STRONG PEOPLE NEEDED

The need for people to be healthy is urgent. Those whom illness has put outside the ranks of robust men and women feel their position keenly. They are handicapped in every walk of life and weak men and nerve-worn women need more earnestly than ever to put their health right and become active and strong. Many who began "patching" months ago are as ill now as on the day they began vainly tinkering with common drugs. Every ailing man and woman should remember that the life of debility, nerve exhaustion, indigestion, sleeplessness, neuralgia and depression come from a faulty blood supply. Work overwork or other causes have impoverished the blood and left the life-stream impure. The nerves thereby are starving and the whole system is languishing for new blood. In this condition many thousands have won back strength through the new rich blood Dr. Williams' Pink Pills actually makes. In a weak or bloodless condition it is not only a waste of time and money, but also a further menace to your health to tinker with common drugs. Follow the example of so many thousands by giving Dr. Williams' Pink Pills a fair trial, and they will transform you into healthy, active, men and women. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
