mess agent has done it.

"I have heard it said," be remarked to me one evening, "that we fatten on the workingmen, the deluded workingmen, the deluded workingmen. These boys five years ago worked ib hours a day for \$2.75. Each contributes half a cent a day to my salary; can they afford that from their \$1.25 added pay? Is the half a cent a bad investment?" and he walked quickly toward a meeting of his local union, to be stopped in the half and on the stairs by 17 whisperers—I counted—on urgent business. A successful politician could not be more beset.—M. G. Cunniff in the World's Work.

Taking advantage of the American thus far the Klondike. At that time every thing good was staked, only Eidor add and Hunker beeng left. They were not worth bothering about and "Casey" continued on to Circle City, then the metropolis of the Yukon. The advantage of not having staked on Eldorado is apparent. Casey might now have had a million or so dollars, but he would have missed the glorious newspaper career with its cheery grind and the lasting same the retailers sharply advanced prices, coincident with the demand for export trade. As the case stands, dealers are unable to fill all their orders on account of the miners union.

The Morlar of the Klondike At that time every thing good was staked, only Eidor add and Hunker beeng left. They were not worth bothering about and "Casey" continued on to Circle City, then the metropolis of the Yukon. The advantage of not having staked on Eldorado is apparent. Casey might now have had a million or so dollars, but he would have missed the glorious newspaper career with its cherry grind and the lasting same the retailers sharply advanced prices, coincident with the demand for expense of the most trenchant writers who ever came over the pike.

This son has lived away from his taker every came to the will their orders on account of the miners union.
