employs a Phonographer at \$95 per month. Mr. Geo. Hague, Gen'l Manager Merchants' Bank, Toronto, sent to England for a Phonographic clerk. Court Phonographer is a legal office in all the courts of Michigan, at a salary of \$2000 per year, fixed by law. Other examples might be given, but these are sufficient to show the lines of employment open to the competent Phonographer. There are many ladies who yearly earn as Phonographic cerks and reporters from \$1000 to \$2000. The business of reporting is the only one in all the branches of a professional education which is not, and is not likely to be, overcrowded.

Individual Instruction

s given in all branches, and is of a very great advantage. The progress of no student is retarded by the dullness or inattention of that of another. Persons who are, through misfortune or early neglect, deficient in any of the branches taught, will here find the readiest means to supply their wants, and should not under any consideration be influenced to stay away on account of such limited qualifications, as they will find the majority of their fellow students in a similar condition. It is never too late to make a successful start. No one except the teacher need be cognizant of your deficiencies.

GENERAL INFORMATION.

TUDENTS can enter at any time, as we have no term divisions, and each student receives individual instruction.

REQUIRED QUALIFICATIONS.

A common school education, or a knowledge of the English branches. However, a good education will add to the advancement of the pupil.

TIME REQUIRED.

The time required for completing a course depends upon the student's education at the time of entering, the diligence and perseverance with which he pursues his studies, etc. Generally about five or six months.

BOARD.

As we have always a list of good boarding houses, at from \$2.50 to \$2.75 per week, we would advise students on coming to town to retain their baggage checks and come at once to the College office, where they will receive assistance to obtain suitable board.

Having taken a six months' course of study in the Canada Business College, I take great pleasure in recommending it to those wishing a practical business education. I believe there is no college that has the facilities for imparting to its student as more thorough or practical course of study than at this institution. I have carefully examined the work of the best permen in the States and I unhesitatingly say Prof. McLachlan has no equal as a penman, and as a superior teacher of the art he has thoroughly established his reputation.
