The following letters from V. C. the Mayor

The Mayor thought that in view of the present financial condition, the best thing would be to accept the best thing would be to accept the offer. Ald. Spencer was opposed to accepting, as he regarded the rate of interest which the low price implied, as excessive. On motion by Ald. Baker, seconded by Ald. Dear Sir, I beg to confirm my message

I beg to confirm my message of this morning by quoting Mossrs. Aemilius Jarvis & Company's telegram to me at this date:

In regard to the Isolation Hospital debenture I think you can arrange with us by deposit on interest at 3 per cent, the proceeds from the sale of this debenture, and at the same time arrange for an equal amount of your loans now current with this bank to carry interest at the same rate 3 per ry interest at the same rate, 8 per cent. until such time as you re quire to use the money for the purposes specified in the by-laws. If this arrangement is acceptable to the Council it will allow of the sale of the \$65,000 of debentures. which are, as a matter of fact, now under option to Aerilius Jar-vis & Co., and at the same time place the city in that much bettey shape to arrange for the money for their current expenses against collection of taxes this year.

Yours faithfully, V. C. JAMES.

P.S.—Since writing the above, I have seen Mr. Fewing's, secretary of the Hospital Board, and he tells me he went to see several memters of the Board and they are all agreed to accepting the proceeds of the debenture rather than block the sale of them.
