Dear Mr. Prime Minister:

Thank you very much for your wonderful letter.
It shall certainly take first place among my prize
possessions.

I want to assure you that the greatest pleasure
we have had in a long time was our visit with you quietly
in our own small home. Our friendship grows stronger upon
each visit, which shall endure throughout the ages.

We both send our sincere love and best wishes
for good health and peace.

Faithfully yours,

Frances Hull.
