**Blow My Horn** My Darling Editor:

During the refractory period of the 43rd Annual Red and Black, we, as music co-ordinators, were compelled to credit the musicians who so graciously allowed us to bask Dear Editor, in the glory of success.

# **Rotten Luck**

On November 4th, returned from a long and arduous road trip with the hopes of joining the rest of our fellow students in the leisurely pursuit of musical enlightenment. More specifically, we tried to get into the 54-40 concert.

Due to the cautious "Little Boy Joel (a power- driving of the bus driver, who after 12 midnight. I pro-Thanks also to Chris Brand- ceeded to inform the CP that Seagrave (Sound man, utes ago, returned from a victorious weekend of swimand a big squeeze for Danny ming competitions in Acadia

> My fellow cohorts and I feel that this event, compounded with the events involving CP's in the last few weeks, only continues to shed a questionable light on the authority of the UNB Campus Police. I would also like to add that I was told by the Student Union that they gave no refunds and the CP in question had no authority to say that they would.

## WE'RE READ!!

-------

#### Editor the Bruns,

You, the student body should know something. A real nice, middle-age lady on my street told merecently how she is looking forward reading the Brunswickan from cover to end every week. It does her heart good, reading all the poetry, crazy letters and opinions and the entire other input. Does this tell you something? Yes, keep up this fabulous publication, yes, these stories and the poetry are inspiring and yes, you the students are being read and listened to. P.S. Your Red & Black Review was superb! Dr. Downey is a great sport.

LETTERS TO THE EDITOR Rm.35, Student Union Building, UNB Campus DEADLINE: 5 p.m. Tuesday MAXIMUM WORDS: 30

There is no WISDOM and certainly no Responsibility in abortion. On the contrary, it is very UN-WISE and very, very, IR-**RESPONSIBLE.** If we could only learn, especially in university, really learn the meaning of WISDOM and responsibility. The great guy in the skye better help us.

## **CHURCH & STATE?**

Dear Editor:

**Ridiculous! What pos**sessed the UNB Student Union to reinstate an obscure by-law refusing funding for political or religious groups now?

To deny funding to groups such as the Muslim Students Association (which is, to my mind, more cultural) and the Intervarsity Christian Fellowship while giving money to GALA (Gays and Lesbian Association) seems quite odd. Will funding for the Overseas Chinese Student Association be the next to go? Or CHSR?

While I agree that the Student Union should not fund political groups, denying funds to an interdenominational fellowship group (which has activities for everyone on campus who want to attend) sounds rather biased. Could it be due to the fact that one certain flamboyant law student has so many positions on the Student Council? Personally, I cannot help but think the majority of people on campus would prefer funding be spent on groups that provide the most benefit. Gays and Lesbians Associations does not fit that category.

I am not a member of any o these organizations, being agnostic and heterosexual (therefore fairly unbiased but I do not agree with tht arguments expressed in the Bruns for the abolition o funding for some more worthwhile groups while giving money to a group whe serve a very small minorit; on campus.

**BLUD 'N GUTS** Editor

Blood! Thunder!!

Arlene Glencross says it very well, and intelligently, and wisely. All those except wisely! She blew it all, in her opinion about ABOR-TION, in that small statement "women use abortion wisely and responsibly."

What exactly does GALA do for the average student? According to the November 10, Brunswickan, it is to act as a "peer support group". And what exactly does IVCF or the Muslim Student Association do, but the same thing?

Finally to the genera public who showed up and helped sell out the show. Bes of luck to next year's exec See you all at the fiftieth an niversary show.
