Without the danger, pain or expense of an operation.

Dr. Chase's Ointment

Is imitated, but its cures are not duplicated. Read the evidence.

Just as there are many receipt books, but none that ever approach to the value of Dr. Chase's, so there are many imitations of Dr. Chase's Ointment, but none that can effect such cures as are daily brought about by means of this great healer.

The supreme test is found in the curing of piles. Dr. Chase's Ointment has never yet been known to fail to cure piles—no matter what form or of how long standing. This can be said of no other remedy ever discovered.

You need not accept our statement for the merit of this price among remedies. Read the evidence in the daily press.

S., states: "I take pleasure in stating that Dr. Chase's Ointment cured me of a severe case of itching piles from which I suffered for ten years, and tried nearly every remedy recommended for piles without obtaining relief. One box of Dr. Chase's Ointment cured me completely."

You can test Dr. Chase's Ointment without cost by sending five cents to pay postage of a single box. Dr. Chase's Ointment 60 cents a box, at all dealers, or by mail from Edmondson, Bates & Co., Toronto.

THINGS OF VALUE.

Mary had a little lamb And then her mean grew, Until he wore the morning dawsed. She had a nightmare, too!

Severe colds are easily cured by the use of Bickel's Anti-Consumptive Syrup, a medicine of extraordinary penetrating and healing properties. It is acknowledged by those who have used it as being the best medicine sold for coughs, colds, influenza, and all affections of the throat and chest. Its agreeableness to the taste makes it a favorite with ladies and children.

The sweetest songs are those unsung, The deepest thoughts are those unthought, The truest joys are those unshared.

Use the safe, pleasant, and effective remedy, Mother's Own Kidney Pills, nothing equal to it. Procure a bottle and take it home.

"Why stand ye here idle all the day?" asked the taxpayer, who is fond of quotations.

"Because," replied the party of the second part, "I am a city employee."

Have you tried Holloway's Corn Cure? It has no equal for removing these troublesome excrescences as many have testified who have tried it.

"Say, Wren, I didn't know Wigsby Walkover is a college man."

"Is he?" "Wot makes you think it, Limpy?"

"Cos he's chalked a meter over de door of de old barn where de boys all sleeps."

"An' wot is it?"

"Abandon soap all yeas dat comes inside."

Excellent Reasons exist why Dr. THOMAS' KIDNEY PILLS should be used by persons troubled with affections of the throat or lungs, or even upon the skin, rheumatic pains, or humors, or ex- ternal injuries. The reasons are, that it is speedy, pure and unobjectionable, whether taken internally or applied outwardly.

"I can play chess without chessmen or chessboard."

"Fool! I've played self without golf hose and before I know the dialect."

An End to Bilious Headache.—Biliousness, which is caused by excessive bile in the stomach, has a marked effect upon the nerves, and often manifests itself by severe headache. This is the most distressing headache one can have. There are headaches from cold, from fever, and from other causes, but the most excruciating of all is the bilious headache. Farnie's Vegetable Pills will cure it—cure it almost immediately. It will dis- appear as soon as the Pills are taken. There is nothing surer in the treatment of bilious head- ache.

"When through her own carelessness, I discover- ed that she wore false hair, I lost all love for her," said HARRY.

Alas! He was not the first man wrecked by a misplaced switch.

They are not Violent Indigestion.—Some persons when they wish to cleanse the stomach, resort to Epsom and other purgative salts. These are speedy in their action, but serve no permanent good. Their use produces indigestion, and if persisted in they injure the stomach. Nor do they act upon the bowels in a beneficial way. Farnie's Vegetable Pills answer all purposes in this respect, and have no superior.

New York Millionaires.

Only a few people reading advertisements of bankers and brokers, saying that money could be made through speculation, realize that the richest men in America have commenced life in a humble way and have made their fortune through stock ex- change speculation.

Men like Jay Gould who worked as a dry goods clerk in a small town at \$10.00 a week up to his twentieth year, and commenced to operate with a small saving of \$200.00 in Wall Street with a death 70 millions of dollars; Russell Sage who worked as a grocery boy at \$4.00 per week and whose present wealth is estimated at 100 millions of dollars is still operating the market, although 50 years of age, and so are thousands of others who are enjoying all the luxuries life can offer, which is due to their success in speculation.

To the shrewd speculator the same opportunities are open to-day as to others in the past. The small- est capital which can be bought and sold is 10 shares on 3% margin, making \$0 dollars.

Anybody interested as to how speculations are conducted can get information and market letter free of charge upon application by letter to,
