Miscellaneous. Is there Water on the Mo

(Scientific American.) In a recent communication, Mr. Helmuth Dueberg, of Berlin, presents a new theory of the moon, and argues the possibility of its below in the most below in the possibility of its below in the property in the possibility of its below in the possibility of its below in the property in the possibility of its below in the property in the possibility of its below in the property in the

on the further side. It is well known that the moon al-The same face to the and a locomotive? One has a light head, and the other has a head-light. Because this side of the moon is an airless and waterless desert, we

as to change the side presented to the August 2 1m earth, and since the attraction of the earth for the moon is very great, the earth for the moon is very great, the heavier side, if there is any, must be failed to make the proper connections.

MONDAYS. TUESDAYS. WEDNES failed to make the proper connections. turned this way. Supposing the moon to possess air and water, these lighter and more fluent elements of her composition would of recessity lie on the further side. In the absence of any centrifugal force due to rotating on her own axis, the only centrifugal force acting upon the moon must be that resulting from the moon's motion round the earth. This would tend still more to throw the moon's air and water to the "out" side with respect turned this way. Supposing the moon to possess air and water, these lighter water to the "out"-side with respect to the earth. For a practical illustration of this view, Mr. Dueberg suggests a ball swinging in a circle by The ball, like the staling ov ye." moon, will always turn the same side Mr. C. E. Riggins, Beamsville, writes: moon, will always turn the same side to the center of revolution; and if it be dipped in any liquid, the liquid will be rapidly accumulated on the opposite or outer side. Hence the possibility of water, air, and life on the moon, around the shores of a central lunar sea, on the side always turned away from us.

Mr. C. E. Riggins, Beamsville, writes:—

"A customer who tried a bottle of Northrop

"Lyman's Vegetable Discovery says it is the best thing he ever used; to quote his own words, 'it just seemed to touch the spot affected.' About a year ago he had an attack of bilious fever and was afraid he was in for another when I recommended this valuable medicine with such happy refrom us.

The Armies of England and Egypt.

An interesting article appeared in the St. Petersburg Golos on the armies of England and Egypt. It proves that Arabi Pasha could oppose 60,000 of Lime and Soda for Chronic Bronchitis land at the present moment could different kinds, I unhesitatingly give it the hardly bring 20,000 European soldiers preference when prescribing for my coninto action, as none could be taken from Ireland, and Government would probably not run the risk of weakening its Mediterrance when prescribing for my consumptive patients, or for Throat and Lung affections."

The man who is sure he will constitute the constitution of the constitution ing its Mediterranean garrisons. In-dia could only supply 5,000 good men, the rest of the world going that he fears as probably no native troops would be In conclusion, the Golos
