CURE YOURSELF!

### DR. SPINNEY & CO Hetrois's Old Beliable Specialists.

Ripe in Age, Rich in Honor, and the Experience of a Third of a Century, Whose Successes are Without a Parallel; the Sufferer's Friend; the

WOMEN weak, pale, tired, nervous despondent, no ambition, losing flesh, fretful, overworked, given to worry and solitude, backache and headache, nerves unstrung, sleepless nights, limbs tremble, faint feelings, Leucorrhoea, painful periods, or any Female Diseases, quickly cured by our FAM OUS PRESCRIPTION.

YOUNG MEN led into evil habits, not knowing the harm, and who are not knowing the harm, and who are suffering from the vices and errors of youth, and troubled with Nervous Debility; Loss of Memory, Bashfulness, Confusion of Ideas, Headache, Dizziness, Palpitation of the Heart, Weak Back, Dark Circles Around the Eyes, Pimples on the Face, Loss of Sleep, Tired Feelings in the Morning, Evilforbodings, Dull, Stupid, Aversion to Society, No Ambition, Bad Taste in the Mouth, Dreams and Night Losses, Deposits in the Urine, Frequent Urinaposits in the Urine, Frequent Urination, sometimes accompanied with slight burning, Kidney Troubles, or Diseases of the Genito Urinary Or-gans can here find a safe, honest and speedy cure. Charges reasonable, especially to the poor. CURES GUAR-

VARIOCELE and PILES, and KNOT-TED VEINS of the Leg cured at once without operation. Doctors will deny this. But we are proving our claims every day. The method is simple, the cure is certain and permanent. \$1,-000 for Failure.

000 for Failure.

RUPTURE AND FISTULA CURED.

The SIGNS of SYPHILIS are blood and skin diseases, painful swellings, bone pains, mucous patches in the mouth, hair loose, pimples on the back and wartby growths. We cure these for life without injurious determined.

and wartby growths. We cure these for life without injurious drugs.

Have you the seeds of any past disease working in your system? IMPOTENCY or Loss of Sexual Power, and do you contemplate MARRIAGE? Do you feel safe in taking this step? You can't afford to take any risk. Like facan't afford to take any risk. Like father, like son. We have a never fail-ing remedy that will purify the Blood and positively bring back Lost Power.

MEDDLE-AGED MEN. — There are
many troubled with too frequent
evacuations of the bladder, often accompanied by a slight smarting or
burning sensation, and weakening of the system in a manner the patient cannot account for. On examination of the urinary deposits a ropy sedi-ment will often be found, and some-times particles of albumen, and color be of a thin milkish hue, again chang-ing to a dark, torpid appearance. There are men who die of this difficulty ignorant of the cause, which is the ond stage of seminal weakness. The doctors will guarantee a perfect cure in all such sees, and healthy restoration of the genito-urinary organs.

COURTS RULED BY SUN TIME Judges In Various States Refuse to Accept Standard Reckoning.

If you ever expect to go to law over a question in which time is involved, however slightly, don't monkey with standard time. It won't go in the courts. To be sure, you can't catch trains if you don't use standard time to do it, but you will miss the verdict if you do. In Georgia the court of appeals decided that the use of standard time instead of sun time in regulating a trial was an error. In the particular case in question the sun time was faster than the railroad time, and a verdict was received after 12 o'clock on Saturday night by the sun time, though

In Nebraska a certain summons was ceturnable before a justice at 10 o'clock . m. The defendant failed to appear. The justice waited until 11 o'clock standard time, which was about half an hour faster than common time, and then gave judgment by default. The defendant appeared before 11 o'clock ommon time, and it was held that the judgment by default was premature

before 12 by standard time. It was

decided that sun time should have been

In Iowa there was a question as to the expiration of an insurance policy, which by its terms extended until 12 o'clock at noon of a certain day. Fire broke out at about 11:45 o'clock a. m. of that 'day by common time and about two and a half minutes after 12 o'clock by standard time. The court held that the insurance was still in force. It did not appear that any statute had enacted any change in the ordinary rule which regards noon as the time when the sun crosses the meridian. There was evidence of the customary use of standard time at that place, but this was held not sufficient. The court says: "It was not only necessary to show the customary use of standard time, but that by custom of the place at 12 o'clock at nuon meant at 12 o'clock standard time."

## WOMAN A BEAST OF BURDEN.

Heavy Loads Carried by Italians Through New York's Streets.

It is no uncommon sight to see Itallan women walking along the streets balancing burdens on their heads that the average man would prefer to have sent home on a truck. A few days ago one of these women passed through City Hall park. On her head she was carrying what appeared to be the entire woodwork from the interior of some house. The bundle was made up of eight pieces of hard wood, the shortest being fully 12 feet in length. Each piece was six inches in width and an inch thick. The woman steadled this burden with one hand, while in the other she carried what one would consider a good load for one person in the shape of a bundle of shorter pieces

of wood. As she turned into Center street, near Chambers, the end of the load of lumber on her head came in contact with the head of a man who was going in the opposite direction. In order to prevent hitting him too hard the woman tried to turn to one side, and as she did so her burden fell to the walk. In vain she tried to replace it on her head. At last two men took hold of it, one t each end. They found that even their combined strength was just sufficient to lift it up and place it on the woman's head again. When the wood was finally adjusted in a proper position the woman picked up her smaller bundle and started up Center street.

A Little Off. "My necktie is disarranged." Sherlock Holmes, Jr., suddenly exclaimed. His companion looked at him and

"How do you know? You haven't felt of it, and there is no mirror here that you could have looked into. Some times, Mr. Holmes, I am almost forced, in spite of your declarations that you do these wonderful things by reasonable, human processes, to believe that you must be gifted with second sight. Now what has convinced you that your necktie is disarranged?"

"I noticed a man look at my tie just now and then feel of his own," the great detective answered.

"Wonderful! Wonderful! Only your tie is all right."

To Pack Eggs For Long Keeping. The yolk of the egg spoils much quicker than the white. For this reason it is important that the yolk should be surrounded with a layer of the white. If the egg is placed on the side or large end the heavy yolk will settle to the bottom and come in contact with the shell, which admits the air. If it is placed on the small end it will always have a layer of white between it and the shell. Eggs absorb odors easily, therefore only odorless materials should be used when packing

Unique In Their Alignment. The highest of the Tennessee moun tains is the Unaka range, and its highest peak is Rattlesnake, the giant that stands above the Cherokee Indian reservation over 7,000 feet. Twenty-two peaks measure about 6,000 feet. A remarkable fact is that some of these peaks, standing directly opposite each other, measure exactly the same height, while others come within a few feet of a common height.

## Pale and Bloodless.

THOUSANDS OF ANAEMIC GIRLS HURRYING TO THE GRAVE.

Young, Lady at Cobourg, Ont. Whose Case Was Pronounced Hopeless, Tells How She Regained Health and Strength-A Lesson to Moth-

Ansemia is the term used by doctors to indicate poverty of the blood. The prevalence of this trouble is most alarming, especially among young girls, and a large percentage of the altogether too numerous cases of con-sumption which annually rayage the sumption which annually ravage the country have their origin in this trouble. The first indication of anaemia is a pale, sallow or waxy complexion. This is followed by loss of appetite frequent headaches, indisposition to exertion, swelling of limbs, violent heart palpitation and freviolent heart palpitation and frequently fainting fits. These symptoms may not all be present, but the more there are the greater the urgency for prompt and effective treatment, which should be persisted in until all traces of the trouble have vanished. Among the thousands who have been brought near to the brink of the grave from this trouble, and ultimately restored to health through the use of Dr. Williams' Pink Pills, is Miss Bella Boyd, an estimable young lady whose home is at Cobourg. Miss, Boyd gives her experience as follows:—

"It is nearly ten years since my illness first commenced, and although I

"It is nearly ten years since my illness first commenced, and although I
was doctoring more or less I received
little or no benefit, as the doctors did
not seem to understand my trouble.
Two years ago my health became so
bad that another doctor was called in,
and he stated that my case was a most severe type of anaemia, and that while he could help me the trouble had pro-gressed to such a stage that he could hold out little hopes of a cure. At this time I was as pale as chalk, my eyelids were swollen and would hang down over my eyes like sacks of water. My feet and limbs would swell, and were feet and limbs would swell, and were always cold. I was subject to violent headaches, severe palpitation of the heart and if I stooped over I would be so dizzy that I could scarcely regain an upright position. My appetite fail-ed me almost entirely, and I grew so weak that I was a mere wreck. While in this condition I read in a newspaper of the cure of a young girl whose case vas much like mine, through the use was much like mine, through the use of Dr. Williams' Pink Pills, and I determined to try them. Those who knew me did not think any medicine could do me any good or that I would ever get better, but I determined at ever get better, but I determined at all events to give, the pills a fair trial. I have used them for nearly a year with the result that I feel like a new person. The swelling in my eyelids and limbs has disappeared; my appe-tite is good and my face is regaining the color which left it years ago. I can sew and do work about the house, and this great change in my condition is due solely to the use of Dr. Williams' Pink Pills. It is not too little to say that they have saved my life. and I strongly urge girls who are similarly afflicted to give them a thorough trial.

The cheerful live longest in years, and afterwards in our regards. Cheerfulness is the offshoot of goodness.

Putting food into a diseased sto mach is like putting money into a pocket with holes. The money is lost. All its value goes for nothing. When All its value goes for nothing. When the stomach is diseased, with the allied organs of digestion and nutrition, the which is put into it is largely The nutriment is not extracted from it. The body is weak and the

blood impoverished.

The pocket can be mended. The stomach can be cured. That sterling medicine for the stomach and blood, Doctor Pierce's Golden Medical Discovery, acts with peculiar promptness and power on the organs of digestion and nutrition. It is a positive cure for almost all disorders of these organs, and cures also such diseases of the heirt, blood, liver and other organs, as have their cause in a weak or diseased condition of the stomach,

Benjamin Jerkins was President Harrison's Rival for Caroline Scott's Hand.

Unsuccessful Suitor has Just Died Hermit in California.

Redding, Cal. Dec. 1. - Benjamin Jenkins, who died in his tavern on Reid toll road near here, concealed Reid toll road near here, concealed under a cheerful demeanor a love-tragedy that for fifty years had grieved a true heart. The fact has been briefly published that he was a former rival in love of ex-President Benjamin Harrison, but the hole story, and the identity of the unsuccessful suitor have just become known.

Half a century ago, both were students of Miami college, in Ohio, and easily distanced others in the race for the hand of Caroline, daughter of President Scott, of that institution.

the hand of Caroline, daughter of President Scott, of that institution. The rivalry was keen, and each for a time seemed to be on equal terms with the young lady. Later Jenkins was thought to have the best of the contest. But slavery was a great question then. It had been the cause of breaks in many friendships. It was breaks in many friendships. It was the undoing of Jenkins, for he was of pronounced pro-slavery ideas, while Miss Scott was a firm abolitionist.

Miss Scott was a firm abolitionist.

Harrison met Caroline Scott at one of the College debating societies, he and Jenkins both being students and debaters. His ready elaquence attracted the foung girl, her beauty charmed him. By the time Jenkins' eyes were opened the mischief had been done and Harrison was the lucky Benjamin.

Jenkins straightway left college. He

Jenkins straightway left college. He Jenkins straightway left college. He went as far west as the railroad could carry him, then joined a carryan and drove a mule. Only once after that was he seen anywhere near the east. Having got together a few thousands in gold in California he returned to Mami, burning to see Miss Scott. She had been Mrs. Harrison a week whe he arrived, and he went back to whe he arrived, and he went back to

the Golden State.

Mining and one place and another occupied Jenkins for a few years.

Then he settled near this place and opened the road house in which not

opened the road house in which not long ago an early customer found the old hermit sleeping his last sleep.
Jenkins had lived all by himself, doing his own chores and tending his own bar. Yet he joked with his customers and was generous to a fault. He never spoke of his life in Ohio, or of his love tragedy. An old friend from San Francisco, who had known him as a student, first told how Ben him as a student, first told how Ben Jenkins had aspired to the hand of the woman who became a president first wife.

Hoff Declares He Has Found a Cure for Consumption,

Which He is Willing to Freely Publish For the Benefit of Sufferers Everywhere.

York, Dec. 1.-The Journal's Vienna correspondent says: Acid, Arsen

Aqua distill
Make a perfect solution. Add-

Take after meals according to

structions of physician. This is the perscription for the cure of consumption, freely published to the medical world by Prof. Hoff, and is more and more stimulating physi-cians to hope that a cure for phthisis has been found at last.
Prof. Hoff, a scientist of highest rep-

utation, says only to his fellow scien-"Here is what I have been giving to my patients who havve tuberculosis

"But do not imagine that it is magic wand that will cure at a touch the lungs of a man or woman in which bg cavities exist.
"But I have found, after using this

method in 200 cases, in every class of in severe cases a partial cure is soon brought about, the patient soon gaining weight and recovering appetite.

"I think I may safely say that this method will cure mild cases of conweight and recovering appetite.

sumption in two months. In such pa-tients by its administration, the fever steadily lowered, the insomnia dis appears, as do night sweats, and asth matic symptoms.
"He must take diuretics. This pre-

cription of mine must be taken afte eating-when the stomach is full.' It is unnecessary to dwell upon th importance to mankind of a discovery of a cure for consumption of the lungs. But it must be said that while the quack advertises his alleged cure for any such disease for his private gain, Hoff gives his cure to the medical world for what it is worth—for what he, a scientist, believes it is worth to the scientific world.

Hoff's prescription, as given here by cable, is in the metric system.

There is nothing hidden about the constituents of Hoff's medicine, so far as good physicians could see.

'Arsenous acid every medical man has used for years. Its direction to the lungs was long ago indicated by the "arsenic eaters" of Ttyria and the

the langs was long ago indicated by the "arsenic eaters" of Ttyria and the Tyrso", who, taking small doses of arsenic by hereditary habit, are remarkably well developed folk, strong lunged, well winded.

Oinnamic acid is part of the fluid portion of balsam of peru, which has long been recommended in chronic catarrhs, and in certain forms of pathesis, asthma, and other pectoral complaints, attended with debility.

The kal-carbon dep" the pure carbonate of potassium, offered in the prescription, seems to be directed to carry out Prof. Hoff's purpose to give diuerties to his patients. Purified pearlash is the foundation of the "neutral mixture" and the "effervescing draught."

## WOOED AND LOST A Clergyman's Testimony.

Powley's Liquified Ozone Saves the Life of the Rev. William Fawcett, D.D.

REV. DR. FAWCETT SAYS: "I feel to-day that I owe my life to Ozone."

I have used Ozone for stomach trouble and found it an excellent medicine for this weakness. I feel to-day that I owe my life to its being brought to my notice. I believe you have an excellent family remedy and wish you every suc-

Yours very respectfully, (Signed,) WM. FAWCETT, D.D. 103 Hazelton avenue,

The Rev. Wm. Fawcett, D.D., is one of the most brilliant sons of whom Canada can boast. The son of the late Rev. Michael Fawcett, one of the pioneer clergymen of Canada, he early distinguished himself in his calling. Today Dr. Fawcett is pastor of e of the largest churches in

Chicago, Some time ago the reverend gentleman was suffering so severely from stomach disorder that he had to resign hi pastorate. After a vain attempt to find health in the leading cities of the United States, after spending money lavishly for the best advice of dietetic specialists, after travelling half the world over to take in the noted health resorts, he came back to his father's house, 103 Hazelton avenue, Toronto, to die. But it was not yet his time. He had heard about Powley's Liquified Ozone, and began taking it. In a few months he had recovered perfect health and resumed his duties in Chicago. Now he permits his testimonial to be published, that it may do good to those who may be suffer-

Powley's Liquified Ozone kills the germs of disease and supplies the blood with the oxygen which forms the red corpuscles of health. A great many people are unhealthy because their lungs do not extract the oxygen from the air they breathe. Now, Powley's Liquified Ozone, being liquid oxygen, supplies them with this principle, and makes them strong. Ozone is the new method of treating disease. The instant success it has attained stamps it at once as a preparation altogether different from any ever before placed at your disposal. Ozone is not a patent medicine, The prominent clergymen and citizens of Canada who have been cured by it of long-standing diseases do not lend their names to quack nostrums. You do well to consult them and satisfy yourself as to its very great value. Powley's Liquified Ozone is \$1.00 large size bottle; 50c small size. At

druggists', or from the laboratories of THE OZONE COMPANY, OF TO-RONTO, Lindted, & Colburne Street, Toronto.
