps has been formed called the 'Burgers' Police of Farmer's Guard. They are made up of ex-Boers and are attached for duty to the S. A. C. They are said to have done some good work lately. "As matters become settled it will be better for the S. A. C., although we have a fairly good time as it is. This country did not seem the same before to me as it does now, and I think I have noticed more about it since coming out this time than ever before. "If you want employment put an ad. in the Star. No charge is made for that, nor for ads. of help wanted."

THE ROYAL TOUR. South Africans appeared in khaki to receive their medals, and General O'Grady fully deservedly closed his eyes to the breach of orders. The Boers were permitted to stand in the ranks, and then the medals were called for, the Duke handing one to each man and shaking hands. He spoke in terms of warm praise to Muller, the blind teacher. The medals for the several actions have not yet arrived. WINNIPEG, Sept. 21.—Lieut. Governor McMillan has received a despatch from Ottawa stating that the Duke of Cornwall and York will not officiate at the ceremony of laying the foundation stone of the memorial to her late Majesty Queen Victoria. The decision has caused much dissatisfaction, elaborate preparations having been made in anticipation of official sanction of the function.

A BRITISH OFFICER. Speaks in Warm Praise of President Roosevelt. NEW YORK, Sept. 21.—Capt. Arthur Lee, former military attaché of the British embassy in Washington, sails today for England, after a brief visit to this country. Captain Lee represented the English army here during the Spanish-American war, and was on the island of Cuba when President Roosevelt was there as a colonel of volunteers. Capt. Lee is quoted as follows: "I became acquainted with the president in Cuba, and practically ate and slept with him throughout a large part of the campaign. We became intimate friends, and, for my part, I think that the people of this country have nothing to fear, but great things to expect from his administration. I have studied the man at close range, and it is most annoying to me to hear expressions made that he is of the hot-headed type. I know him to be conservative in his actions, and his statements that he will carry out the policy of his predecessor will be believed in England, notwithstanding the fact that much has been said there as to his intention to calculate to create uneasiness respecting his future actions."

NO PLACE FOR ANARCHISTS. LEADVILLE, Colo., Sept. 21.—An Italian at the Elk mine remarked yesterday that all kings and presidents should be killed and that it was the right thing to kill McKinley. Three hundred miners gathered at the shaft until 11:15 p. m. concluded a review of 140,000 troops on the plain of Betheny. The march past lasted from 10:45 a. m. to 1:10 p. m., terminating in a magnificent charge of 20,000 cavalry. The spectacle was intensely imposing and the spectators were in a state of excitement. In his speech at the luncheon which followed the review today, President Loubet created somewhat of a sensation by referring to the Franco-Russian alliance as a settlement inspired by justice and humanity. Whether rightly or otherwise, some of his hearers took his remark to refer to affairs in South Africa.

ALWAYS FALL ON SAND. NEW YORK, Sept. 21.—After a fall of 115 feet from one of the iron girders of the New East River bridge, Emmet Knight, 18 years of age, survives with only surprisingly slight injuries of a broken arm and bruises on the body. Knight was carrying some tools to a workman on the bridge, and began to walk along the girder, when his foot slipped and he plunged downward, a sheer fall of 115 feet, to the street. He landed in a pile of sand. When assistance reached him he was conscious. He was taken to the hospital and the doctors found that he was only slightly hurt.

FATAL RAILWAY COLLISION. BUCHAREST, Roumania, Sept. 21.—The express for Vienna collided this morning at Polta with a petroleum train, killing eight persons and injuring nine. The petroleum train, which dashed into the rear of the express, was descending an incline at the time. Eighteen petroleum cars were set on fire and the express train was completely destroyed.

OPPOSED MISSIONS—NOW A MISSIONARY HERSELF. Mrs. Isabella Bird Bishop, the great traveler and author, has offered herself to the Bishop of Calcutta for mission work in India. When she began her extensive travels Mrs. Bishop was a decided opponent of missions, but has been completely converted by her visits to mission lands, until now she proposes to become a missionary herself. She has visited more mission fields and stations in many lands and of all religious bodies than any other person. It is supposed she will be self-sustaining in her missionary work.

SOUTH AFRICA. The Condition of Affairs is Not Satisfactory. Dutch Minister of Foreign Affairs is Making Himself Offensive. LONDON, Sept. 21.—While Mr. Kruger and Dr. Leyds are drawing up petitions to President Roosevelt and the Czar, asking them to intervene, the fighting Boers are helping themselves in South Africa by celebrating the expiration of the period in which Lord Kitchener proclaimed they must surrender by four notable successes. The situation is singularly like the opening of the war two years ago. The names of the same places are recurring in the despatches. Utrecht, where Major Gough was entrapped, was the scene of a similar ambush eighteen months back. Acton Homes, where the Boers yesterday re-appeared, is 18 miles southwest of Ladysmith, prominent in the early hostilities, and the Natal colonies are mustering for the defense of the Tugela, as when General Buller invaded Natal in 1899. In Cape Colony fighting is again going on south of Stormberg, in territory traversed by raiders and their pursuers half a dozen times. The government's publication of these reverses causes an outburst of exasperation against the conduct of the war by the ministry. The great ministerial journals accuse the government of trying to run the war "on the cheap," by not providing Lord Kitchener with enough men and supplies.

RUSSIA AND FRANCE. Loubet Announces Franco-Russian Alliance—140,000 Troops Retailed. BETHENY, France, Sept. 21.—The Czar, the Czarina, and President Loubet at 11:15 p. m. concluded a review of 140,000 troops on the plain of Betheny. The march past lasted from 10:45 a. m. to 1:10 p. m., terminating in a magnificent charge of 20,000 cavalry. The spectacle was intensely imposing and the spectators were in a state of excitement. The latter gentleman was in Halifax one day this week, and viewed several of the sites. Mr. Smith belongs to England, and he is said to represent several wealthy English ship builders, and others.
