Do you Believe

in going straight to the well for treating disease? If so, you will never use anything but Pepp's for coughs, colds, bronchitis, and throat and lung troubles. Listen why!

It is an acknowledged fact that only a cough and cold remedy gives the lung and throat the relief they need. Hence the success of Pepp's Treatment of the Lungs and Throat. It is a cough and cold remedy which, as you know, can only go to the stomach.

Pepp's is a medicinal medicine in tablet form. To take the treatment you simply dissolve one or two tablets in your mouth and the medicinal forces which are then given off, bathe the throat and are carried by the breath to all parts of the lung passages, breathing tubes and sinuses. In this way they destroy all harmful germs and soothe and heal the inflamed membranes, thus relieving at once the cause of the troubles.

It is surprising how Pepp's and coughs, colds, sore throat, bronchitis, etc., etc., they are a relief to the throat and are therefore, best for children.

BRITISH SOLDIERS TELL OF OUTRAGES IN EASTERN PRISONS.

London, Oct. 24.—Liberated British prisoners passing through Sofia on their way to Calcutta, according to a dispatch to the Mail, said that although the British and French prisoners endured much hardship, the Serbians were regularly beaten by their Bulgarian captors, and often shot without reason.

One British prisoner said, according to the dispatch, the poor devils were thrashed, worked to death or slain in a way that no civilized country would allow a dog to be treated.

Some members of the British prisoners party also said to have been pitifully pale and thin, but one said: "There are men in far worse condition than we."

St. John Will Deal Him Out Some Hammer Blows Next Week.

To hammer the Hun and to smash him so thoroughly that he will never again be able to impose his will upon the world—never again be able to slaughter innocent women and children—is the real aim and purpose of the Victory Loan.

St. John is expected to deal him out some hammer-blow next week that he will never forget. These hammer-blow will be handed out in the Kaiser and his Hunnish hordes by the soldiers of Canada and it is through them that the people of Canada must act.

Every Victory Bond that is purchased in St. John next week will be a hammer blow for victory. The more bonds that are bought, the more money that is loaned to the government, the heavier will be the hammer blow.

This fact should be borne in mind next week when the Victory Loan canvassers go "over the top" for their five million dollar objective. Lead! Lead! Everybody lead!
