Contractors' Extra Heavy Sand and Gravel Screens.

No. 3 size 7 feet x 34 inches each \$6.00
 " 4 " 5 " 27 " " " " " " " 5.00
 Standard 2 x 3/4 inch in the clear, No. 10 gauge wire. Other Meshes made to order. \$1.00 extra.

These Screens are made with a heavy wooden frame, the top and bottom pieces being of dry hard wood. The Screen is made of crimped hard steel wire, and is constructed as to give the largest possible amount of screening surface. There are no fine wires to cut, hence the Screen cannot get out of order until completely worn out. We guarantee these Screens the best and cheapest in the market.
 For Gravel Screen, see next page.
