GOSSIP

(Continued from page 320.)

ozs., as if too heavy it will crystallize, and if too thin will ferment and sour. Sap should be boiled over the evaporator, not to exceed one-half inch, should be removed at short intervals, as long boiling causes dark syrup and destroys the magnificent, delicate maple flavor. Can the syrup at a temperature of 120 degrees. If it is canned at a less temperature and stored where the temperature will rise to 90 and 100 degrees, the expansion of the syrup will cause the can to leak, and for this reason none but square cans should be used. All air must be excluded from the can. If there is a space between the top of syrup and screw cap by compressing the can, the syrup will exclude the air, and then if hermetically sealed, it will retain its good quality indefinitely. Use new packages only, scald them out thoroughly with hot water, remove all stains from the package, and put your label on the can. The more attraction you have appear on your package, and the better the quality of your product is, the more your trade and income will increase.

JOHN H. GRIMM.

Choice lambs sold in Chicago last week for \$8.25 per 100 lbs. and the prospect is for higher prices yet.

Messrs. Henry Arkell & Son, Arkell, Ont., importers and breeders of Oxford Down sheep and Shorthorn cattle, write: "We enclose some notes of our Oxford and Shorthorn sales made last season. We must thank our old stand-by, the 'Farmer's Advocate,' for a large number of the sales. We could have sold another 50 ewes, if we had had time to spare. We were obliged to withdraw our advertisement from the 'Farmer's Advocate' for a time to save answering the numerous enquiries, as we were sold as short as we wished for the present. We have 250 young ewes and rams coming on for 1905's trade, and a wonderfully even, fine lot they are. A large number of them are from our imported sire, Vanity, one of the best sires we ever owned. It will pay any breeder doing business to advertise his stock in the 'Farmer's Advocate.' The limits of space, we regret to say, forbids the publication of the long list of sales sent by Messrs. Arkell, which is quite the largest we have received from any breeder."

A capital herd of 20 head of good quality Shorthorns are to be seen at Oakland Stock Farm, 2 miles from Hensall Station, G. T. R., in Huron County, owned by Mr. John Elder. The herd is headed by Duke of Hensall =28601=, a very mellow, even-fleshed, level-topped bull, seven years old, by the noted Bracelet bull, Riverside Stamp =23589=, a Toronto winner, and is half-brother to Star of the Morning =31579=, a London sweepstakes winner. The young stock that Mr. Elder has on hand is sufficient proof as to this bull's good qualities as a sire. A few very promising young bulls are now on hand, among them Lord Byron =55429=, nineteen months old, by Duke of Hensall, dam Starlight =25740=, by Royal Saxon, one of the Lady Jane tribe, a strong, thick, deep-bodied fellow with good head and hams. Oakland Stamp =55431=, about nineteen months old, by the same sire as above, dam Waterloo of Hillside, a very heavy-milking dam, grandsire Prince Royal (imp.) 648, belongs to the Lady Waterloo family, and is a straight, smooth, good one. Another thick, growthy one about the same age is from the same sire, and Lady Waterloo, of the Young Mary strain, also a heavy milker, Minnie Rose, Vol. 19, is by New Year's Gift =22254=, dam Pansy, Vol. 18, a Roan Duchess. May Rose 55469, by Roseville Abbot 30874, dam Mayflower 32056, traces to Lady Jane (imp.), by Sir Walter 2639. There are several others well worthy of mention. Suffice it to say this stock is of good quality, and will be sold well worth the money, and we would expect them to give better satisfaction than some imported, or bred direct from imported stock. When writing Mr. Elder don't forget to mention the 'Farmer's Advocate.'"

THE FARMER'S ADVOCATE.

We Offer \$1,000

For a Disease Germ That Liquozone Can't Kill.

On every bottle of Liquozone we offer \$1,000 for a disease germ that it cannot kill. We do this to assure you that Liquozone does kill germs.

And it is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact which gives Liquozone its worth to humanity; a worth so great that, after testing the product for two years, through physicians and hospitals, we paid \$100,000 for the American rights. And we have spent over one million dollars, in one year, to buy the first bottle and give it free to each sick one who would try it.

Acts Like Oxygen.

Liquozone is not made by compounding drugs, nor is there any alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is an absolutely certain germicide. The reason is that germs are vegetables;

and Liquozone—like an excess of oxygen—is deadly to vegetable matter.

Liquozone goes into the stomach, into the bowels and into the blood, to go wherever the blood goes. No germ can escape it and none can resist it. The results are inevitable, for a germ disease must end when the germs are killed. Then Liquozone, acting as a wonderful tonic, quickly restores a condition of perfect health. Diseases which have resisted medicine for years yield at once to Liquozone, and it cures diseases which medicine never cures. Half the people you meet—wherever you are—can tell you of cures that were made by it.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Asthma
Abscess—Anemia
Bronchitis
Blood Poison
Bright's Disease
Bowel Troubles
Coughs—Colds
Consumption
Colic—Cramp
Constipation
Catarrh—Cancer
Dysentery—Diarrhea
Dandruff—Dropsy
Hay Fever—Influenza
Kidney Diseases
La Grippe
Leucorrhea
Liver Troubles
Malaria—Neuralgia
Many Heart Troubles
Piles—Pneumonia
Pleurisy—Quinsy
Rheumatism
Scrofula—Syphilis
Skin Diseases
Stomach Troubles

Dyspepsia
Eczema—Erysipelas
Fever—Gall Stones
Gout
Gonorrhea—Gleet
Throat Troubles
Tuberculosis
Tumors—Ulcers
Varicocele
Women's Diseases

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood. In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever.

Liquozone costs 50c. and \$1.

OUT OUT THIS COUPON.

For this offer may not appear again. Fill out the blanks and mail it to The Liquozone Company, 458-464 Wabash Ave., Chicago.

My disease is.....
I have never tried Liquozone, but if you will supply me a 50c. bottle free I will take it.

306
Give full address—write plainly.

Any physician or hospital not yet using Liquozone will be gladly supplied for a test.

G. W. KEAYS, Hyde Park P. O., Ont.

We want you to remember that

HOLSTEIN COWS

owned by me (formerly at Brookbank Stock Farm, Currie's) won all sorts of honors in milk tests at Toronto, Ottawa and Guelph (5 years), and among many other prizes in the show-ring, including sweepstakes at Toronto and Pan-American in competition with the best in the world. Our herd is always improving. We have now 5 cows whose official test average 22.4 lbs. butter in 7 days, 10 cows whose official test average 20.4 lbs. butter in 7 days, 15 (3 yrs. and up) whose official test average 19.0 lbs. butter in 7 days, 10 (3 and 4 yrs.) whose official test average 17 lbs. butter in 7 days, 10 heifers (average age 26 mos.) whose official test average 11 lbs. butter in 7 days. That is our idea of a dairy herd, and the kind of stock I handle. A few good young bulls, 1 to 13 mos., for sale.

GEO. EJOE,
Annandale Stock Farm, Tilsonburg, Ont.

Lyndale Holsteins

Over 50 head to choose from. A number of young cows and heifers for sale. Six young bulls from 8 to 11 months old.
