Teale, Esqr., F. L. S., Surgeon to the Leeds General Informary, and which are so highly spoken of fin the Medical Gazette, February 1, 1850. For the information of those who cannot refer to the above work, it may be stated, that these Trusses consist of "an elastic steel girdle, a pad of varying form, according to kind of hernia. and assistat spring acting directly on the pad; elements which existing in various trusses heretofore known, are here combined in the construction of one." The "mode of attackment between the spiral and the pad renders any other fastening unnecessary. An uniform pressure throughout the whole execut of the pad is thus obtained; and the spiral, acting as a universal joint, allows the girdle to adapt itself to the varying movements of the body without disturbing the pad."

FULMONARY ORGANS.

From the Boston Post.
Dr. S. W. Fowle, 138 Washington Street, has an article entitled as above, which we believe is the best preparation hitherto discovered for the cure of colds and other consumptive complaints. Having tested this medicine, we can speak with confidence as to its salutary effects in removing colds and other complaints incident to this season of the year.

From the Cincinnati Enquirer.

Wherever this medicine is introduced, it at once attains that high reputation which it so richly deserves.— What can stop its sale, when on every hand can be witnessed its wonderful cures? The worst cases of Asthma, recent but dangerous coughs, and also those that are of long standing, bronchitis, and consumption in its early stages, are always cured by this remarkable medicine.

Be not deceived by impostors—the public should be careful to get the genuine article, as the imitations and counterfeits being put up by those who knew nothing of medicine, or of the diserses of the human system, are curtirely unsafe and dangerous

None genuine unless signed I. BUTTS on the wrapper. The genuine Dr. Wistar's Balsam of Wild Cherry is now for sale by duly appointed agents, and all respectable dealers in medicine, in all large cities and all import-ent towns throughout the United States, Canadas and British Provinces.
