## WELCOMED HOME.

The Banquet to Be Tendered A. B. Alyesworth This Evening at Toronto.

The Canadian Commissioner Expected to Expound His Views on Alaska Award.

## A PURELY CANADIAN GATHERING.

TORONTO, Nov. 2.—The most significant feature of the Canadian Club banquet to Mr. A. B. Alyesworth, K. C., at the King Edward Hotel tonight, which will be attended by 350 prominent citizens, will be the absence of British songs and British flags. A great social function with "The Maple Leaf Forever," following the toast "The King," with Canadian flags, and designs and decorations peculiarly Canadian, is what has been arranged for by the Club. The guest of the evening is expected to deliver a speech in accord with the suggestions conveyed in the preparations. There will be only two toasts—"The King" and "Our Guest." The whole evening will be devoted to Mr. Alyesworth's reply.

## BOYS' PECULIAR DEATH.

Was Climbing Through the School House Window

When It Fell With a Crash on His Neck

And He Hung Suspended Until Life Was Extinct.

SHERBROOKE, Nov. 2.—Eimer, the 11 year old son of W. S. Jewers, of Sherbrooke, was the victim of a peculiar fatality yesterday. He went to the school house to get a book, climbing through the window. When returning the window fell on his neck and the lad thus suspended was unable to escape. When found life was extinct.

## SAD SCENE.

Mother and Wife Killed by Runaway Team at New York.

NEW YORK, Nov. 2.—One of the most pitiful scenes witnessed at the morgue yesterday was when the Coroner stopped the proceedings of identifying victims of the eleventh avenue fire to allow Harvey Crosby to identify the bodies of his mother, Mrs. Fannie Crosby, whom he had not seen for 17 years and who had come to this city only the day before to see him and his family on a visit, and his wife, Margaret Crosby, both of whom had been killed Saturday by being run down by a runaway horse attached to a butcher wagon. Mrs. Fannie Crosby, who was fifty-six years old, and the wife of Ira Nathan Crosby, of Yarmouth, N. S., was the mother of seven children. She left home several weeks ago to visit her children who live in Lynn and Boston, then came here to visit her son. The women were run down while out shopping.

## THE HUMBERTS.

PARIS, Nov. 2.—The ministry of justice has refused a request made by Emile Daurignac, brother of Madame Humbert, for conditional release from prison. This action is taken presumably because Daurignac is jointly responsible for the \$20,000 costs of the Humbert trial. He will, therefore, undergo imprisonment in default of payment.

## FRENCH PREMIER.

PARIS, Nov. 2.—The Figaro this morning says it has reason to believe that Premier Combes has quite determined to resign from office, but being unwilling to compromise the passage of the budget, he will not do so before the Christmas holidays, unless compelled to do so by an adverse vote of the majority.

**Committee Meeting This Evening.**  
The regular monthly meeting of the city council committee will take place this evening. At these meetings the accounts for the month are brought up and the business for the council meeting fixed.

**Fatal Accident to an Aged Lady.**

## MONTREAL STUDENTS USED UP.

Took Possession of the Little Village of Longueuil

But the Citizens Rose En Masse and Drove

The Intruders Back to the Metropolis in a Battered State.

MONTREAL, Nov. 2.—About eighty students, mostly from McGill, crossed the St. Lawrence River to Longueuil on Saturday night, ostensibly to take the pro-British side at a Bourse meeting, which was never held. The crowd, however, started Halloween pranks and after causing considerable damage got into trouble with the town's three policemen. The trouble started in a saloon and as the students were driven away, they bombarded the place with missiles of every kind. The police were unable to cope with the students and rang the fire alarm. 250 citizens responded, and when the indignant villagers realized the trouble armed themselves with every kind of weapon and relentlessly drove the mob before them to the Hochelaga Company's wharf. Fifty of them were badly injured and eight were taken to the hospital in an ambulance. The more hot headed villagers were for driving the students right into the St. Lawrence, but wiser counsel prevailed and they were kept in the vicinity of the wharf until the arrival of the ferry, which conveyed the badly used-up fun makers back to the city.

## C. P. R. RETRENCHMENT.

A Large Number of Mechanics Dismissed at Montreal

To Follow Out the Plans Recently Formulated.

Mass Meeting of Employees to Consider the Situation.

MONTREAL, Nov. 2.—Consternation was caused last Saturday when the Canadian Pacific Railway, following out its policy of retrenchment, laid off twenty boiler makers and eighty per cent. of its staff at the Deloraine shops without a moment's warning. Sunday afternoon a mass meeting was held at the boiler makers' headquarters and a committee appointed to wait upon E. A. Williams, mechanical superintendent, and if no satisfaction was received from him the committee was authorized to go direct to President Staughton, and report at a mass meeting on Thursday evening. The men claim that the Company have been importing a large number of men from the old country and that this is the reason for the discharge.

All employees of the mechanical department are greatly excited and claim that unless there is some adjustment of the difficulty, Montreal will be the scene of another labor conflict.

**Abie to be About Again.**  
Alderman J. A. Edwards, who has been laid up for the past few days, was able to be at his office again this morning.

When two women got wound up the third is apt to be put down.
