Clydesdale Stallions & Fillies Hackney Stallions

We have been importing Clydesdales and Hackneys for 5 years, and in that time have won at the leading shows in Canada and the United States the grand total of 40 championships against all comers on both sides of the line, besides dozens of firsts, seconds and thirds. We never had a better lot on hand than just now. They were winners in

Scotland, winners at New York, and winners at Guelph and Ottawa. They are the best types of the breed, with size, character, quality, action and breeding, and we sell them as reasonably as inferior ones can be bought, and give terms to suit. Clydesdale stallions and fillies and Hackney stallions.

PERCHERON STALLIONS

We still have on hand a few very choice two and three year old Percheron stallions of the big, drafty, heavy-boned type that will make ton horses when finished. Greys and blacks in color, and by the best French sires. All buyers looking for a good Percheron stallion, at a reasonable price, will do well to get our price, as we are in a position to sell below competition. We also have a splendid Hackney stallion, by Garton Duke, that we will sell well worth the money. We invite correspondence of intending purchasers.

QUESTIONS AND ANSWERS. Veterinary.

CANNOT FATTEN HORSE.

Four years ago my horse got halter-cast and pounded his head almost to a jelly. He recovered, but got very thin, and I have been unable to get flesh on him since.

F. C. S.

Ans.—All that I can recommend is tonics and good feed. Get his teeth dressed. Take equal parts sulphate of iron, gentian, ginger and nux vomica; mix, and give him a tablespoonful twice daily in damp food. Feed good hay, and a reasonable amount of rolled oats and bran, mixed with cut hay and dampened with hot water, morning and night, and a liberal feed of whole oats at noon; also, give him a few roots at noon. The amount of grain given must, of course, be regulated by the amount of work or exercise given.

V.

Miscellaneous.

500-BUSHEL ROOT CELLAR.

Kindly give dimensions for root-cellar with a capacity of 500 bushels of roots.

L. C. N.

Ans.—A root-cellar 10 by 14 feet and 6 feet deep, would hold 500 bushels of roots.

BINDING A BARGAIN—ROOTS FOR PIGS.

1. I bought a horse and gave \$1 down to bind the bargain, and then decided not to take the horse. Could I be compelled to take it?
2. Does \$1 down compel the one that owns the horse to give it if I want it?
3. I have ten pigs about four months old. I have been feeding them barley and oat chop, half and half, twice a day, morning and night, and pulped turnips at noon. Is that a right ration for them? They are doing very well. Would they do better without the turnips?

D. P.

Ans.—1. Yes; you are bound by your bargain, whether the sum paid down be large or small. It is usually expedient for a seller to insist on having an amount paid down sufficient to secure him against loss in case the buyer fails to live up to his agreement. He is thus saved the trouble and expense of bringing an action for damages.

2. Certainly; a bargain is binding on both parties to it.

3. You are feeding very sensibly. Pigs of that age are the better of having some roots in their daily rations. When they get to the finishing stage, the roots may be dispensed with.

FLOAT VS. ROLLER.

1. I have been a subscriber to your paper for over thirty years; I would not like to be without it, as I have received a great deal of information from its pages. I would like to know which is best, the float or the roller, for using on the land in spring seeding?

2. I have used a roller for over fifty years, but some recommend the float. I would like if you would give your opinion, and the mode of making one.

T. G. S.

Ans.—1. For most purposes, the roller is the better implement, all things considered. But when the land is lumpy and hard, the float will certainly crush the clods much better than a roller would.

2. Floats can be made in at least two different styles. In one, three round sticks of timber, six or eight inches in diameter, of the proper length for width of float, say seven feet, are laid parallel to each other and about three feet apart, and fastened firmly together in that position by cross pieces spiked on above. The other kind is made of two-inch planks about eight inches wide, and as long as the float is wide. These planks are fastened together, and to cross-pieces above, in such a way that the second laps on to the front one an inch or two, the third laps on to the second, the fourth on the third, and so on, throughout. The under surface of planks thus presents a series of slopes, which, as the float is drawn with the length of planks crosswise to line of travel, grinds up the lumps most effectively. It has this disadvantage as compared with the other, that it fills up with earth if the ground is not thoroughly dry.

Lump Jaw

The first remedy to cure Lump Jaw was

Fleming's Lump Jaw Cure

and it remains today the standard treatment, with years of success back of it, known to be a cure and guaranteed to cure. Don't experiment with substitutes or imitations. Use it, no matter how old or bad the case or what else you may have tried—your money back if Fleming's Lump Jaw Cure ever fails. Our fair plan of selling together with exhaustive information on Lump Jaw and its treatment, is given in Fleming's Vest-Pocket Veterinary Adviser.

WHAT EVERY WOMAN SHOULD KNOW

Dodd's Kidney Pills the Sure Cure for All Aches and Pains.

Mrs. Vaillancourt adds her experience to the great mass of proof that Dodd's Kidney Pills are woman's best friend.

Lafond, Alberta, February 27.—(Special.)—That the women of the West are finding in Dodd's Kidney Pills a sure relief from those aches and pains that only women know, is becoming more evident every day, and Mrs. Agnes Vaillancourt, of this place, gladly gives her experience as an addition to the mass of proof that is being piled up.

"For three years I suffered intensely with Kidney Disease," Mrs. Vaillancourt states. "I had pain everywhere. I only used six boxes of Dodd's Kidney Pills and I am completely cured of all my aches and pains. I am in perfect health to-day."

Woman's health depends on her kidneys. If they are not in perfect order, the impurities are not strained out of her blood, and she cannot be healthy. She feels it in every part of her body, and the result is that she is weary and worn and full of aches and pains. What every woman should know is, that there is sure relief and perfect health for her, if she uses Dodd's Kidney Pills.
