MOHAWK PARK
IMPROVEMENTS

Much Business Done at
Parks Board Meeting
Last Night.

The regular monthly meeting of the
Parks board took place last evening
in the city hall. Owing to the fact
that several of the members of the
board had been absent from the city
for a time, a considerable amount
of accumulated business was the re-
sult. A large number of communica-
tions were read, dealing chiefly with
catering and other privileges at Mo-
hawk park during the coming season.
The Brantford and Paris Baseball
league desired to know what disposal
was to be made of Agricultural Park, as
there will be no Canadian League
baseball. The board has never up to
the present let extended privileges in
Agricultural Park. It is the only en-
closed park which the board controls,
and this is considered one of the chief
factors in the maintenance of its
grounds.

The foregoing communications were
referred to the city clerk and grounds
committee, and any clubs wishing any
special arrangement concerning either
Mohawk or Agricultural Parks or
any open parks should apply at once.
