

Had Palpitation of the Heart

Weakness and Choking Spells.

When the heart begins to beat irregularly, palpitate and throb, beats fast for a time, then so slow as to seem almost to stop, it causes great anxiety and alarm. When the heart does this many people are kept in a state of morbid fear of death, and become weak, worn and miserable.

To all such sufferers Milburn's Heart and Nerve Pills will give prompt and permanent relief.

Mrs. John J. Downey, New Glasgow, N.S., writes:—"Just a few lines to let you know what your Milburn's Heart and Nerve Pills have done for me. I was troubled with weakness and palpitation of the heart, would have severe choking spells, and could scarcely lie down at all. I tried many remedies, but got none to answer my case like your Pills. I can recommend them highly to all having heart or nerve troubles."

Price 50 cents per box, or 3 boxes for \$1.25. For sale at all dealers or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

LINCOLN LONG-WOOL SHEEP

And Shorthorn Cattle.

The Riby Grove Flock and Herd, owned by

MR. HENRY DUDDING,

Is the source to which practically all the leading export buyers have resorted from time to time to obtain stud sires and dams, and rams and ewes of unrivalled merit and quality. The record of its show-yard success is unequalled, and so are its sale averages. Selections of Sheep and Cattle always for sale.

Apply: THE OWNER, RIBY GROVE, STALLINGBOROUGH, GRIMSBY, ENGLAND

Shropshire and Cotswold Ewes

At bargain prices, shearing ewes and a few aged imported ewes, bred to a first-class ram. In Cotswolds, shearing and two shear ewes, bred to the best rams of the breed; also ewe lambs, both breeds.

JOHN MILLER, Brougham, Ont.
Claremont Stn., C. P. R.

Cattle and Sheep Labels

Metal ear labels with owner's name, address and any numbers required. They are inexpensive, simple and practical. The greatest thing for stock. Do not neglect to send for free circular and sample. Send your name and address to-day.

F. G. JAMES, Bowmanville, Ont.

The New York City Fire Department has prepared and is distributing cards containing these timely "Don'ts" for housekeepers. We reproduce some:

Don't allow children to play with matches.

Don't use matches or candles in dark closets or cellars.

Don't keep matches except in a tin box with cover attached.

Don't toss away a match unless completely extinguished, and then toss it into a metal or porcelain receptacle.

Don't fill lamps or oil stoves while lighted.

Don't use kerosene oil in lighting fires.

Don't use naphtha or gasoline for cleaning purposes where there are open lights or fires.

QUESTIONS AND ANSWERS.

Miscellaneous.

RATION FOR COLT.

Give a good ration for a young colt, just weaned. I would like to rush him along, as he is pure-bred, and is likely to make a good stallion. He is five months old.

A. F.

Ans.—Give him all the good, clean, well-cured hay he will eat, but do not keep more in his manger than he will eat up clean at each feeding. There is no better grain for horses of any age than oats. It is impossible to state a given quantity, as some colts will eat more than others. Good oats and bran, equal parts, and as much as he will clean up at each meal, should keep the colt in good condition, or chopped oats, with a small handful of ground oil cake and a little bran added, will make a good grain ration. From two to three quarts of sweet skim milk two or three times a day will aid in keeping him growing.

RAILWAY CROSSINGS FOR FARMERS.

The C. P. Company does not give farmers a good crossing over the rails of its track by putting in plank to cross with heavy loads. If I would write the Railway Commissioners, could they compel the company to give a suitable crossing? What would be their address? I am a railway man, but always ask for "The Farmer's Advocate" when I get home, as it is better to my idea than any other paper I have yet seen on farming.

R. M.

Ans.—Under the Railway Act (Sections 252 and 253) every farmer has a right to a farm crossing, and in a case where the railway company has not supplied one, the Board of Railway Commissioners, Ottawa, has power to order one put in. We reproduce the gist of General Order No. 9325, issued January 17th, 1910, and laying down standard regulations for the future construction of farm crossings by railway companies:

"1. Gates—Farm-crossing gates shall be of such a width as to give a clear space between the posts of not less than—

"(a) Sixteen feet in the Province of Manitoba, Saskatchewan, Alberta and British Columbia.

"(b) Fifteen feet in the Province of Ontario.

"(c) Fourteen feet in Quebec and the Maritime Provinces.

"2. Planking and Approaches to Crossing.—The planking or other approved filling between the steel rails, and for a width of at least eight inches on the outer sides thereof, and the roadways between the gates and the track or tracks, shall each furnish a road surface of not less than—

"(a) Fourteen feet wide in the Provinces of Manitoba, Saskatchewan, Alberta and British Columbia.

"(b) Twelve feet wide in the other Provinces of the Dominion.

"3. For any cut or fill up to five feet, the grade shall not be steeper than 10 per cent.; and for each foot, or fraction exceeding one-half foot, of cut or fill in excess of five feet, the percentage of grade shall (except where, and to the extent that, the slope of the ground makes it impossible) be decreased by $\frac{1}{2}$ of 1 per cent. until a depth or height of eleven feet is reached.

"4. When a cut or fill at any farm crossing exceeds eleven feet, the matter shall be referred to the Board to decide as to the advisability of requiring the Railway Company to construct a bridge or undercrossing, unless the Company, in consultation with the owner of the farm affected, voluntarily constructs a suitable bridge or undercrossing. The width of bridges and undercrossings to be the same as the width of the gates in the different Provinces, and the height of undercrossings to be determined by the requirements in each case.

"5. In special cases, it may, upon application, be ordered that any existing farm crossings be reconstructed to conform to the foregoing standards."

(Signed) J. P. MABEE,
Chief Commissioner,
Board of Railway Commissioners for Canada.
