afternoon. He and Mrs. Gates were welcomed at the station by a large number of their old friends in Germain St. Baptist congregation. Last evening Dr. Gates resumed the duties of his pastorate by leading the monthly conference meeting. The weather was forbidding, but the people knew that their old pastor was to be there and the attendance was large and the greeting sincere and hearty. During the meeting many of those present spoke in words of thankfulness of Dr. Gates' return, and earnest prayers were offered for even more successful years under his leadership than the church had known heretofore. With deep feeling the pastor told of his great pleasure at being back again m his old church and among his own people, and echoed their wishes for blessings upon the years to come. Talking to a reporter after the service, he again spoke of his gladness at returning to St. John. "It seems more like home to me," he said. "I feel as if I had only been away on a short yeaction and I intend to quietly take up my work as if that were the case. I have only the kindest words to say about the Windsor Church I have just left. They were very good to me over there and seemed loath to let me go, but this call came in such a way that I couldn't do otherwise than accept. I have left a pleasant church and a united people, and I am happy in the thought that my successor is a man eminently fitted to minister unto them. He is Rev. W. F. Parker of Yarmouth, and he begins his pastorate there on Sunday, as I do here.

"No, I have laid out no plans, no expectal lines to work upon," he said in answer to a question. "I shall simply slip into my work again as if I had never been away and be ready to meet the days' needs and demands as they come up."

Dr. Gates has not changed in the least noticeable degree during his two year? absence. He looks in the best of health and says he is feeling better than for years. He was tired and worn when he left St. John, but the change has done him worlds of good and he comes back to his old people with renew
