

His Fondest Desire
—A C.C.M.—

Ask that boy of yours. It's an easy matter to prove. He'll say: "A C.C.M."

A bicycle is second nature to the modern boy—and it's one of the healthiest of his pleasures. The fresh air fills him with "pep," the exercise develops his muscles and all the vital parts of his body.

Ask that boy of yours—then drop in and see the new C.C.M.'s.

FRED WEILER

Thursday. The weather was ideal for the occasion.
Mr. and Mrs. John Himmelspach attended the funeral of the late Geo. Reinhart in Mildmay on Saturday.
A number from here attended the funeral of the late Mrs. John Hundt in Hanover on Tuesday.
Mr. and Mrs. Alphonse Zettle of Formosa, Mr. and Mrs. Geo. Massel of Waterloo, Mr. and Mrs. John Oehring, Miss Vinie Oehring and Messrs. Herb Oehring and Ambrose Dentinger of Hanover visited at Joseph Montag's on Sunday.
The South Bruce Breeders' Annual Meeting is to be held at the home of Dippel Bros., near Walkerton, on June 11th at 2 p.m. Prof. J. C. Steckley of the O.A.C., Guelph, has promised to be present and lead in a discussion of the problems on breeding and feeding. This should be worth while.

WHAT CHANCE AGAINST FIRE HAS A ROOF LIKE THIS?

MODERN BUILDING—for permanence, low-upkeep and appearance—sounds the death-knell of wooden roofs. The dangers of fire to the building itself, to other buildings and to human life is rapidly being banished by metal roofs of high quality.

RE-ROOF WITH RIB ROLL
The appearance of this roofing alone has sold thousands. Whenever a roof of this material is laid in any district, it immediately secures a preference, and others who are roofing a kind of building, whether it be barn, house, garage, shed or warehouse insist on Rib Roll. It is made to famous "Council Standard" specifications.

EASY TO LAY ON NEW ROOFS OR OVER OLD ROOFS
The cost of laying Rib Roll is lower than that of nearly all other types of roofing. Any man who is handy with a hammer can put it on. Its handsome appearance adds many dollars to the value of your property. Send ridge and rafter measurements of roof or roofs in question, for free estimate of cost.

RIB-ROLL
A "close-up" of Rib-Roll and the Preston Led-Hed Nail. Note the tight fitting, overlapping weather-proof joint. It is invisible from even a short distance away. Illustration shows the neat pattern which has been widely but unsuccessfully copied.

PRESTON LED-HED NAILS
The new nail with the lead on the head. No loose "tubs" can be handled over with mite on. The lead on the head seals the nail-holes—makes it weather proof, watertight. Only per lb. Free samples on request.
