CANADA HUMILIATED

It is in accord with the eternal fitness of things that two such political castaways as Sir Geo. Ross and Sir Wilfrid Laurier should be the chief operators in the Senate's rejection of the Naval Aid Bill.

It is of no consequence or importance that Sir George Ross, stultified himself. This is the best thing he does, he shines in such a capacity, and he has been guilty on so many and frequent occasions that no one is surprised.

And, of course, the fitting instrument of this shameful blow was Sir George W. Ross, the impeccable statesman, the darling of the Sunday School teachers and mother's meetings, but a leader in politics which disgraced the annals of our country.

SUPREME COURT

The Criminal Cases of the June Session of the Supreme Court were concluded on Saturday, the remaining cases of the docket being held over to the August term.

Table listing criminal cases: Arthur Dorey - Attempt to Murder (14 years), Samuel Gould - Burglary (8 years), Percy Hiltz - Burglary (2 years), William Salsman - Stealing (2 years), Vernon Salsman - Attempt at Burglary (5 years), Jonathan Nichols - Burglary (2 years).

The criminal docket was quite a large one, and out of the entire number of accused all were convicted, four out of the six pleading guilty.

pared with the government for which Sir George W. Ross was Premier in Ontario, and now this Pecksniff of politics has crowned his life with a treachery to opinions he has frequently expressed, and sentiments he has often avowed.

The people of Canada have been dishonored by their Senate. They have shown in a mean, contemptible, and carping lights, how easy it is for a lot of be-whiskered old men to follow the snap of the finger of their boss, and the people of Canada will remember, with an all-consuming lust for vengeance, the name of those ex-ministers who helped Sir Wilfrid to lead the poor old gentlemen into the trap and why they did it.
