Recent Fires Covered Big Area

MUCH BRUSH BURNED

Estimated Loss in the Differ. ent Districts in the

Province

A loss unparalleled in the history of New Brunswick to timber areas is the chief outcome of the recent forest ince come reports of enormous damage resulting from the flames. That the lumber industry in the up-river counties will be seriously affected is a fact unhappily admitted by several opera-

Reports of further damage are being daily received. It is as yet impossible to make a correct estimate of the Sun representative was informed last evening on reliable authority that the

damage would exceed \$100,000. Local lumber concerns are especial ly fortunate in suffering but little loss from the flames. Although in many in-stances nearby fires threatened their lands and mills, the timely rain was

instrumental in checking the progress of the flames. In Carleton county, where the flames devastated a large timber area, the 760. The first report had it at much n excess of that sum, but a prominent Hartland lumberman is authority for the statement that it would not exceed \$30,000. However, it will be readily seen that it would take a con-

In Carleton county, in the region of Hartland, the damage to timber areas would cover about nine square miles. Hon. J. K. Flemming is the chief sufferer in Carleton county by the flam His loss will be in the vicinity of \$2,-000. Just previous to the outbreak of the forest fires, Mr. Flemming purchased 530 acres at \$2,000. However, it was not his intention to cut any lumber on the land for some years, when about \$7,000. A large number of young land will be of little profit for lumber until at least four generations. Reginald and Thaddeus Dibblee and Henry Ball are also heavy losers.

Frank Slipp has sastained a loss which Joseph Clowes, a farmer in Carleton County, estimates his present loss as a

the crops and he must turn his at ter the Sayre works near Hartland However, the mill was threat

Sayre's works are practically the only large local interests in Carleton Coun-The damage stor lands received rey many individual farmers in the upriver districts will be very great. A arge number had standing a quantity of timber, which was completely destroyed by the flames. The damage incurred by the flames in Victoria County, it is stated is

slightly less than that in Carleton In Charlotte County the damage did and the damage is placed at about \$10,-

In York, Northumberland and Carleton Counties, very great damage has been done. It is impossible as yet to Henry Hilyard, of Hilyard Bros. when approached in the matter, stated that he thought many of the reports of the fires were considerably exact gerated. There was of course a large amount of damage done, but in some instances brush fires had been burning

## To Be Dyspeptic ls To Be Miserable.

and these were thought by many to be

serious forest fires. Mr. Hilyard has

passed through a large part of the pro-

vince, but did not notice any very ser

ious destruction of valuable timber.

Dyspepsia is the prevailing maledy of civilized life. It is largely due to gross errors in diet, over-eating, too free indulgence in stimulants and over-taxing the stomach with indigestible food, eating too rapidly without chewing the food sufficiently, indulging in hot biscuits, pastry,

Constipation, headache, heartburn, sour, stomach, distress after eating, belching of wind, faintness, and fullness and distention of the stomach are a few of the many distressing symptoms of the poor, weary dyspertic. Burdock Blood Bitters regulates the stomach, stimulates the secretion of the saliva and gastric juice to facilitate digestion, removes acidity, purifies the health and vigor, and thereby cures dys-

pepsis and all its tributary diseases. Mr. Amos Sawler, Gold River, N.S. writes :- "I was greatly troubled with dyspepsia, and after trying several doctors to no effect, I commenced taking Burdock Blood Bitters and I think it is the best

medicine there is for that compleint." for Sain at all Druggiess and De Air
