Ottawa, December 4, 1906.

My Sir,-

I have to acknowledge the receipt of your letter of the 26th ult., stating that a new head is required for the windmill at your school; that a new pump is needed for the well at the barn and that it is necessary that a metallic ceiling be placed in the Junior school-room, the total estimated cost of which is given at \$222, and asking permission to make these repairs out of the grant of \$600 provided for repairs to your school.

In reply I beg to say that, in view of your explanations, you may have these repairs made, the accounts for which will be paid out of the grant above referred to.

Your obedient Servant,

Secretary.
