

## TONIC TREATMENT FOR INDIGESTION

The Surest Way to Relieve Stomach Trouble is Through Dr. Williams' Pink Pills.

When the stomach is feeble and food lies in it undigested, the poisonous gases distend the walls of the stomach and cause serious interference with the other organs, especially with the action of the heart and lungs. These poisonous gases have other ill effects. They are absorbed by the blood and so weaken and corrupt it as to cause aches in remote parts of the body and the formation of unhealthy tissues everywhere. Experience shows that these troubles vanish just as soon as the stomach is made strong enough to digest the food. In other words, it needs a tonic that will enable it to do the work of changing the food into nourishment. The tonic used ought to be one that will agree with the most delicate stomach and this is exactly what Dr. Williams' Pink Pills do.

Here is a bit of convincing proof given by Mrs. Chas. Ladner, Ellerslie, P.E.I., who says:—"For some years I was a sufferer from stomach trouble. Everything I ate caused distress, sour stomach, and belching. I could not eat meat or potatoes, and I grew weak and very nervous. No medicine seemed to help me until I was persuaded to take Dr. Williams' Pink Pills, and these simply worked wonders. I took the pills faithfully for a couple of months, by which time every symptom of the trouble had disappeared, and there has not since been the slightest symptom of stomach trouble. No wonder I praise Dr. Williams' Pink Pills."

You can get these Pills from any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### The Deepest Sea.

The discovery of a spot in the Pacific Ocean, southwest of Japan, 32,636 feet deep, will not greatly astonish oceanographers, for the Pacific has long been known as the deepest of all the great seas of the globe.

Nowhere else has any depth been reached as great as 30,000 feet, but in the Pacific as many as ten soundings have been made exceeding that figure. In the Atlantic only two places are known with depths greater than 24,000 feet, the deepest being a spot north of the West Indies, where the lead found bottom at 27,972 feet.

The world needs men and women who put human good above the dollar sign, and who are more interested in character than in cash.—L. J. Taber.

## WE WANT CHURNING CREAM

We supply cans and pay express charges. We pay daily by express money orders, which can be cashed anywhere without any charge.

To obtain the top price, Cream must be free from bad flavors and contain not less than 30 per cent. Butter Fat.

New Hydratric and Electro-Therapeutic Department.

**GUSTAVE TOTT, Manager**

For the first time in history, moving pictures were exhibited in the saloon of an aeroplane of the Imperial Airways, which flew over London, England, for an hour and a half a few days ago.

## Stories About Well-Known People

### Menus of the Far West.

Rev. Edward Hester, the Anglican missionary in charge of All Saints' Church, Aklavik, in the delta of the Mackenzie river, in a letter to "outside," lays stress upon the quantity of fish required to feed the Indian pupils at the mission schools. "They have fish and potatoes for breakfast, potatoes and fish for dinner and both for supper," he declares.

### Where is Canada?

Sir William Mulock, when on one of his periodical trips to Great Britain, fell to discussing with certain government officials in London the knowledge of the average Englishman regarding Canada.

"I'll warrant," he declared, "that if the question, 'Where is Canada?' were put to the first ten people you met on the street, nine of them would give incorrect answers."

The point being disputed, it was agreed to put it to the test. The first person—a man—to whom the question was put, after meditatively scratching his head, replied: "I've lived in London nearly all my life, but am sorry I cannot direct you to the place." And the results were equally unsatisfactory with the following nine persons interrogated. With the tenth person—which happened to be a woman selling trinkets on the kerb—the question was varied, being, "My dear woman, can you tell me if you favor Canada or not?"

### Undersea City.

Submerged 30 feet below the surface of the Mediterranean Sea, off the coast of Tunis, the ruins of an ancient city have been found by divers. They report that many large stone buildings were visible, outlined in dim shadows and sandy bottom, and that fish swarmed in and out of crumbled doorways. Scientists are preparing to make further explorations. Additional interest is attached to the discovery as the city lies in waters described by Virgil and near the "Isle of the Lotus Eaters" of which Homer sang.

### Hanger Made into Church.

Situated in the English village of Cranwell, the Royal Air Force centre, is a church—formerly a hangar—of which the font is an old aero engine and other fittings from disused aeroplanes.

### Birds That Are Born Blind.

Young penguins are born blind, and are fed by their parents for a long time before taking to the water.

### The Can. National Railway is the only railway in the world to give a wireless service to its travelling patrons.

Kangaroos outnumber sheep two to one in the Australian northwest where they are proving a nuisance.

Grapefruit, carefully cleaned and stored in moist sand or sawdust will keep several months.

### Free to Stockmen

50,000 one dollar bottles of Dr. Bell's Veterinary Medical Wonder. Cannot be given wrong to sick animals. Small doses very effective, no drugging. Send 25 cents to cover mailing and packing. Agents wanted.

**DR. BELL, KINGSTON, ONT.**  
Stock owners' friend for over 35 years.

### Sun Canon Tells Time.

The only known automatic sun gun in the world, located at Cintra, twenty miles from Lisbon, Portugal, booms the correct time to surrounding towns and hamlets from a height of 2,000 feet, says "The Popular Science Monthly" for March. By a convex lens arrangement supported by the cannon and controlled by a sun dial the sun's rays are concentrated at noon each day on the touch-hole of the cannon and thus it is automatically fired by old King Sol himself.

For every day over one week that eggs for hatching are kept four per cent. less will hatch, poultry experts say.

African land crabs, which spend their early life in salt water, have periscope eyes, and leg pads on which to wipe them.

Minard's Liniment for Colds.

### Dirigible Mishaps.

Ripped from her moorings, mast and driven by a fifty-mile-an-hour gale over the North Sea toward Holland, the giant British dirigible R-33 hurriedly escaped the doom that befell the French Dixmude in the Mediterranean some months ago. While the R-33 was fighting North Sea winds the American, T-3, was drifting helplessly from Scott Field, twenty miles east of St. Louis, in a wide half circle across the Mississippi and up the valley of the Missouri some thirty miles. A little more than a year ago, January, 1924, the Shenandoah jerked loose from her moorings at Lakehurst and rode out, a seventy-mile-an-hour gale through the night. In August, 1921, on a trial flight, the R-38, greatest of Britain's "rigids," exploded and fell burning into the Humber at Hull, losing forty-six lives.

Against these mishaps may be set the trans-Atlantic flights of the R-34 and the ZR-3 and the many long voyages of American and Continental rigid and semi-rigid ships. These are cumbersome affairs, unwieldy in gales, and in many respects they have hardly emerged from the experimental stage. Year by year, however, they become a little more airworthy, a little more able to come safely through gales and mishaps. They are not so nearly masters of the sky roads as the airplane, but they seem to be slowly and sometimes painfully achieving that mastery.

## FOR MOTHERS OF YOUNG CHILDREN

Mothers are quick to praise anything which brings health and comfort to their little ones—any medicine that will make the baby well and keep him well will always receive hearty recommendation from the mother. That is why Baby's Own Tablets are so popular. Thousands of mothers, throughout the country, not only use them for their own little ones but are always delighted to be able to recommend them to other mothers. Thousands of mothers have proved Baby's Own Tablets to be without an equal in relieving their little ones of any of the many minor ailments which arise out of a derangement of the stomach and bowels. Baby's Own Tablets are the ideal laxative—easy to take but thorough in action. They banish constipation and indigestion; break up colds and simple fevers; expel worms and make the teething period easy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Arctic Fliers.

"There is little romance about pulling a sled across the frozen hummocks of the Arctic," said Peary. As Rasmussen points out, the men who fly across Polar wastes cannot hope to escape all the toil and tribulation of earth-bound explorers. With the bergs and fogs under the solar burning-glass of summer, the calm blue expanse of an open lead may be invaded in a moment with fog that endangers shipmen and airmen equally.

The risk is a spur, instead of a deterrent, to scores of men who are eagerly applying for the chance to pilot the amphibious machines across the top of the world. We need not go back through the centuries to Elizabethan sea-dogs to find the indomitable rivalries of man with the elements. The sea of the air from Axel Heiberg Land to Point Barrow and most of the surface of the globe thereunder are as great a mystery as any that Sir Francis Drake and the Golden Hind encountered in the South Pacific.

### Troubles of Linemen.

Telephone linemen have their troubles. Bears, it seems, sometimes mistake the humming of the wires for the humming of bees, climb the poles in search of honey and by smashing glass insulators cause a short circuit. Gray squirrels bite the lead cables and leave deep holes where moisture may gather and temporarily disrupt the service. Woodpeckers injure uprights and crossbars with their stout bills, and wasps, beetles and field mice also make work for the linemen.

### Following the Dog.

A very small boy was trying to lead a big St. Bernard up the road. "Where are you going to take that dog, my little man?" inquired a passerby. "I'm going to see where—where he wants to go, first," was the reply.

One of the greatest secrets of popularity is to keep your troubles to yourself.

### Safe Aspirin

For Colds, Headache, Neuralgia, Rheumatism, Lumbago, Pain

Accept only a Bayer package which contains proven directions Handy "Bayer" boxes of 12 tablets Also bottles of 24 and 100—Druggists Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monsoestelcenter of Salicylicacid.

### WARNER'S Safe Kidney and Liver Remedy

A reliable remedy for the treatment of derangement of the Kidneys and Bladder. For fifty years it has proved a panacea to sufferers all over the world. Don't neglect the first symptoms but use this famous remedy. Neglect will soon have serious troubles slowly developing. When you have backache, unusual desire to micturate, with scalding sensation, fluttering pains in the head, irritating and dry skin, shortness of breathing, sickle appetite, you may know that the kidneys are deranged and must be relieved before serious constitutional disease is caused. Sold by all druggists. Price \$1.25 per bottle. Warner's Safe Remedies Co., Toronto, Ontario.

### "Staminax" Growing Mash

The finest BABY CHICK STARTING MIXTURE the world produces. The Feed Which Raised the Winner of the Ontario Egg-Laying Contest, 1924. Write for booklet and name of STAMINAX Agent. The Matherwell Grain Co., Limited, Dundas, Ont.

Perhaps you are using good tea. We think "Red Rose" extra good. Won't you try it?

# RED ROSE TEA "is good tea"

The same good tea for 30 years.

### Pure Bred Sire Essential.

Back in the old days, when our ancestors paid no attention to the keeping of live stock, the native stock running wild throughout the country, produced only enough milk for their young. As time went on, however, men discovered the value of milk as a food for human consumption and they began to select the cows that gave the largest quantities.

Thus we find that for many years live stock-men have studied their herds, carefully selecting females that possessed high producing qualities. These females were bred to sires whose dams had displayed high producing tendencies.

As time advanced breeders learned to keep records of all the milk given, as well as the feed consumed. The result is that now we have records of individual cows giving over 30,000 pounds of milk in a year.

What a debt we owe to those old improvers of our breeds, we cannot repay them, but we can continue to carry on the work that they so nobly commenced.

In so doing we will add greatly, not only to our own income, but we will contribute to the revenue of Canada. No farmer can afford to neglect his live stock in these days when feed prices are soaring.

The use of pure bred sires, careful selection of females, with judicious economical feedings, together with the keeping of records are essential points that the farmer of to-day cannot overlook and prosper.

### Made Himself at Home.

A young deer of Mt. Balmer Park knows a comfortable bed when it sees it. Last summer the guests at Paradise Inn were started to see a deer enter the great front door of the hotel and, walking up to the fountain in the lobby, take a drink and then go out. After that the animal remained in the hotel grounds and allowed people to pet it at will. As a fawn the same deer had frequented the grounds the summer before. A few weeks after it had drunk from the fountain an employee entered one of the guest tents to make the bed and found the deer lying comfortably on top of it.

### For Sore Throat Use Minard's Liniment

The Astronomer Royal of Great Britain relates that one day his telescope was accidentally shifted downward, so that it commanded a part of London. Straight in front of him he saw a church steeple down which ran a crack so wide that even the vibration of the organ might have caused it to collapse. He telephoned at once to the vicar, who on being told that his steeple might fall at any minute thought he was the victim of a practical joker. When he finally realized the seriousness of the warning he closed the church at once.

Genuine **ASPIRIN** Say "Bayer" - Insist!

For Colds, Headache, Neuralgia, Rheumatism, Lumbago, Pain

Accept only a Bayer package

## DOCTOR ADVISED AN OPERATION

Read Alberta Woman's Experience with Lydia E. Pinkham's Vegetable Compound

Provost, Alberta.—"Perhaps you will remember sending me one of your books a year ago. I was in a bad condition and would suffer awful pains at times and could not do anything. The doctor said I could not have children unless I went under an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now I have a bonny baby girl four months old. I do my housework and help a little with the chores. I recommend the Vegetable Compound to my friends and am willing for you to use this testimonial letter."—Mrs. A. A. ADAMS, Box 64, Provost, Alberta.

### Pains in Left Side

Lachine, Quebec.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my left side and back and with weakness and other troubles women so often have. I was this way about six months. I saw the Vegetable Compound advertised in the 'Montreal Standard,' and I have taken four bottles of it. I was a very sick woman and I feel so much better I would not be without it. I also use Lydia E. Pinkham's Sanative Wash. I recommend the medicines to my friends and I am willing for you to use my letter as a testimonial."—Mrs. M. W. ROSE, 630 Notre Dame St., Lachine, Quebec.

ESUE No. 15—25

ONTARIO BREED BETTER LIVESTOCK Improvement STOCK Committee

## Ontario Sheep Breeders

won at Chicago in 1924 in the classes in which they competed:

- 63% of all 1st prizes
- 55% of all championships
- 62% of all reserve championships

How was it done?—By using the best breeding stock, either home bred or imported, giving careful attention to selection, feeding, dipping, docking, etc.

Result—A wonderful demand for Ontario bred sheep.

Are you following these practices? It pays!
