"AN ANCHOR TO WINDWARD"

"Is there any better argument than the circumstances of the present day for the necessity to business men of "an anchor to windward" in the shape of Life Insurance Policies, which are always worth one hundred cents on the dollar, no matter when and under what stress of circumstances they become due?"

Do not forego this safe assurance for want of a little enquiry.

It will be strange if there is not a Policy to precisely meet YOUR need amongst the many valuable Plans of

Occupying a Trade Vacuum

THE withdrawal from the Canadian market of much merchandise that prior to the war came from Continental Europe left, as it were, a trade vacuum, and a vacuum is abhorrent alike to Nature and to business.

The ceaseless effort on the part of business to expand itself has already led many a Canadian manufacturer to attempt to fill the void caused by the stoppage of imports from the countries at war.

The spinners and weavers of cotton are finding new and surprising uses for cotton as a substitute for jute. Manufacturers of electrical equipment are fast finding substitutes for materials and parts hitherto obtained from abroad. The growing of sugar beets and the making of beet sugar will be stimulated in Canada as a consequence of war. Yarns, hosiery, underwear, gloves and garments for women and children, aforesaid imported, will now be produced in Canada. And so one could go on and on in illustrating the triumph of human energy and genius over disabilities and disorders.

Watch the advertising columns of the public press for proofs that Canadian manufacturers are making efforts to fill the trade vacuum.
