German Revolt against Going to French Front

KAISER'S SOLDIERS ON RUSSIAN FRONTIER REFUSE TO OBEY COMMAND TO MOVE TO WEST.

RUSSIA'S ULTIMATUM TO THE ROUMANIANS.

BERGHEAD, Tuesday, February 12. (By the Associated Press.) German soldiers at the Russian front are refusing to obey a command to move to the west. The soldiers are entrenched themselves with rifles and machine guns against other German units. The German military authorities were said to have been powerless against the mutineers and were endeavoring to cut off their food supplies. One of the motives for the revolt, according to the German deserters, was that the sending of troops to the Western Front was a contravention of the Russo-German armistice agreement.

Russian wireless news service sent out a message on Jan. 5th to the effect that 25,000 German soldiers in the region east of Kovno had revolted in consequence of the German Government's drafting of all soldiers below the age of 35 for service on the Western Front. German deserters were quoted as saying that the men rebelled, marched out of the battle line and entrenched themselves with rifles and machine guns against other German units.

The German military authorities were said to have been powerless against the mutineers and were endeavoring to cut off their food supplies. One of the motives for the revolt, according to the German deserters, was that the sending of troops to the Western Front was a contravention of the Russo-German armistice agreement.

EVACUATE BESSARABIA.

LONDON, February 17.—The Russian Government has sent an ultimatum to the Roumanian Government demanding the evacuation of Bessarabia by the Roumanian and Counter-Revolutionary troops and the right to transport Russian troops through Roumanian and Bessarabian territory. The ultimatum, according to the report, was to expire on February 16.

AMERICANS ARE EAGER.

Stories from the front by the Associated Press tell of the intrepidity of the Americans in trench raiding operations, of their coolness under fire and in returning fire, the accuracy of the aim of the gunners and the intense watchfulness at observation posts to see that the enemy obtain no undue advantage in a surprise attack. The only criticism thus far heard regarding the Americans is their desire to be up and at the enemy. Like their brothers of the north—the Canadians—they are hard to hold in restraint. As one distinguished French officer expressed it, "they are too anxious to get at grips with the enemy."

NO SIGN OF OFFENSIVE.

There still is no indication of the near approach of the expected big offensive by the Germans along the lines in France and Belgium. The operations consist almost entirely of mutual bombardments and minor attacks by raiding parties. The roar of the big guns is greatest in the Champagne region on several sectors, particularly in near Tahure, where one unit of the Americans is fighting shoulder to shoulder with the French. Likewise all along the Italian front from Lake Garda to the middle of the Piave River artillery engagements are in progress.

ARMISTICE IS OVER.

The armistice between the Germans and the Russians has expired, according to an official despatch issued from Berlin in giving notice of the termination of the agreement to cease hostilities this communication contains the grave statement that Germany reserves a free hand in every direction. Whether the Germans anticipate an immediate attack on the Russians' part has not been developed, but undoubtedly there is a tense feeling between the German military officers and the Bolsheviks by reason of the fact that Trotzky, the Bolshevik Foreign Minister, has not met the desires of Germany and framed a separate peace agreement with that country.

BRITISH SMASH BACK TURKS ON A SIX-MILE FRONT.

General Allenby Strikes the Enemy's Line. With Telling Force North East of Jerusalem—Germany and Austria Still at War With Russia Says Kuehlmann.

LONDON, Feb. 15.—The British forces in Palestine, yesterday made an advance of two miles on a front of six miles northeast of Jerusalem, the War Office announces. The statement follows:

"Yesterday we advanced our line on a front of six miles to an average depth of two miles on either side of the village of Mukhmas, eleven and one-half miles northeast of Jerusalem."

Are Still at War.

AMSTERDAM, Feb. 15.—That Germany and Austria were still at war with Russia, the belief expressed by Richard Von Kuehlmann, German Foreign Secretary, at the concluding session of the recent Peace Conference at Brest-Litovsk, after Trotzky, the Bolshevik Foreign Minister, had made his final statement that Russia was out of the war and her armies would be demobilized, but that she would desist from signing a formal peace treaty. The acts of war, Mr. Von Kuehlmann said, ended when Russia and the Teutonic Allies signed the armistice, but when the armistice ended the warfare must be revived. He added that because one or two of the contracting parties had demobilized their armies this fact would in no wise alter the situation. "Cycloedia of Canada," as it has been aptly called, is a splendid investment.
