

BOY KILLED BY CAR; MOTORMAN BEATEN.

Bradford Man Has Piece of Iron Driven Through His Body.

Farmer Ends His Life by Forcing His Horse at a Run Against Locomotive.

New York, April 27.—The sight of the horribly mutilated body of a 16-year-old boy, who had been ground to death under his wheels, last night transformed the passengers of a Coney Island surface car into a mad mob, which beat in unconsciousness and would have killed the motorman, but for the timely arrival of police reserves, who clubbed the infuriated mob back to their senses.

A piece of iron struck him in the abdomen and passed entirely through his body. He was badly scalded by steam and hot water. The other men were more or less injured. Dickey was 35 years old. He leaves a wife and one daughter.

Strange Suicide. Danbury, Conn., April 27.—Driving his horse and wagon head-on into a swiftly moving express train on the New York, New Haven and Hartford Railroad was the remarkable way in which William Dwyer, a farmer, bent upon suicide, ended his life last night. Dwyer drove off the highway and travelled one hundred yards over the ties and rails until he met the train. He and his horse were instantly killed.

Dwyer, who was fifty years old and lived with his wife and family eight miles from this city, went on a fishing excursion yesterday and was going toward home when he drove to his death. Turning from the road at an unfrequented crossing two miles south of Hawleyville, he drove upon the single track of the New Haven road's Berkshire division until he met the train rushing toward this city from Bridgeport.

Suddenly the engine driver, who was watching the track from the cab, saw in the glare of the headlight a hundred feet ahead of him a horse and open wagon approaching the train and a man sitting upright in the seat, reins in hand. The horse was galloping. Almost before the engineer could make a move to slacken the speed of the train, horse, wagon and driver were apparently swallowed up by the locomotive. Frank Mann, conductor and other members of the train crew who went back to the place of the collision after the train stopped found Dwyer lying dead beside his track, his head crushed in. No far away from the body of the horse and near by the pieces of the wagon which had been crushed to fragments.

Killed by Explosion. Bradford, Pa., April 27.—By the explosion of a boiler at the sawmill of H. J. Case, near here, late yesterday afternoon, one man was instantly killed and three others scalded and injured.

The dead man is Silas Dickey of Marshburg. The injured are Early Beach, Marshburg, scalded about head and shoulders; Hiram Miller and Archibald Green, cut and bruised by flying debris.

Dickey was at work in the boiler-room when the explosion occurred and

RAISING REBELLION. \$2,000,000 FROM ROCKEFELLER.

AGITATORS CAUSING TROUBLE FOR SULTAN OF MOROCCO.

Honolulu, April 27.—The steamer Halopollis has arrived from Malaga, with 2,200 Spanish immigrants. During the voyage there were 14 births and 19 deaths, all children, who died of measles. Tangier, April 27.—The Handik Reissali and the president, Bu Hamars, have sent out a number of clever semi-religious agitators to foment a revolt against the Sultan, who is accused of having sold Oudja to France. The crusade is likely to result in widespread rebellion. Despatches received here from Casablanca say that the situation there is again growing worse. The governor is paralyzed with terror of the marauding kept off by the distribution of large sums of money.

PRICES ARE HIGH.

BRANTFORD & HAMILTON COMPANY WILL EXPROPRIATE LAND.

The Brantford & Hamilton Electric Railway Company is experiencing considerable difficulty in securing right-of-way to the east of Brantford. Some of the officials of the road were in the city yesterday for the purpose of looking into the situation. The most of the trouble is in the vicinity of Cainsville and Echo Place, where the farmers are demanding prices which are considered beyond all reason. The company will take legal action to arbitrate, unless the farmers in question modify their demands. The company wants private right-of-way to the entrance to the city, and is willing to pay a reasonable price.

ENDED HIS LIFE.

Prominent Railway Man Committed Suicide at Victoria.

Victoria, B. C., April 26.—E. G. Russell, until recently executive agent of the G. T. P. in British Columbia, and the man most intimately identified with its work in this Province, committed suicide yesterday at Prince Rupert by shooting himself. He left Victoria a few days ago, getting off the Princess May at Prince Rupert, and a day later when the Princess was tying up at the same wharf on the way south he walked down towards it, drew a large revolver and shot himself, dying instantly. The remains were taken at once on board and will reach here to-morrow. They will be taken to New Brunswick for burial. His wife and son reside here, and a daughter is attending college in Hamilton.

DEFENCE FUND.

TO BE RAISED FOR BENEFIT OF MOYER AND HAYWOOD.

New York, April 27.—According to the American this morning a big fund is to be raised by the Moyer-Haywood Protest Conference of the United States. The leaders of the movement aim to use the money in an endeavor to save the lives of the defendants, U. Salomon, a leader in the Executive Committee of the conference, issued the following statement yesterday.

LONGBOAT'S COLORS.

SOME THING ABOUT Y.M.C.A. WHICH RUNNER REPRESENTED.

The feat of Longboat in winning the Boston Marathon brings to our minds the large place that the Young Men's Christian Association fills in this country. That organization stands, not only for pure amateurism in athletics, but for intellectual and moral culture. It is the aim of the Y. M. C. A. to produce the perfect young man, sound in body, sane in mind, and pure in spirit. The general secretary of the Victoria Y. M. C. A. was one of the first Canadians to purchase a Goulay piano. Since it was bought the piano has been moved many times, and still is so satisfactory that recently when the Victoria Y. M. C. A. desired to purchase a new piano, he recommended a Goulay. The board accepted the recommendation in spite of the fact that nineteen other pianos were under consideration.

CAPT. DUNN'S CASE.

Walkerville, Ont., April 27.—Captain Edward Dunn, of the Dominion Fisheries cruiser Vigilant, threatens to start proceedings against his former first mate, J. S. Inkster, unless Inkster makes a public retraction of the charges which he made but failed to substantiate at the recent investigation.

NOT DETAINED.

Victoria, B. C., April 27.—The report that the Canadian Pacific steamship Empress of Japan is detained in quarantine here is incorrect, as that ship sailed from this port on the 18th inst. with a clean bill of health.

\$2,000,000 FROM ROCKEFELLER.

Gives Ten City Blocks to Chicago University.

Has Given in All Over Twenty Million to it.

Will Hand Over All His Remaining Real Estate to His Son.

Chicago, April 27.—John D. Rockefeller, it was announced last night, had presented to the University of Chicago a tract of land comprising about ten city blocks, valued at \$2,000,000. The tract extends from Cottage Grove avenue to Madison avenue. This enables the university to carry out the building plan of the late President W. R. Harper.

The total of Mr. Rockefeller's gifts since the founding of the institution now amounts to \$21,116,000. New York, April 27.—According to the World, John D. Rockefeller has begun to dispose of all his real estate holdings. A friend of his told a reporter last night that Mr. Rockefeller always had an aversion to owning land, and particularly to the acres which its proprietorship entailed.

It appears, according to the paper's informant, that Mr. Rockefeller has decided to divest himself of the title of all real estate in favor of his son. He is understood, however, to realize that he has only a few more years to live, and in his son he wishes to continue his policies.

A despatch from Cleveland last night said that Mr. Rockefeller had deeded all the property he owns in that city and in Cuyahoga county to John D. Rockefeller, jun., and in addition a Chicago despatch announced a gift to the University of Chicago of a tract of land worth \$2,000,000.

To Close Factories.

Havana, April 26.—The independent cigar manufacturers have decided to close their factories on April 29 in sympathy with the fight of the tobacco "trust," whose cigarmakers have been on strike for the past two months to enforce their demands to be paid in American money instead of Spanish. This will mean that on next Monday 9,000 cigarmakers will be unemployed in this city.

TOWN FIREMEN AND NEWSPAPER

ARE AT ODDS AND COMPLIMENTS ARE PASSING.

Second of Series of Spring Band Concerts a Great Success—Death of Mr. Chas. Alexander Davidson is Generally Regretted.

Dundas, April 27.—The second band concert of the series was given in the Armory last evening. The attendance was fair, and the programme consisting of band music, illustrated songs and moving pictures, very entertaining. E. H. Van Every was again the illustrated song man and if the moving pictures at last week's concert were a little disappointing, they were everything that could be desired this time. Four more concerts are yet to be given, weekly, on Friday evenings.

MYRTLE PARK SURVEY.

Attention is directed to the advertisement in this issue of a new survey of lots in the southeasterly portion of the city. This is a fine residential location and furnishes a good opportunity to secure a very desirable building site for private residence. H. B. Whipple is the sole agent for this survey and will be pleased to show plans and furnish particulars upon application at his office.

A Good Place to Buy Soap.

Shell brand castile, regular size bars 20c, or cakes Shell 25c a dozen; mottled castile, 25c a bar; violet glycerine, 2c for 25c; lanoline soap, 15c; sandalwood soap, 15c; Pear's unscented, 10c a cake; cuticura, 25c; ivory soap, 8c and 15c; Colgate's, 5c and 10c; and a full line of Colgate's and Armour's soaps at very close prices. Parke & Parke, druggists, Market Square.

A Sanitary Pipe.

The Krinton patent pipe is made on hygienic and scientific principles. It spreads the smoke above the tongue and smokes cool. They are sold for 50 cents at Parke's pipe store, 107 King street east.

A SIMPLE PROBLEM.

The choice of a typewriter is a simple matter. There are but three kinds, Underwoods, Underwood imitations and antiques.

The Man In Overalls

Everything is coming our way these days. A man came in yesterday and paid us a bill he owed the Spectator. He will be pleased to know that we later handed the money over to the Spec. I am now expecting the Spec. man in with a \$5 note on some of the quick lunch counters.

But then if the city raises the assessment, won't the landlord raise the rent? He knows we are working for him.

Some of my Tory friends are just crazy to get into the Asylum.

The Donald swimming baths will soon be right in the swim again.

There are very few families in this city who could not do their Saturday night shopping before 9 o'clock p. m. Then why don't they do it? Let the clerks get out in decent time.

It's a poor lookout for this city when it can't sell its debentures. But it always has the St. George's Society to fall back upon if it should really come to need.

But perhaps Phillips Thompson has notion that there is a screw loose in our planetary system.

What's to be done with those union men who paint and whitewash their own houses and even some times build them?

Mayor Stewart, if Sir John's monument must remain there, for the land's sake, pull down the cage before the summer visitors come flocking in.

What's the job that Jim Miller wants? It can't surely be the doctor's. Perhaps he would like to be the matron.

Put it down in black and white what you want, Mr. Gibson. The workmen are watching the aldermen.

The way to "keep hotel" on Sunday is to keep it closed.

Mr. City Engineer, if you want to save a lot of water this summer meter the lawn hose and the lawn sprinkler.

No, your neighbor's boy is not always to blame. Some times it is your own boy.

Times are good, but they may not always be good. Don't blow everything in.

The electors who wish to see U. S. graft methods introduced into our municipal affairs will support the "election at large" system.

Sent in: There is some victory gained in every gallant struggle that is made.—Speech.

GIVE THE HORSE A DRINK.

That uncomplaining, hardworking, plodding animal, the horse suffers intensely in the heat of summer if denied a drink of water when thirsty, and I am afraid he often suffers in this way. Mr. Nichol may detect a horse with a sore shoulder or a diseased leg, but he cannot always tell when an animal is in need of a drink. A year or two ago there was an agitation for more drinking fountains in the city, but objection was made by some that horses caught disease drinking at them and that people did not care to have such conveniences near their house. The first objection is absurd, the running water would remove any danger of contagion, and the second might be got over in some way or another, no doubt. Take it home to yourself, how would you like to work in the sun for hours at the hardest kind of physical labor, and be unable to get a drink of water when thirsty? You would go crazy. There ought to be drinking fountains in every street for the use of both man and beast, and the citizens should see that they are procured. Of course, the Board of Works has no money to spend for such a purpose—did you ever see such a hard up crowd? But I would be both surprised and disappointed if the Society which looks after such things could not raise in a week's time enough money to erect at least a dozen of these fountains. If there be punishment in the hereafter I am afraid a lot of people will get their bumps for their neglect and abuse of the faithful dumb brutes of the so-called lower creation.

GOOD HEADED CANE.

W. F. Montague, of this city, Grand Recorder of the Canadian Order of Good Templars, was yesterday re-elected Secretary and Treasurer of the Canadian Fraternal Association. Lyman Lee, Grand Solicitor of the Canadian Order of Oddfellows, was re-elected Councillor, and the Association presented a gold-headed cane to Dr. C. V. Emory, Dominion Secretary of the R. T. of T., Past President.

AT THE NEW ARMOY.

On Wednesday evening, May 1, a floral night will be held from 7.15 to 10 p. m. at the New Armory. Every lady skater attending will receive a beautiful rose. Grand military carnival of the 91st Regiment, 10.15 to 12.30 p. m. Prizes will be given for soldiers present in best national costumes, and for ladies in best national costumes.

GOT 30 DAYS.

Walkerville, Ont., April 27.—William Sweeney, a Toronto painter, on his way to Windsor without any money, expecting to get work, tried to complete the last two miles of his journey on a Grand Trunk train by rail. He was handed over to the police on the arrival of the train here, and went to Sandwich Jail for 30 days in default of the fine.

IN NEW OFFICE.

Mr. A. J. Douglass, the well-known real estate broker, has removed from 10 John street north to room 505 Bank of Hamilton building. Mr. Douglass has a lot of first class properties suitable for homes or investment purposes which are worth looking into. He collects rents and does a general insurance business.

LATE MRS. LEE'S FUNERAL.

The funeral of Mrs. Louisa Lee took place this morning from her late residence, in Bartonville, to St. Ann's Church where Father Leonard officiated at mass, and Dean Mahony conducted the services at the grave. The pall-bearers were A. Lee, T. O'Brien, E. Mahoney, J. McMahon and J. O'Brady.

DEATH OF MRS. SCHULZ.

Mrs. Sophia Schulz, a native of Germany, but a resident of this country since her childhood, died this morning at the home of her cousin, Mr. August Kirzbeil, 59 Tisdale street north. She was 70 years of age and was much respected. The funeral will take place on Monday at 2 o'clock.

CONDON MUST GET OUT OF HOTEL BUSINESS.

License Commissioners Give Belmont Owner Three Months in Which to Sell Out.

J.M. Barker, of the Flamboro House Given Three Months on Good Behavior.

The License Commissioners sprung a big surprise at their meeting yesterday afternoon, when they decided that William Condon, of the Belmont, had been in the liquor business long enough in this city, and gave him three months to sell out. The Commissioners were going to make him sell out inside of a month, but decided to give him the three months on the specific understanding that he must get out of the business. The Commissioners decline to give their reasons for the cutting off of Condon, and the only word that could be got from them was that probably outside pressure had been brought to bear upon the case. Provincial Inspector Morrison was present at the meeting and had a few things to say about the Belmont House that were not in its favor, and the court squabble that Condon had with the police and Inspector Birrell in the law courts undoubtedly made the Commissioners think it was just as well to get rid of him. It will be remembered that Inspector Birrell charged that Condon was defying him and the law, and his case was discussed by the Commissioners, who had both Condon and the Inspector before them. The Inspector finally succeeded in getting a case against Condon and securing a conviction in the Police Court, Condon appealed and the appeal was sustained upon one point, on a technicality. Condon's fine was reduced from \$100 to \$25. Police Magistrate Jelfs disagreed with

Judge Monk upon the point upon which the conviction for obstructing an officer was quashed and expressed his intention of appealing, but found that the time for entering an appeal had expired.

Mr. Condon owns the Belmont, having erected a large, new hotel on Market street a few years ago. J. M. Barker, of the Flamboro House, will have to behave himself very carefully in future, as the Commissioners have decided to put him on three months good behavior, and if he is caught doing business illegally or in a way to justify complaints his license will be revoked.

Sam Wilson, of the Vineyard Hotel and Music Hall, will have to wait a little, while the question of his lease on the building he occupies is settled. The Commissioners are well pleased with the manner in which the rest of the hotels have conducted business and licenses were granted to all. There are about five or six license holders who have been told that they must make a few improvements, such as papering and cleaning, and other little necessities that give a hotel a respectable appearance, but the licenses were granted to these men.

This morning Commissioner Walker and Inspector Birrell visited the shops holding licenses. It is pretty safe to predict that the shop licenses will all be renewed. Mrs. Anderson, York street, who has had a six months' wine and beer license, will get a full year's license. The shop results will be announced on Tuesday.

BATHING SUITS NOT LONG ENOUGH SAY ROCKAWAY BEACH RESIDENTS.

Police Advise Arrest of Some of the Women—No Judge Themselves.

New York, April 27.—Many of the staid and sober residents of Rockaway Beach, which is a part of Greater New York, have been scandalized every year for the past decade, by the bathing suits worn by many of the women resorting to the beach. As the bathing season is soon coming on and as the residents could find no way to establish a standard for bathing suits, the Taxpayers' Association resolved to ask the police to act as censors in the matter. A committee of the association waited on Police Commissioner O'Keefe and put the proposition to him. The spokesmen grew eloquent in describing the bathing suits worn by some of the women and declared that many of the costumes were a disgrace to the beach, adding that the morals of the resort were in danger and that the police ought to take drastic action. Many of the women, it was declared by the indignant taxpayers, put on bathing suits with no intention of going into the water. Instead they spent their time parading the business streets of Rockaway and were usually to be seen in the ice cream saloons. The result of this was that many rubber-necks who were otherwise undesirable were drawn to the beach.

Commissioner O'Keefe was puzzled by the request. He told the taxpayers that he could not act as censor himself as he was no authority on the proper length or cut of bathing suits. Moreover he did not think that the ordinary patrolman was a good judge in such cases. He advised the association to cause the arrest of some women whose costumes were especially noticeable and have a test case made.

HOUSE CLOSED.

HAMILTON RADIAL BILL TO BE INTRODUCED NEXT SESSION.

Ottawa, April 27.—(Special.)—Parliament prorogued at 3 o'clock to-day. The guard of honor was supplied by the Governor-General's Foot Guards, and the Field Battery fired the salute from Nepean Point. The only legislation of any great importance was the tariff revision, and notwithstanding this there was a session of five months and five days. Parliament met on Nov. 22.

RIGHT HOUSE OFFERS SPECIAL INDUCEMENTS.

Monday and all next week will see tremendously busy selling at the Right House in carpets, rugs, curtains, and draperies. The Right House stocks are as large as all other Hamilton stores combined. Right House values this season are astounding when compared with the higher prices most stores ask. Outracting with the leading manufacturers for immense quantities before recent price advances, buying overproductions of others and shaving their profits very close, have made the Right House offerings unbeatable. For first and best choices of the new things selection should be made Monday or next week. Read carefully the Thomas C. Watkins' advertisement on page 7 of this issue.

GOOD ROADS IN ESSEX.

Warden Vansickle has received a letter from Dr. James Brien, of Essex, Ont., asking that the Warden send him a report on the good roads work done in the county, as Dr. Brien wishes to use the report to the Councilors of Essex county, that the good roads system was the best that could be used. The Warden will write a letter next week.

STREET CAR STRIKE AT BINGHAMPTON COMPANY WONT RECOGNIZE UNION.

Mob Turned Off Current and Foreman Pulled From Car—Not Much Violence.

Binghamton, April 27.—The first strike in the history of the Binghamton Railway Company was called at 5 o'clock this afternoon and a large majority of the men on all of the electric cars of the city and the Union line ran their rails into the barns and quit work. The strike is the result of the organization of a labor union of the railway employes this week. For years labor union people have sought unsuccessfully to organize the Binghamton Railway men.

Weslar from a car about 8 o'clock, a large force of policemen was present to maintain order. Between 8 and 9 o'clock several cars were stoned and one motorman was cut on the head. Union sympathizers of the strikers stopped operations, grounding the current by throwing a wire attached to the rail over the trolley wire. Because of the disorder Manager Clark ordered all cars in at 9 o'clock. An attempt will be made to operate as many cars as possible in the morning. It was reported that Strikebreaker Farley has been engaged to be here early in the morning with 100 strike-breakers.

THREATENED REBELLION OF HINDOOS LAHORE VOLUNTEERS PREPARED.

Dangerous Agitation Going on—Mohammedan Population Remain Loyal.

Lahore, British India, April 27.—Rifles and twenty rounds of ball cartridges have been served out to the local volunteers in consequence of signs of marked unrest among the Hindoos. The publication of inflammatory and seditious articles in the native newspapers, inciting race hatred against the Europeans and demanding native control of the Government of India by means of an elected Parliament, has been followed recently by riots here and elsewhere in the Punjab. The agitation is spreading rapidly, and professional and political agitators are now fomenting strikes on the railroads, and the Government has concluded it is time

to suppress the rioting by forceful means if necessary. The authorities are satisfied that a determined front will speedily end the outward signs of disaffection, especially if they are the meaningless support of the Mohammedan population, who at numerous mass meetings have emphatically condemned the anti-European movement.

Recent events have given a remarkable impulse to enlist in the volunteers. The recruits include five judges of the Supreme Court, the director of public instruction, university professors, high Government officials and leading bankers and merchants, all of whom have entered the ranks as privates.

LOVER SCRAPE.

TOOK AWAY MAN'S DAUGHTER, BUT INTENTIONS GOOD.

Toronto, April 27.—Joseph Wilson, of Delhi, Ont., claims a young man named Ross Howard, took away his daughter against his will and kept her in Howard's home at Hagersville over night against the will of Joseph Wilson. On this charge young Howard was given thirty days in jail at Simcoe. This morning an application was granted by Mr. Justice Teetzel at Osgoode Hall for a habeas corpus to have the lover produced in court next week. The statement is made that Howard had no evil intentions whatever.

MAN-STABBED.

ITALIAN LOCKED UP IN MONTREAL CHARGED WITH CRIME.

Montreal, April 27.—Melio Marione, 20 years of age, who is thought to be a member of an Italian secret organization, is locked up at the Chabouillet street police station. He stabbed Louis Seanga, 40 years of age, a railway and steamship agent, last night, only a few yards from the door of the police station, and was arrested after a hot chase by the constables.

Behind Every Fact

There is a reason; the fact is, we have an almost incredible number of customers every day; behind the fact there are many reasons, the value we offer, the variety you have to choose from, the reliability of our statements and merchandise, all combine to make our store the grocery centre of this section.—Bain & Adams, 89, 91 King street east.
