THE PETERBORO RESULT.

[Le Devoir.] The defeat of the government candilic and Great Britain. Everything being born again, is recalled a little date in Peterboro presents a question of first importance. Are we going to Heither numerous nor in any way representative of real American public feeling. Let the average Canadian run over the list of his relatives, friends, even chance acquaintances, in the United States, and consider who among them wants to have war with Great Britash or with any other country for that matter. The real times the prime minister would allow him to pursue his campaign of propaganda, to conduct a redistribution of seats, and assure for those members who do not expect to be always a pleasure to see a great at the United States, and consider who among them wants to have war with Great Britash or with any other country for that matter. The real times the prime minister would allow him to pursue his campaign of propaganda, to conduct a redistribution of seats, and assure for those members who do not expect to be sufficiently of a government defeat at any moment, the premier may prefer to take his plunge. He has altready chosen, as far as it depends upon him, the battle-ground. He has not the same reasons as those of his partisans, who are assured in advance of personal defeat, to cling to power. In fact, he may not fear to pass through a stage of opposition. Arthur Meighen is not yet so years of age. He knows his own income natural to her EDITORIAL NOTES.

The British Columbia Legislature has elected its woman member as speaker. Having the last word will come natural to her.

The same is true of the average Briton. After five years of lite-and leath struggle the last thing he wants is more war. There may be a mall jingo element in Britian among he people who prospered by the war or who held down the home war on the contents is fed up on fighting for this generation. All the greater, then, at the crime of anyone who tealks in way that might lead to trouble.

As Canadians, we are more concerned than any other people can be well the first and dream, and the member as speaker. Having the lagislature has elected its woman member as speaker. Having the lagislature has elected its woman member as speaker. Having the lagislature has elected its woman member as speaker. Having the lagislature has elected its woman member as speaker. Having the lagislature has elected its woman member as speaker. Having the lagislature has elected its woman member as speaker. Having the lagislature has elected its woman member as speaker. Having the lagislature has elected its woman member as speaker. Having the lagislature has elected its woman member as speaker. Having the lagislature has elected its woman member as speaker. Having the lagislature has elected its woman member as speaker. Having the lagislature has elected its woman member as speaker. Having the lagislature has elected its woman member as speaker. Having the lagislature has elected its woman member as speaker. Having the lagislature has elected its woman member as speaker. Having the lagislature has elected its woman member as speaker. Having the lagislature has elected its woman member as speaker. Having the lagislature has electual force and his power as a detact. He cannot ignore the fact—and have the seed the wash! tho kiss of hone And steels the weight of the burden of the swelch tho kiss of opposition. After t

ABOUT CANADA?

ANSWERS TO YESTERDAY'S QUESTIONS. Dixon entrance is at the west const opposite Prince Rupert, separating the Queen Charlotte islands from Alaska.

-The area of Canada is 3,729,665 square miles.

Since confederation Canada has spent 26 millions on immigration.

7—The college of agriculture of Nova Scotia is at Truro. 8-When it was a separate province, Cape Breton had Sydney as capital

10-Montreal is Canada's largest city. TODAY'S QUESTIONS .-2—Which province has a United Farmers' ministry?

3-What percentage of the waters flowing over the Niagara Falls, are on the Canadian side? in Canada 100 years ago?

5-What is the meaning of the word "Esquimaux"? 6-What was the Quebec conference?

9-When were the first Canadian postwould have succeeded, had it not been 10-Where was Prince Edward sland made a separate province?

thing possible is being done to place the care and treatment of the nervous and mental diseased on a scientific and mental diseased on a scientific and humane basis. The war has brought to the surface the fact that the hard and fast lines heretofore laid down by neurologists and psychiatrists in regard to certain types of nervous and mentally handicapped persons were much too narrow and artificial. Neuro.

psychiatry as known today is prac-tically a new field. It would be difficult to imagine a better equipped hospital from the standpoint of cleanliness, good housekeeping and management, and, while the buildings are substantial and well constructed, nothing "Lez see," queried Heloise, the wait- has been expended on useless ornamen-

"The S. C. R. has recognized the important fact that in ficialing with patients of the types admitted to West. minster, it is essential that the staff must not only be sufficient in numtion is expensive, but not more so than that of a general hospital, where it is taken for granted that a patient must two hats sent home, dear, so that you receive every assistance that can reacan choose. I myself like this one, but sonably be provided to insure his reif you prefer the other, why, I'll keep covery. The curse of most mental hospitals has been the fact that they have only too frequently been allowed to degenerate into nothing better than [Punch.]

During the hearing of a recent case one of the jury produced her knitting in the box. If this thing is done in one of the jury produced her knitting in the box. If this thing is done in one of the jury produced her knitting is a staff that would be efficient if rise to standards demanded in genera hospitals. In connection with this point it is interesting to study the compo-sition of the Westminster staff.

The Moot Point "The moot point in regard to the organization of the Westminster Hospital is one much discussed by neu-rologists and psychiatrists, and refers to the type of patient to be admitted there, some asserting that it must be detrimental to associate nervous cases with distinctly mental ones. It is a difficult question to decide, but the visit disarmed much of the criticism, it being so evident that the patients in the institution were being benefitted, and were in every instance happy and content. Even the 'chronic kickers' refused to register a complaint, and spoke of the kind treatment received on every hand."

Dr. Clarke then referred to the ex-cellence of the staff and the interest shown by its members, the nineteen nurses, all with overseas training, social service work, the eighteen mem bers of the occupational work, sixteen trained ward aides, and 63 medical orderlies, who have been thoroughly instructed in routine ward work, hydrotherapy, the method of taking care of excited patients, acute Joseph and Isaac went to hear Billy committing suicide, and others, bringhey were going home, Joseph said:

How To Revitalize Wornout, **Exhausted Nerves**

Your nerve power depends on plenty of good, rich, red blood of the kind that organic iron—Nuxated Iron—helps make Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on iron filings. Nuxated Iron does not injure the teeth nor upset the stomach; it is an entirely different thing from ordinary metallic iron. It quickly helps make rich, red blood, revitalize wornout, exhausted nerves and gives you new strength and energy. Over 4,000,000 people annually are using it. Beware of substitutes. Always ineist upon having genuine organic iron—Nuxated Iron. Look for the letters N. I. on every tablet. Sold by all druggists.
